

Subpart 16.3 - Cost-Reimbursement Contracts

Parent topic: [Part 16 - Types of Contracts](#)

16.301 General.

16.301-1 Description.

Cost-reimbursement types of contracts provide for payment of allowable incurred costs, to the extent prescribed in the contract. These contracts establish an estimate of total cost for the purpose of obligating funds and establishing a ceiling that the contractor *may* not exceed (except at its own risk) without the approval of the *contracting officer*.

16.301-2 Application.

(a) The *contracting officer* shall use cost-reimbursement contracts only when-

- (1) Circumstances do not allow the agency to define its requirements sufficiently to allow for a fixed-price type contract (see [7.105](#)); or
- (2) Uncertainties involved in contract performance do not permit costs to be estimated with sufficient accuracy to use any type of fixed-price contract.

(b) The *contracting officer* shall document the rationale for selecting the contract type in the written *acquisition* plan and ensure that the plan is approved and signed at least one level above the *contracting officer* (see [7.103\(j\)](#) and [7.105](#)).

16.301-3 Limitations.

(a) A cost-reimbursement contract *may* be used only when

- (1) The factors in [16.104](#) have been considered;
- (2) A written *acquisition* plan has been approved and signed at least one level above the *contracting officer*;
- (3) The contractor's accounting system is adequate for determining costs applicable to the contract or order; and
- (4) Prior to award of the contract or order, adequate Government resources are available to award and manage a contract other than firm-fixed-priced (see [7.104\(e\)](#)). This includes appropriate Government surveillance during performance in accordance with [1.602-2](#), to provide reasonable assurance that efficient methods and effective cost controls are used.

(b) The use of cost-reimbursement contracts is prohibited for the *acquisition* of *commercial products*

and *commercial services* (see [parts 2](#) and [12](#)).

16.302 Cost contracts.

(a) *Description.* A cost contract is a cost-reimbursement contract in which the contractor receives no fee.

(b) *Application.* A cost contract *may* be appropriate for research and development work, particularly with nonprofit educational institutions or other nonprofit organizations.

(c) *Limitations.* See [16.301-3](#).

16.303 Cost-sharing contracts.

(a) *Description.* A cost-sharing contract is a cost-reimbursement contract in which the contractor receives no fee and is reimbursed only for an agreed-upon portion of its allowable costs.

(b) *Application.* A cost-sharing contract *may* be used when the contractor agrees to absorb a portion of the costs, in the expectation of substantial compensating benefits.

(c) *Limitations.* See [16.301-3](#).

16.304 Cost-plus-incentive-fee contracts.

A cost-plus-incentive-fee contract is a cost-reimbursement contract that provides for an initially negotiated fee to be adjusted later by a formula based on the relationship of total allowable costs to total target costs. Cost-plus-incentive-fee contracts are covered in [subpart 16.4](#), Incentive Contracts. See [16.405-1](#) for a more complete description and discussion of application of these contracts. See [16.301-3](#) for limitations.

16.305 Cost-plus-award-fee contracts.

A cost-plus-award-fee contract is a cost-reimbursement contract that provides for a fee consisting of (a) a base amount (which *may* be zero) fixed at inception of the contract and (b) an award amount, based upon a judgmental evaluation by the Government, sufficient to provide motivation for excellence in contract performance. cost-plus-award-fee contracts are covered in [subpart 16.4](#), Incentive Contracts. See [16.401\(e\)](#) for a more complete description and discussion of the application of these contracts. See [16.301-3](#) and [16.401\(e\)\(5\)](#) for limitations.

16.306 Cost-plus-fixed-fee contracts.

(a) *Description.* A cost-plus-fixed-fee contract is a cost-reimbursement contract that provides for

payment to the contractor of a negotiated fee that is fixed at the inception of the contract. The fixed fee does not vary with actual cost, but *may* be adjusted as a result of changes in the work to be performed under the contract. This contract type permits *contracting* for efforts that might otherwise present too great a risk to contractors, but it provides the contractor only a minimum incentive to control costs.

(b) Application.

(1) A cost-plus-fixed-fee contract is suitable for use when the conditions of [16.301-2](#) are present and, for example-

(i) The contract is for the performance of research or preliminary exploration or study, and the level of effort required is unknown; or

(ii) The contract is for development and test, and using a cost-plus-incentive-fee contract is not practical.

(2) A cost-plus-fixed-fee contract normally *should* not be used in development of *major systems* (see [part 34](#)) once preliminary exploration, studies, and risk reduction have indicated a high degree of probability that the development is achievable and the Government has established reasonably firm performance objectives and schedules.

(c) *Limitations*. No cost-plus-fixed-fee contract *shall* be awarded unless the *contracting officer* complies with all limitations in [15.404-4\(c\)\(4\)\(i\)](#) and [16.301-3](#).

(d) *Completion and term forms*. A cost-plus-fixed-fee contract *may* take one of two basic forms-completion or term.

(1) The completion form describes the scope of work by stating a definite goal or target and specifying an *end product*. This form of contract normally requires the contractor to complete and deliver the specified *end product* (e.g., a final report of research accomplishing the goal or target) within the estimated cost, if possible, as a condition for payment of the entire fixed fee. However, in the event the work cannot be completed within the estimated cost, the Government *may* require more effort without increase in fee, provided the Government increases the estimated cost.

(2) The term form describes the scope of work in general terms and obligates the contractor to devote a specified level of effort for a stated time period. Under this form, if the performance is considered satisfactory by the Government, the fixed fee is payable at the expiration of the agreed-upon period, upon contractor statement that the level of effort specified in the contract has been expended in performing the contract work. Renewal for further periods of performance is a new *acquisition* that involves new cost and fee arrangements.

(3) Because of the differences in obligation assumed by the contractor, the completion form is preferred over the term form whenever the work, or specific milestones for the work, can be defined well enough to permit development of estimates within which the contractor can be expected to complete the work.

(4) The term form *shall* not be used unless the contractor is obligated by the contract to provide a specific level of effort within a definite time period.

16.307 Contract clauses.

(a)

(1) The *contracting officer shall* insert the clause at [52.216-7](#), Allowable Cost and Payment, in *solicitations* and contracts when a cost-reimbursement contract or a time-and-materials contract (other than a contract for a *commercial product* or *commercial service*) is contemplated. If the contract is a time-and-materials contract, the clause at [52.216-7](#) applies in conjunction with the clause at [52.232-7](#), but only to the portion of the contract that provides for reimbursement of materials (as defined in the clause at [52.232-7](#)) at actual cost. Further, the clause at [52.216-7](#) does not apply to labor-hour contracts.

(2) If the contract is a *construction* contract and contains the clause at [52.232-27](#), Prompt Payment for Construction Contracts, the *contracting officer shall* use the clause at [52.216-7](#) with its *Alternate I*.

(3) If the contract is with an educational institution, the *contracting officer shall* use the clause at [52.216-7](#) with its *Alternate II*.

(4) If the contract is with a State or local government, the *contracting officer shall* use the clause at [52.216-7](#) with its *Alternate III*.

(5) If the contract is with a nonprofit organization other than an educational institution, a State or local government, or a nonprofit organization exempted under the OMB Uniform Guidance at 2 CFR part 200, appendix VIII, the *contracting officer shall* use the clause at [52.216-7](#) with its *Alternate IV*.

(b) The *contracting officer shall* insert the clause at [52.216-8](#), Fixed Fee, in *solicitations* and contracts when a cost-plus-fixed-fee contract (other than a *construction* contract) is contemplated.

(c) The *contracting officer shall* insert the clause at [52.216-9](#), Fixed-Fee-Construction, in *solicitations* and contracts when a cost-plus-fixed-fee *construction* contract is contemplated.

(d) The *contracting officer shall* insert the clause at [52.216-10](#), Incentive Fee, in *solicitations* and contracts when a cost-plus-incentive-fee contract is contemplated.

(e)

(1) The *contracting officer shall* insert the clause at [52.216-11](#), Cost Contract-No Fee, in *solicitations* and contracts when a cost-reimbursement contract is contemplated that provides no fee and is not a cost-sharing contract.

(2) If a cost-reimbursement research and development contract with an educational institution or a nonprofit organization that provides no fee or other payment above cost and is not a cost-sharing contract is contemplated, and if the *contracting officer* determines that withholding of a portion of allowable costs is not required, the *contracting officer shall* use the clause with its *Alternate I*.

(f)

(1) The *contracting officer shall* insert the clause at [52.216-12](#), Cost-Sharing Contract-No Fee, in

solicitations and contracts when a cost-sharing contract is contemplated.

(2) If a cost-sharing research and development contract with an educational institution or a nonprofit organization is contemplated, and if the *contracting officer* determines that withholding of a portion of allowable costs is not required, the *contracting officer shall* use the clause with its *Alternate I*.

(g) The *contracting officer shall* insert the clause at [52.216-15](#), Predetermined *Indirect Cost Rates*, in *solicitations* and contracts when a cost-reimbursement research and development contract with an educational institution (see [42.705-3\(b\)](#)) is contemplated and predetermined *indirect cost rates* are to be used.
