4.000 Scope of part.

This part prescribes policies and procedures relating to the administrative aspects of contract execution, contractor-submitted paper documents, distribution, reporting, retention, and files.

4.001 Definitions.

As used in this part-

Procurement Instrument Identifier (PIID) means the Government-unique identifier for each *solicitation*, contract, agreement, or order. For example, an agency *may* use as its PIID for *procurement* actions, such as delivery and *task orders* or basic ordering agreements, the order or agreement number in conjunction with the contract number (see [4.1602](#)).

Supplementary procurement instrument identifier means the non-unique identifier for a *procurement* action that is used in conjunction with the Government-unique identifier. For example, an agency *may* use as its PIID for an amended *solicitation*, the Government-unique identifier for a *solicitation* number (*e.g.*, N0002309R0009) in conjunction with a non-unique amendment number (*e.g.*, 0001). The non-unique amendment number represents the supplementary PIID.

Subpart 4.1 - Contract Execution

4.101 Contracting officer's signature.

Only *contracting officers* shall sign contracts on behalf of the *United States*. The *contracting officer's* name and official title shall be typed, stamped, or printed on the contract. The *contracting officer* normally signs the contract after it has been signed by the contractor. The *contracting officer* shall ensure that the signer(s) have authority to bind the contractor (see specific requirements in [4.102](#) of this subpart).

4.102 Contractor's signature.

(a) *Individuals*. A contract with an individual shall be signed by that individual. A contract with an

individual doing business as a firm *shall* be signed by that individual, and the *signature shall* be followed by the individual's typed, stamped, or printed name and the words ", an individual doing business as _____" [*insert name of firm*].

(b) *Partnerships*. A contract with a partnership *shall* be signed in the partnership name. Before signing for the Government, the *contracting officer shall* obtain a list of all partners and ensure that the individual(s) signing for the partnership have authority to bind the partnership.

(c) *Corporations*. A contract with a corporation *shall* be signed in the corporate name, followed by the word "by" and the *signature* and title of the person authorized to sign. The *contracting officer shall* ensure that the person signing for the corporation has authority to bind the corporation.

(d) *Joint venturers*. A contract with joint venturers *may* involve any combination of individuals, partnerships, or corporations. The contract *shall* be signed by each participant in the joint venture in the manner prescribed in paragraphs (a) through (c) of this section for each type of participant. When a corporation is participating, the *contracting officer shall* verify that the corporation is authorized to participate in the joint venture.

(e) *Agents*. When an agent is to sign the contract, other than as stated in paragraphs (a) through (d) of this section, the agent's authorization to bind the principal *must* be established by evidence satisfactory to the *contracting officer*.

4.103 Contract clause.

The *contracting officer shall* insert the clause at [52.204-1](#) Approval of Contract, in *solicitations* and contracts if required by agency procedures.

Subpart 4.2 - Contract Distribution

4.201 Procedures.

Contracting officers shall distribute copies of contracts or modifications within 10 working days after execution by all parties. As a minimum, the *contracting officer shall*-

(a) Distribute simultaneously one signed copy or reproduction of the signed contract to the contractor and the paying office;

(b) When a contract is assigned to another office for contract administration (see [subpart 42.2](#)), provide to that office-

(1) One copy or reproduction of the signed contract and of each modification; and

(2) A copy of the contract distribution list, showing those offices that *should* receive copies of modifications, and any changes to the list as they occur;

(c) Distribute one copy to each accounting and finance office (funding office) whose funds are cited in the contract;

(d) When the contract is not assigned for administration but contains a Cost Accounting Standards

(f) Provide copies of contracts and modifications to those organizations required to perform contract administration support functions (*e.g.*, when manufacturing is performed at multiple sites, the *contract administration office* cognizant of each location).

4.202 Agency distribution requirements.

Agencies *shall* limit additional distribution requirements to the minimum necessary for proper performance of essential functions. When contracts are assigned for administration to a *contract administration office* located in an agency different from that of the *contracting office* (see [part 42](#)), the two agencies *shall* agree on any necessary distribution in addition to that prescribed in [4.201](#).

Subpart 4.3 - [Reserved]

Subpart 4.4 - Safeguarding Classified Information Within Industry

4.401 [Reserved]

4.402 General.

(a) Executive Order 12829, January 6, 1993 (58 FR3479, January 8, 1993), entitled "National Industrial Security Program" (NISP), establishes a program to safeguard Federal Government *classified information* that is released to contractors, licensees, and grantees of the *United States* Government. Executive Order 12829 amends Executive Order 10865, February 20, 1960 (25 FR1583, February 25, 1960), entitled "Safeguarding *Classified Information* Within Industry," as amended by Executive Order 10909, January 17, 1961 (26 FR508, January 20, 1961).

(b) The National Industrial Security Program Operating Manual (NISPOM) incorporates the requirements of these Executive orders. The Secretary of Defense, in consultation with all affected agencies and with the concurrence of the Secretary of Energy, the Chairman of the Nuclear Regulatory Commission, the Director of National Intelligence, and the Secretary of Homeland Security, is responsible for issuance and maintenance of this Manual. The following publications implement the program:

(1) National Industrial Security Program Operating Manual (NISPOM) (32 CFR part 117).

(2) DoD Manual 5220.22, Volume 2, National Industrial Security Program: Industrial Security Procedures for Government Activities.

(c) Procedures for the protection of information relating to foreign *classified contracts* awarded to U.S. industry, and instructions for the protection of U.S. information relating to *classified contracts* awarded to foreign firms, are prescribed in 32 CFR 117.19.

(d) Nondefense agencies that have industrial security services agreements with DoD, and DoD *components*, *shall* use the DD Form 254, Contract Security Classification Specification, to provide security classification guidance to U.S. contractors, and subcontractors as applicable, requiring access to information classified as "Confidential", "Secret", or "Top Secret".

(1) Provided that the data submittal is unclassified, the DD Form 254 *shall* be completed electronically in the NISP Contract Classification System (NCCS), which is accessible at <https://www.dcsa.mil/is/nccs/> . Nondefense agencies with an existing DD Form 254 information

system *may* use that system.

(2)

(i) A contractor, or subcontractor (if applicable), requiring access to *classified information* under a contract *shall* be identified with a *Commercial and Government Entity (CAGE) code* on the DD Form 254 (see subpart [4.18](#) for information on obtaining and validating CAGE codes).

(ii) Each location of contractor or subcontractor performance listed on the DD Form 254 is required to reflect a corresponding unique CAGE code for each listed location unless the work is being performed at a Government facility, in which case the agency location code *shall* be used. Each subcontractor location requiring access to *classified information must* be listed on the DD Form 254.

(iii) Contractor and subcontractor performance locations listed on the DD Form 254 are not required to be separately *registered in the System for Award Management (SAM)* solely for the purposes of a DD Form 254 (see subpart [4.11](#) for information on registering in SAM).

(e) Part 27, Patents, Data, and Copyrights, contains policy and procedures for safeguarding *classified information* in patent applications and patents.

4.403 Responsibilities of contracting officers.

(a) *Presolicitation phase. Contracting officers shall* review all proposed *solicitations* to determine whether access to *classified information may* be required by *offerors*, or by a contractor during contract performance.

(1) If access to *classified information* of another agency *may* be required, the *contracting officer shall*-

(i) Determine if the agency is covered by the NISP; and

(ii) Follow that agency's procedures for determining the security clearances of firms to be solicited.

(2) If the *classified information* required is from the *contracting officer's* agency, the *contracting officer shall* follow agency procedures.

(b) *Solicitation phase. Contracting officers shall*-

(1) Ensure that the *classified acquisition* is conducted as required by the NISP or agency procedures, as appropriate; and

(2) Include-

(i) An appropriate Security Requirements clause in the *solicitation* (see 4.404); and

(ii) As appropriate, in *solicitations* and contracts when the contract *may* require access to *classified information*, a requirement for security safeguards in addition to those provided in the clause (52.204-2, Security Requirements).

(c) *Award phase. Contracting officers shall* inform contractors and subcontractors of the security classifications and requirements assigned to the various documents, materials, tasks, subcontracts,

and *components* of the *classified contract* as identified in the requirement documentation as follows:

(1) Nondefense agencies that have industrial security services agreements with DoD, and DoD *components*, shall use the Contract Security Classification Specification, DD Form 254. The *contracting officer*, or authorized agency representative, is the approving official for the DD Form 254 associated with the prime contract and shall ensure the DD Form 254 is properly prepared, distributed by and coordinated with requirements and security personnel in accordance with agency procedures, see [4.402\(d\)\(1\)](#).

(2) *Contracting officers* in agencies not covered by the NISP shall follow agency procedures.

4.404 Contract clause.

(a) The *contracting officer* shall insert the clause at [52.204-2](#), Security Requirements, in *solicitations* and contracts when the contract may require access to *classified information*, unless the conditions specified in paragraph (d) of this section apply.

(b) If a cost contract (see [16.302](#)) for research and development with an educational institution is contemplated, the *contracting officer* shall use the clause with its *Alternate I*.

(c) If a *construction* or architect-engineer contract where employee identification is required for security reasons is contemplated, the *contracting officer* shall use the clause with its *Alternate II*.

(d) If the *contracting* agency is not covered by the NISP and has prescribed a clause and *alternates* that are substantially the same as those at [52.204-2](#), the *contracting officer* shall use the agency-prescribed clause as required by agency procedures.

Subpart 4.5 - Electronic Commerce in Contracting

4.500 Scope of subpart.

This subpart provides policy and procedures for the establishment and use of *electronic commerce* in Federal *acquisition* as required by [41 U.S.C. 2301](#).

4.501 [Reserved]

4.502 Policy.

(a) The Federal Government shall use *electronic commerce* whenever practicable or cost-effective. The use of terms commonly associated with paper transactions (*e.g.*, "copy," "document," "page," "printed," "sealed envelope," and "stamped") shall not be interpreted to restrict the use of *electronic commerce*. *Contracting officers* may supplement electronic transactions by using other media to meet the requirements of any contract action governed by the FAR (*e.g.*, transmit hard copy of drawings).

(b) Agencies may exercise broad discretion in selecting the hardware and software that will be used

in conducting *electronic commerce*. However, as required by [41 U.S.C. 2301](#), the head of each agency, after consulting with the Administrator of OFPP, *shall* ensure that systems, technologies, procedures, and processes used by the agency to conduct *electronic commerce*-

- (1) Are implemented uniformly throughout the agency, to the maximum extent practicable;
 - (2) Are implemented only after considering the full or partial use of existing infrastructures;
 - (3) Facilitate access to Government *acquisition* opportunities by small business concerns, *small disadvantaged business concerns*, women-owned, veteran-owned, *HUBZone*, and service-disabled veteran-owned small business concerns;
 - (4) Include a single means of providing widespread public notice of *acquisition* opportunities through the *Governmentwide point of entry* and a means of responding to notices or *solicitations* electronically; and
 - (5) Comply with nationally and internationally recognized standards that broaden interoperability and ease the electronic interchange of information, such as standards established by the National Institute of Standards and Technology.
- (c) Before using *electronic commerce*, the *agency head shall* ensure that the agency systems are capable of ensuring authentication and confidentiality commensurate with the risk and magnitude of the harm from loss, misuse, or unauthorized access to or modification of the information.
- (d) Agencies *may* accept electronic *signatures* and records in connection with Government contracts.

Subpart 4.6 - Contract Reporting

4.600 Scope of subpart.

This subpart prescribes uniform reporting requirements for the Federal *Procurement* Data System (FPDS).

4.601 Definitions.

As used in this subpart—

Contract action means any oral or written action that results in the purchase, rent, or lease of *supplies* or equipment, services, or *construction* using appropriated dollars over the *micro-purchase threshold*, or modifications to these actions regardless of dollar value. *Contract action* does not include grants, cooperative agreements, other transactions, real property leases, requisitions from Federal stock, training authorizations, or other non-FAR based transactions.

Contract action report (CAR) means *contract action* data required to be entered into the Federal *Procurement* Data System (FPDS).

Definitive contract means any contract that *must* be reported to FPDS other than an *indefinite delivery vehicle*. This definition is only for FPDS, and is not intended to apply to [part 16](#).

Entitlement program means a Federal program that guarantees a certain level of benefits to persons or other entities who meet requirements set by law, such as Social Security, farm price supports, or unemployment benefits.

Generic entity identifier means a number or other identifier assigned to a category of vendors and not specific to any individual or entity.

Indefinite delivery vehicle (IDV) means an indefinite delivery contract or agreement that has one or more of the following clauses:

- (1) 52.216-18, Ordering.
- (2) 52.216-19, Order Limitations.
- (3) 52.216-20, Definite Quantity.
- (4) 52.216-21, Requirements.
- (5) 52.216-22, Indefinite Quantity.
- (6) Any other clause allowing ordering.

4.602 General.

(a) The FPDS provides a comprehensive web-based tool for agencies to report *contract actions*. The resulting data provides-

- (1) A basis for recurring and special reports to the President, the Congress, the Government Accountability Office, Federal *executive agencies*, and the general public;
- (2) A means of measuring and assessing the effect of Federal *contracting* on the Nation's economy and the extent to which small, veteran-owned small, service-disabled veteran-owned small, *HUBZone* small, small disadvantaged, *women-owned small business concerns*, and AbilityOne nonprofit agencies operating under 41 U.S.C. chapter 85, Committee for Purchase from People Who Are Blind or Severely Disabled, are sharing in Federal contracts;
- (3) A means of measuring and assessing the effect of Federal *contracting* for promoting sustainable technologies, materials, *products*, services, and high-performance sustainable buildings. This is accomplished by collecting and reporting agency data on *sustainable acquisition*, including types of *products* purchased, the purchase costs, and the exceptions used for other than *sustainable acquisition*; and
- (4) A means of measuring and assessing the effect of other policy and management initiatives (*e.g.*, performance based *acquisitions* and competition).

(b) FPDS does not provide reports for certain *acquisition* information used in the award of a *contract action* (*e.g.*, subcontracting data, funding data, or accounting data).

(c) The FPDS Web site, <https://www.fpds.gov>, provides instructions for submitting data. It also provides-

- (1) A complete list of departments, agencies, and other entities that submit data to the FPDS;

- (2) Technical and end-user guidance;
- (3) A computer-based tutorial; and
- (4) Information concerning reports not generated in FPDS.

4.603 Policy.

(a) In accordance with the Federal Funding Accountability and Transparency Act of 2006 (Pub. L. 109-282), all unclassified Federal award data *must* be publicly accessible.

(b) *Executive agencies shall* use FPDS to maintain publicly available information about all unclassified *contract actions* exceeding the *micro-purchase threshold*, and any modifications to those actions that change previously reported *contract action report* data, regardless of dollar value.

(c) Agencies awarding *assisted acquisitions* or *direct acquisitions* *must* report these actions and identify the Program/Funding Agency and Office Codes from the applicable agency codes maintained by each agency at FPDS. These codes represent the agency and office that has provided the predominant amount of funding for the *contract action*. For *assisted acquisitions*, the *requesting agency* will receive socioeconomic credit for meeting agency small business goals, where applicable. *Requesting agencies shall* provide the appropriate agency/bureau *component* code as part of the written interagency agreement between the requesting and *servicing agencies* (see [17.502-1\(a\)\(1\)](#)).

(d) Agencies awarding *contract actions* with a mix of appropriated and non-appropriated funding *shall* only report the full appropriated portion of the *contract action* in FPDS.

4.604 Responsibilities.

(a) The *Senior Procurement Executive* in coordination with the *head of the contracting activity* is responsible for developing and monitoring a process to ensure timely and accurate reporting of contractual actions to FPDS.

(b)

(1) The responsibility for the completion and accuracy of the individual *contract action report (CAR)* resides with the *contracting officer* who awarded the *contract action*. CARs in a draft or error status in FPDS are not considered complete.

(2) The CAR *must* be confirmed for accuracy by the *contracting officer* prior to release of the contract award. The CAR *must* then be completed in FPDS within three business days after contract award.

(3) For any action awarded in accordance with FAR [6.302-2](#) or pursuant to any of the authorities listed at subpart [18.2](#), the CAR *must* be completed in FPDS within 30 days after contract award.

(4) When the *contracting office* receives written notification that a contractor has changed its size status in accordance with the clause at [52.219-28](#), Post-Award Small Business Program Rerepresentation, the *contracting officer shall* update the size status in FPDS within 30 days after receipt of contractor's notification of rerepresentation.

(5) If after award of a contract, the *contracting officer* receives written notification of SBA's final decision on a protest concerning a size determination, the *contracting officer shall* update FPDS to reflect the final decision.

(c) The *chief acquisition officer* of each agency required to report its *contract actions must* submit to the General Services Administration (GSA), in accordance with FPDS guidance, within 120 days after the end of each fiscal year, an annual certification of whether, and to what degree, agency CAR data for the preceding fiscal year is complete and accurate.

4.605 Procedures.

(a) *Procurement Instrument Identifier (PIID)*. Agencies *shall* have in place a process that ensures that each PIID reported to FPDS is unique Governmentwide, for all *solicitations*, contracts, blanket purchase agreements, basic agreements, basic ordering agreements, or orders in accordance with [4.1601](#) to [4.1603](#), and will remain so for at least 20 years from the date of contract award. Other pertinent PIID instructions for FPDS reporting can be found at <https://www.fpds.gov>.

(b) *Unique entity identifier*. The *contracting officer shall* identify and report a *unique entity identifier* for the successful *offeror* on a *contract action*. The *unique entity identifier shall* correspond to the successful *offeror's* name and address as stated in the *offer* and resultant contract, and as *registered in the System for Award Management* in accordance with the provision at [52.204-7](#), *System for Award Management*. The *contracting officer shall* ask the *offeror* to provide its *unique entity identifier* by using either the provision at [52.204-6](#), *Unique Entity Identifier*, the provision at [52.204-7](#), *System for Award Management*, or the provision at [52.212-1](#), *Instructions to Offerors-Commercial Products and Commercial Services*. (For a discussion of the *Commercial and Government Entity (CAGE) Code*, which is a different identifier, see [subpart 4.18](#).)

(c) *Generic entity identifier*.

(1) The use of a *generic entity identifier should* be limited, and only used in the situations described in paragraph (c)(2) of this section. Use of a *generic entity identifier* does not supersede the requirements of provisions [52.204-6](#), *Unique Entity Identifier* or [52.204-7](#) *System for Award Management* (if present in the *solicitation*) for the contractor to have a *unique entity identifier* assigned.

(2) Authorized *generic entity identifiers*, maintained by the Integrated Award Environment (IAE) program office (<http://www.gsa.gov/portal/content/105036>), may be used to report contracts in lieu of the contractor's actual *unique entity identifier* only for—

(i) *Contract actions* valued at or below \$30,000 that are awarded to a contractor that is-

(A) A student;

(B) A dependent of either a veteran, foreign service officer, or military member assigned outside the *United States* and its *outlying areas* (as defined in [2.101](#)); or

(C) Located outside the *United States* and its *outlying areas* for work to be performed outside the *United States* and its *outlying areas* and the contractor does not otherwise have a *unique entity identifier*;

(ii) Contracts valued above \$30,000 awarded to individuals located outside the *United States* and its *outlying areas* for work to be performed outside the *United States* and its *outlying areas*; or

(iii) Contracts when specific public identification of the contracted party could endanger the mission, contractor, or recipients of the acquired goods or services. The *contracting officer* must include a written determination in the contract file of a decision applicable to authority under this paragraph (c)(2)(iii).

(d) American Recovery and Reinvestment Act actions. The *contracting officer*, when entering data in FPDS, shall use the instructions at <https://www.fpds.gov> to identify any action funded in whole or in part by the American Recovery and Reinvestment Act of 2009 (Pub. L. 111-5).

(e) *Office codes*. Agencies shall by March 31, 2016—

(1) Use the *Activity Address Code (AAC)*, as defined in [2.101](#), assigned to the issuing *contracting office* as the *contracting office* code, and

(2) Use the AAC assigned to the program/funding office providing the predominance of funding for the *contract action* as the program/funding office code.

4.606 Reporting Data.

(a) *Actions required to be reported to FPDS.*

(1) As a minimum, agencies *must* report the following *contract actions* over the *micro-purchase threshold*, regardless of *solicitation* process used, and agencies *must* report any modification to these *contract actions* that change previously reported *contract action* data, regardless of dollar value:

(i) *Definitive contracts*, including *purchase orders* and imprest fund buys over the *micro-purchase threshold* awarded by a *contracting officer*.

(ii) *Indefinite delivery vehicle* (identified as an "IDV" in FPDS). Examples of IDVs include the following:

(A) Task and *Delivery Order* Contracts (see [subpart 16.5](#)), including—

(1) Government-wide *acquisition* contracts.

(2) Multi-agency contracts.

(B) GSA Federal supply schedules.

(C) Blanket Purchase Agreements (see [13.303](#)).

(D) Basic Ordering Agreements (see [16.703](#)).

(E) Any other agreement or contract against which individual orders or purchases *may* be placed.

(iii) All calls and orders awarded under the indefinite delivery vehicles identified in paragraph (a)(1)(ii) of this section.

(2) The GSA Office of Charge Card Management will provide the Government purchase card data, at a minimum annually, and GSA will incorporate that data into FPDS for reports.

(3) Agencies *may* use the FPDS Express Reporting capability for consolidated multiple action reports for a vendor when it would be overly burdensome to report each action individually. When used, Express Reporting *should* be done at least monthly.

(b) *Reporting other actions.* Agencies *may* submit actions other than those listed at paragraph (a)(1) of this section only if they are able to be segregated from FAR-based actions and this is approved *in writing* by the FPDS Program Office. Prior to the commencement of reporting, agencies *must* contact the FPDS Program Office if they desire to submit any of the following types of activity:

(1) Transactions at or below the *micro-purchase threshold*, except as provided in paragraph (a)(2) of this section.

(2) Any non-appropriated fund (NAF) or NAF portion of a *contract action* using a mix of appropriated and non-appropriated funding.

(3) Lease and supplemental lease agreements for real property.

(4) Grants and entitlement actions.

(c) *Actions not reported.* The following types of *contract actions* are not to be reported to FPDS:

(1) Imprest fund transactions below the *micro-purchase threshold*, including those made via the Government purchase card (unless specific agency procedures prescribe reporting these actions).

(2) Orders from GSA stock and the GSA Global Supply Program.

(3) Purchases made at GSA or AbilityOne service stores, as these items stocked for resale have already been reported by GSA.

(4) Purchases made using non-appropriated fund activity cards, chaplain fund cards, individual Government personnel training orders, and Defense Printing orders.

(5) Actions that, pursuant to other authority, will not be entered in FPDS (*e.g.*, reporting of the information would compromise national security).

(6) *Contract actions* in which the required data would constitute *classified information*.

(7) Resale activity (*i.e.*, commissary or exchange activity).

(8) Revenue generating arrangements (*i.e.*, concessions).

(9) Training expenditures not issued as orders or contracts.

(10) Interagency agreements other than inter-agency *acquisitions* required to be reported at [4.606\(a\)\(1\)](#).

(11) Letters of obligation used in the A-76 process.

(d) Agencies not subject to the FAR. Agencies not subject to the FAR *may* be required by other authority (*e.g.*, statute, OMB, or internal agency policy) to report certain information to FPDS. Those agencies not subject to the FAR *must* first receive approval from the FPDS Program Office prior to

reporting to FPDS.

4.607 Solicitation provisions and contract clause.

(a) Insert the provision at 52.204-5, *Women-Owned Business (Other Than Small Business)*, in all *solicitations* that-

- (1) Are not set aside for small business concerns;
- (2) Exceed the *simplified acquisition threshold*; and
- (3) Are for contracts that will be performed in the *United States* or its *outlying areas*.

(b) Insert the provision at 52.204-6, *Unique Entity Identifier*, in *solicitations* that do not contain the provision at 52.204-7, *System for Award Management*, or meet a condition at 4.605(c)(2).

(c) Insert the clause at 52.204-12, *Unique Entity Identifier Maintenance*, in *solicitations* and resulting contracts that contain the provision at 52.204-6, *Unique Entity Identifier*.

Subpart 4.7 - Contractor Records Retention

4.700 Scope of subpart.

This subpart provides policies and procedures for retention of records by contractors to meet the records review requirements of the Government. In this subpart, the terms "contracts" and "contractors" include "subcontracts" and "subcontractors."

4.701 Purpose.

The purpose of this subpart is to generally describe records retention requirements and to allow reductions in the retention period for specific classes of records under prescribed circumstances.

4.702 Applicability.

(a) This subpart applies to records generated under contracts that contain one of the following clauses:

- (1) Audit and Records-Sealed Bidding (52.214-26).
- (2) Audit and Records-Negotiation (52.215-2).

(b) This subpart is not mandatory on Department of Energy contracts for which the Comptroller General allows alternative records retention periods. Apart from this exception, this subpart applies to record retention periods under contracts that are subject to 10 U.S.C. chapter 137 legacy provisions (10 U.S.C. 3064) and 10 U.S.C. 3016 and chapter 203, or 40 U.S.C. 101, *et seq.*

4.703 Policy.

(a) Except as stated in 4.703(b), contractors *shall* make available records, which includes books, documents, accounting procedures and practices, and other data, regardless of type and regardless of whether such items are in written form, in the form of computer data, or in any other form, and other supporting evidence to satisfy contract negotiation, administration, and audit requirements of the *contracting* agencies and the Comptroller General for-

(1) 3 years after final payment; or

(2) For certain records the period specified in 4.705 through 4.705-3, whichever of these periods expires first.

(b) Contractors *shall* make available the foregoing records and supporting evidence for a longer period of time than is required in 4.703(a) if-

(1) A retention period longer than that cited in 4.703(a) is specified in any *contract clause*; or

(2) The contractor, for its own purposes, retains the foregoing records and supporting evidence for a longer period. Under this circumstance, the retention period *shall* be the period of the contractor's retention or 3 years after final payment, whichever period expires first.

(3) The contractor does not meet the original due date for submission of *final indirect cost rate* proposals specified in paragraph (d)(2) of the clause at 52.216-7, Allowable Cost and Payment. Under these circumstances, the retention periods in 4.705 *shall* be automatically extended one *day* for each *day* the proposal is not submitted after the original due date.

(c) Nothing in this section *shall* be construed to preclude a contractor from duplicating or storing original records in electronic form unless they contain significant information not shown on the record copy. Original records need not be maintained or produced in an audit if the contractor or subcontractor provides photographic or electronic images of the original records and meets the following requirements:

(1) The contractor or subcontractor has established procedures to ensure that the imaging process preserves accurate images of the original records, including *signatures* and other written or graphic images, and that the imaging process is reliable and secure so as to maintain the integrity of the records.

(2) The contractor or subcontractor maintains an effective indexing system to permit timely and convenient access to the imaged records.

(3) The contractor or subcontractor retains the original records for a minimum of one year after imaging to permit periodic validation of the imaging systems.

(d) If the information described in paragraph (a) of this section is maintained on a computer, contractors *shall* retain the computer data on a reliable medium for the time periods prescribed. Contractors *may* transfer computer data in machine readable form from one reliable computer medium to another. Contractors' computer data retention and transfer procedures *shall* maintain the integrity, reliability, and security of the original computer data. Contractors *shall* also retain an audit trail describing the data transfer. For the record retention time periods prescribed, contractors *shall* not destroy, discard, delete, or write over such computer data.

4.704 Calculation of retention periods.

(a) The retention periods in 4.705 are calculated from the end of the contractor's fiscal year in which an entry is made charging or allocating a cost to a Government contract or subcontract. If a specific record contains a series of entries, the retention period is calculated from the end of the contractor's fiscal year in which the final entry is made. The contractor *should* cut off the records in annual blocks and retain them for block disposal under the prescribed retention periods.

(b) When records generated during a prior contract are relied upon by a contractor for *certified cost or pricing data* in negotiating a succeeding contract, the prescribed periods *shall* run from the date of the succeeding contract.

(c) If two or more of the record categories described in 4.705 are interfiled and screening for disposal is not practical, the contractor *shall* retain the entire record series for the longest period prescribed for any category of records.

4.705 Specific retention periods.

The contractor *shall* retain the records identified in 4.705-1 through 4.705-3 for the periods designated, provided retention is required under 4.702. Records are identified in this subpart in terms of their purpose or use and not by specific name or form number. Although the descriptive identifications *may* not conform to normal contractor usage or filing practices, these identifications apply to all contractor records that come within the description.

4.705-1 Financial and cost accounting records.

4.801 General.

(a) The head of each office performing *contracting*, contract administration, or paying functions *shall* establish files containing the records of all contractual actions.

(b) The documentation in the files (see [4.803](#)) *shall* be sufficient to constitute a complete history of the transaction for the purpose of-

(1) Files for contracts using *simplified acquisition procedures* should be considered closed when the *contracting officer* receives evidence of receipt of property and final payment, unless otherwise specified by agency regulations.

(b) When closing out the contract files at 4.804-1(a)(2), (3), and (4), the *contracting officer* shall use the closeout procedures at 4.804-5. However, these closeout actions may be modified to reflect the extent of administration that has been performed. Quick closeout procedures (see 42.708) should be used, when appropriate, to reduce administrative costs and to enable deobligation of excess funds.

(c) A contract file shall not be closed if-

(1) The contract is in litigation or under appeal; or

(2) In the case of a termination, all termination actions have not been completed.

4.804-2 Closeout of the contracting office files if another office administers the contract.

(a) Contract files for contracts using *simplified acquisition procedures* should be considered closed when the *contracting officer* receives evidence of receipt of property and final payment, unless otherwise specified by agency regulation.

(b) All other contract files shall be closed as soon as practicable after the *contracting officer* receives a contract completion statement from the *contract administration office*. 4.804-3 Closeout of paying office contract files.

The paying office shall close the contract file upon issuance of the final payment voucher.

4.804-4 Physically completed contracts.

(a) Except as provided in paragraph (b) of this section, a contract is considered to be physically completed when-

- (1)
 - (i) The contractor has completed the required deliveries and the Government has inspected and accepted the *supplies*;
 - (ii) The contractor has performed all services and the Government has accepted these services; and
 - (iii) All *option* provisions, if any, have expired; or

 - (2) The contract period has expired.

4.804-5 Procedures for closing out contract files.

(a) The *contract administration office* is responsible for initiating (automated or manual) administrative closeout of the contract after receiving evidence of its physical completion. At the outset of this process, the *contract administration office* must review the contract funds status and notify the *contracting office* of any excess funds the *contract administration office* might deobligate. When complete, the administrative closeout procedures *must* ensure that-

- (1) Disposition of classified material is completed;
- (2) *Final patent report is cleared*. If a final patent report is required, the *contracting officer* may proceed with contract closeout in accordance with the following procedures, or as otherwise prescribed by agency procedures:
 - (i) Final patent reports *should* be cleared within 60 days of receipt.
 - (ii) If the final patent report is not received, the *contracting officer* shall notify the contractor of the contractor's obligations and the Government's rights under the applicable patent rights clause, in accordance with 27.303. If the contractor fails to respond to this notification, the *contracting officer* may proceed with contract closeout upon consultation with the agency legal counsel responsible for patent matters regarding the contractor's failure to respond.
- (3) Final royalty report is cleared;
- (4) There is no outstanding *value engineering change proposal*;
- (5) Plant clearance report is received;
- (6) Property clearance is received;
- (7) All interim or disallowed costs are settled;
- (8) Price revision is completed;

- (10) Prior year *indirect cost rates* are settled;
- (11) Termination docket is completed;
- (12) Contract audit is completed;
- (13) Contractor's closing statement is completed;
- (14) Contractor's final *invoice* has been submitted; and
- (15) Contract funds review is completed and excess funds deobligated.

(b) When the actions in paragraph (a) of this section have been verified, the *contracting officer* administering the contract *must* ensure that a contract completion statement, containing the following information, is prepared:

- (1) *Contract administration office* name and address (if different from the *contracting office*).
- (2) *Contracting office* name and address.

- (4) Last modification number.
- (5) Last call or order number.
- (6) Contractor name and address.
- (7) Dollar amount of excess funds, if any.
- (8) Voucher number and date, if final payment has been made.

- (1) The signed original is placed in the *contracting office* contract file (or forwarded to the *contracting office* for placement in the files if the *contract administration office* is different from the *contracting office*); and
- (2) A signed copy is placed in the appropriate contract administration file if administration is performed by a *contract administration office*.

4.805 Storage, handling, and contract files.

(a) Agencies *must* prescribe procedures for the handling, storing, and disposing of contract files, in accordance with the National Archives and Records Administration (NARA) General Records Schedule 1.1, Financial Management and Reporting Records. The Financial Management and Reporting Records can be found at <http://www.archives.gov/records-mgmt/grs.html>. These procedures *must* take into account documents held in all types of media, including microfilm and various electronic media. Agencies *may* change the original medium to facilitate storage as long as the requirements of the part, law, and other regulations are satisfied. The process used to create and store records *must* record and reproduce the original document, including *signatures* and other written and graphic images completely, accurately, and clearly. Data transfer, storage, and retrieval procedures *must* protect the original data from alteration. Unless law or other regulations require signed originals to be kept, they *may* be destroyed after the responsible agency official verifies that record copies on *alternate* media and copies reproduced from the record copy are accurate, complete, and clear representations of the originals. When original documents have been converted to *alternate* media for storage, the requirements in Table 4-1 of this section also apply to the record copies in the *alternate* media.

(b) If administrative records are mixed with program records and cannot be economically segregated, the entire file *should* be kept for the period of time approved for the program records. Similarly, if documents described in the following table are part of a subject or case file that documents activities that are not described in the table, they *should* be treated in the same manner as the files of which they are a part.

(c) An agency that requires a shorter retention period than those identified in Table 4-1 *shall* request approval from NARA through the agency's records officer.

Table 4-1 - Retention Periods

(6) Documents pertaining generally to the contractor as described at <u>4.801(c)(3)</u> .	Until superseded or obsolete.
(7) Data submitted to the Federal <i>Procurement</i> Data System (FPDS). Electronic data file maintained by fiscal year, containing unclassified records of all <i>procurements</i> exceeding the <i>micro-purchase threshold</i> , and information required under <u>4.603</u> .	6 years after submittal to FPDS.
(8) Investigations, cases pending or in litigation (including protests), or similar matters (including enforcement actions).	Until final clearance or settlement, or, if related to a document identified in paragraphs (c)(1) through (7) of this section, for the retention period specified for the related document, whichever is later.

Subpart 4.9 - Taxpayer Identification Number Information

4.900 Scope of subpart.

This subpart provides policies and procedures for obtaining-

- (a) *Taxpayer Identification Number (TIN)* information that *may* be used for debt collection purposes; and
- (b) Contract information and payment information for submittal to the payment office for Internal Revenue Service (IRS) reporting purposes.

4.901 Definition.

Common parent, as used in this subpart, means that corporate entity that owns or controls an affiliated group of corporations that files its Federal income tax returns on a consolidated basis, and of which the *offeror* is a member.

4.902 General.

- (a) *Debt collection*. 31 U.S.C.7701(c) requires each contractor doing business with a Government agency to furnish its TIN to that agency. 31 U.S.C.3325(d) requires the Government to include, with each certified voucher prepared by the Government payment office and submitted to a disbursing official, the TIN of the contractor receiving payment under the voucher. The TIN *may* be used by the Government to collect and report on any delinquent amounts arising out of the contractor's relationship with the Government.

(b) *Information reporting to the IRS*. The TIN is also required for Government reporting of certain contract information (see [4.903](#)) and payment information (see [4.904](#)) to the IRS.

4.903 Reporting contract information to the IRS.

(a) [26 U.S.C.6050M](#), as implemented in 26 CFR, requires heads of Federal *executive agencies* to report certain information to the IRS.

(b)

(1) The required information applies to *contract modifications*-

(i) Increasing the amount of a contract awarded before January 1,1989, by \$50,000 or more; and

(ii) Entered into on or after April 1,1990.

(2) The reporting requirement also applies to certain contracts and modifications thereto in excess of \$25,000 entered into on or after January 1,1989.

(c) The information to report is-

(1) Name, address, and TIN of the contractor;

(2) Name and TIN of the *common parent* (if any);

(3) Date of the contract action;

(4) Amount obligated on the contract action; and

(5) Estimated contract completion date.

(d) Transmit the information to the IRS through the Federal *Procurement* Data System (see [subpart 4.6](#) and implementing instructions).

4.904 Reporting payment information to the IRS.

[26 U.S.C. 6041](#) and 6041 A, as implemented in 26 CFR, in part, require payors, including Government agencies, to report to the IRS, on Form 1099, payments made to certain contractors. [26 U.S.C. 6109](#) requires a contractor to provide its TIN if a Form 1099 is required. The payment office is responsible for submitting reports to the IRS.

4.905 Solicitation provision.

The *contracting officer* shall insert the provision at [52.204-3](#), Taxpayer Identification, in *solicitations* that-

(a) Do not include the provision at [52.204-7](#), *System for Award Management*; and

(b) Are not conducted under the procedures of part 12.

Subpart 4.10 - Uniform Use of Line Items

4.1000 Scope.

This subpart prescribes policies and procedures for assigning *line items* and *subline items* and their identifiers. However, in order to provide agencies with time to transition their information systems, agencies have until October 1, 2019, to apply the requirements of 4.1002 through 4.1008.

4.1001 Policy.

In order to improve the accuracy, traceability, and usability of *procurement* data, *procurement* instruments *shall* identify the *supplies* or services to be acquired as separately identified *line items* and, as needed, *subline items*.

(a) *Line items* are established to define deliverables or organize information about deliverables. Each *line item* describes characteristics for the item purchased, *e.g.*, *pricing*, *delivery*, and *funding* information.

(b) Each *line item* may be subdivided into separate unique subsets (called *subline items*) to ease administration. If a *line item* has deliverable *subline items*, the *line item* is informational. *Subline items* differentiate between or among certain characteristics of the *line item*, such as colors or sizes, dates of delivery, destinations, or places of performance. *Subline items* are established to define deliverables or organize information about deliverables.

4.1002 Applicability.

The policies of this subpart *shall* apply to the following *procurement* instruments, to include amendments, modifications, and *change orders* thereto:

(a) *Solicitations*.

(b) Contracts, including, but not limited to, Governmentwide *acquisition* contracts (GWACs), multi-agency contracts (MACs), Federal Supply Schedule (FSS) contracts, indefinite-delivery contracts, and *purchase orders*.

(c) Agreements that include pre-priced *supplies* or services.

(d) Task and *delivery orders*.

4.1003 Establishing line items.

Establish separate *line items* for deliverables that have the following characteristics except as provided at 4.1005-2:

(a) Separately identifiable.

(1) A supply is separately identifiable if it has its own identification (*e.g.*, national stock number (NSN), item description, manufacturer's part number).

(2) Services are separately identifiable if they have no more than one statement of work or *performance work statement*.

(3) If the *procurement* instrument involves a *first article* (see [subpart 9.3](#)), establish a separate *line item* for each item requiring a separate approval. If the *first article* consists of a lot composed of a mixture of items that will be approved as a single lot, a single *line item* may be used.

(b) Single unit price or total price.

(c) Single accounting classification citation. A single deliverable *may* be funded by multiple accounting classifications when the deliverable effort cannot be otherwise subdivided.

(d) Separate delivery schedule, destination, period of performance, or place of performance.

(e) Single contract *pricing* type (*e.g.*, fixed-price or cost-reimbursement).

4.1004 Establishing subline items.

Subline items may be used to facilitate tracking of performance, deliverables, payment, and contract funds accounting or for other management purposes. *Subline items* may be either deliverable or informational. The list of characteristics at [4.1003](#) applies to deliverable *subline items*, but it is not applicable to informational *subline items*. A *line item* with *subline items* shall contain only that information that is common to all *subline items* thereunder. All *subline items* under one *line item* shall be the same contract type as the *line item*.

(a) *Deliverable subline items*. Deliverable *subline items* may be used for several related items that require separate identification. For example, instead of establishing multiple separate *line items*, *subline items* may be established for-

(1) Items that are basically the same, except for minor variations such as-

(i) Size or color;

(ii) Accounting classification, but see also [4.1005-1\(a\)\(4\)](#); or

(iii) Date of delivery, destination, or period or place of performance;

(2) Separately priced collateral functions that relate to the primary product, such as packaging and handling, or transportation; or

(3) Items to be separately identified at the time of *shipment* or performance.

(b) *Informational subline items*.

(1) Informational *subline items* may be used by agencies for administrative purposes. This type of *subline item* identifies information that relates directly to the *line item* and is an integral part of it (*e.g.*, parts of an assembly or parts of a kit).

(2) Position informational *subline items* within the *line item* description, not in the quantity or price fields.

4.1005 Data elements for line items and subline items.

4.1005-1 Required data elements.

(a) Except as provided in 4.1005-2, each *line item* or *subline item* shall include in the schedule (described at 12.303(b)(4), 14.201-2, or 15.204-2, or in a comparable section of the *procurement* instrument), at a minimum, the following information as separate, distinct data elements:

(1) *Line item* or *subline item* number established in accordance with agency procedures.

(2) Description of what is being purchased.

(3) Product or Service Code (PSC).

(4) Accounting classification citation.

(i) *Line items* or deliverable *subline items*. If multiple accounting classifications for a single deliverable apply, include the dollar amount for each accounting classification in the schedule (or a comparable section of the *procurement* instrument).

(ii) Informational *subline items*. An accounting classification citation is not required. (See 4.1004).

(5)

(i) For fixed-price *line items*:

(A) Unit of measure.

(B) Quantity.

(C) Unit price.

(D) Total price.

(ii) For cost-reimbursement *line items*:

(A) Unit of measure.

(B) Quantity.

(C) Estimated cost.

(D) Fee (if any).

(E) Total estimated cost plus any fee.

(b) If a contract contains a combination of fixed-price, time-and-materials, labor-hour, or cost-reimbursable *line items*, identify the contract type for each *line item* in the schedule (or a

comparable section of the *procurement* instrument) to facilitate payment.

(c) Each deliverable *line item* or deliverable *subline item shall* have its own delivery schedule, destination, period of performance, or place of performance expressly stated in the appropriate section of the *procurement* instrument ("as required" constitutes an expressly stated delivery term). When a *line item* has deliverable *subline items*, the delivery schedule, destination, period of performance, or place of performance *shall* be identified at the *subline item* level, rather than the *line item* level.

(d) Terms and conditions in other sections of the contract (such as *contract clauses* or payment instructions) *shall* also specify applicability to individual *line items* if not applicable to the contract as a whole.

4.1005-2 Exceptions.

(a) *Indefinite-delivery contracts-*

(1) *General.* The following required data elements are not known at time of issuance of an indefinite-delivery contract, but *shall* be provided in each order at the time of issuance: accounting classification, delivery date and destination, or period and place of performance.

(2) *Indefinite-delivery indefinite-quantity (IDIQ) and requirements contracts.*

(i) IDIQ and requirements contracts *may* omit the quantity at the *line item* level for the base award provided that the total contract minimum and maximum, or the estimate, respectively, is stated.

(ii) Multiple-award IDIQ contracts awarded using the procedures at 13.106-1(a)(2)(iv)(A) or 15.304(c)(1)(ii)(A) *may* omit price or cost at the *line item* or *subline item* level for the contract award, provided that the total contract minimum and maximum is stated (see 16.504(a)(1)).

(b) *Item description and PSC.* These data elements are not required in the *line item* if there are associated deliverable *subline items* that include the actual detailed identification. When this exception applies, use a general narrative description for the *line item*.

(c) *Single unit price or single total price.* The requirement for a single unit price or single total price at the *line item* level does not apply if any of the following conditions are present:

(1) There are associated deliverable *subline items* that are priced.

(2) The *line item* or *subline item* is not separately priced.

(3) The *supplies* or services are being acquired on a cost-reimbursement, time-and-materials, or labor-hour basis.

(4) The *procurement* instrument is for services and firm prices have been established for elements of the total price, but the actual number of the elements is not known until performance (*e.g.*, a labor-hour contract for maintenance/repair). The *contracting officer may* structure these *procurement* instruments to reflect a firm or estimated total amount for each *line item*.

4.1006 Modifications.

(a) When a new item (such as an increased quantity) is added to the *procurement* instrument, assign a new *line item number*.

(b) If the modification relates to existing *line items*, the modification *shall* refer to those items.

4.1007 Solicitation alternative line item proposal.

Solicitations should be structured to allow *offerors* to propose alternative *line items* (see [4.1008](#) and [52.212-1\(e\)](#)). For example, when soliciting certain items using units of measure such as kit, set, or lot, the *offeror may* not be able to group and deliver all items in a single *shipment*.

4.1008 Solicitation provision.

Insert the provision at [52.204-22](#), *Alternative Line Item Proposal*, in all *solicitations*.

Subpart 4.11 - System for Award Management

4.1100 Scope.

This subpart prescribes policies and procedures for requiring contractor registration in the *System for Award Management (SAM)* to—

(a) Increase visibility of vendor sources (including their geographical locations) for specific *supplies* and services; and

(b) Establish a common source of vendor data for the Government.

4.1101 Definition.

As used in this subpart-

Agreement means basic *agreement*, basic ordering *agreement*, or blanket purchase *agreement*.

4.1102 Policy.

(a) *Offerors* and quoters are required to be registered in SAM at the time an *offer* or quotation is submitted in order to comply with the annual representations and certifications requirements except for—

(1) Purchases under the *micro-purchase* threshold that use a Governmentwide commercial purchase card as both the purchasing and payment mechanism, as opposed to using the purchase card for

payment only;

(2) Classified contracts (see [2.101](#)) when registration in SAM, or use of SAM data, could compromise the safeguarding of *classified information* or national security;

(3) Contracts awarded by-

(i) Deployed *contracting officers* in the course of military operations, including, but not limited to, *contingency operations* as defined in [10 U.S.C.101\(a\)\(13\)](#) or *humanitarian or peacekeeping operations* as defined in [10 U.S.C. 3015\(2\)](#);

(ii) *Contracting officers* located outside the *United States* and its *outlying areas*, as defined in [2.101](#), for work to be performed in support of diplomatic or developmental operations, including those performed in support of foreign assistance programs overseas, in an area that has been designated by the Department of State as a danger pay post (see <https://aoprals.state.gov/>);or

(iii) *Contracting officers* in the conduct of *emergency operations*, such as responses to natural or environmental disasters or national or civil *emergencies*, e.g., Robert T. Stafford Disaster Relief and *Emergency Assistance Act* ([42 U.S.C.5121](#));

(4) Contracts with individuals for performance outside the *United States* and its *outlying areas*;

(5) Contracts awarded without providing for *full and open competition* due to unusual or compelling urgency (see [6.302-2](#));

(6) Contract actions at or below \$30,000 awarded to foreign vendors for work performed outside the *United States*, if it is impractical to obtain SAM registration; and

(7) *Micro-purchases* that do not use the *electronic funds transfer (EFT)* method for payment and are not required to be reported (see [subpart 4.6](#)).

(b) If practical, the *contracting officer shall* modify the contract or *agreement* awarded under paragraph (a)(3) of this section to require SAM registration.

(c) *Contracting officers shall* use the legal business name or "doing business as" name and physical address from the contractor's SAM registration for the provided *unique entity identifier* to identify the contractor in section A of the contract schedule, similar sections of non-uniform contract formats and *agreements*, and all corresponding forms and data exchanges. *Contracting officers shall* make no changes to the data retrieved from SAM.

(d)

(1)

(i) If a contractor has legally changed its business name or "doing business as" name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and *change-of-name agreements* in [subpart 42.12](#), the contractor is required to provide the responsible *contracting officer* a minimum of one business *day's* written notification of its intention to change the name in SAM, comply with the requirements of [subpart 42.12](#), and agree *in writing* to the timeline and procedures specified by the responsible *contracting officer*. Along with the notification, the contractor is required to provide the *contracting officer* sufficient documentation to support the legally changed name.

(ii) If the contractor fails to comply with the requirements of paragraph (d)(1)(i) of the clause at 52.204-13, *System for Award Management Maintenance*, or fails to perform the *agreement* at 52.204-13, paragraph (d)(1)(i)(C), and, in the absence of a properly executed novation or change-of-name *agreement*, the SAM information that shows the contractor to be other than the contractor indicated in the contract will be considered to be incorrect information within the meaning of the "Suspension of Payment" paragraph of the EFT clause of the contract.

(2) The contractor *shall* not change the name or address for *electronic funds transfer* payments (EFT) or manual payments, as appropriate, in the SAM record to reflect an assignee for the purpose of *assignment of claims* (see subpart 32.8, *Assignment of Claims*).

(3) Assignees *shall* be separately registered in SAM. Information provided to the contractor's SAM record that indicates payments, including those made by EFT, to an ultimate recipient other than that contractor will be considered to be incorrect information within the meaning of the "Suspension of payment" paragraph of the EFT clause of the contract.

4.1103 Procedures.

(a) Unless the *acquisition* is exempt under 4.1102(a), the *contracting officer*—

(1) *Shall* verify that the *offeror* or quoter is registered in SAM (see paragraph (b) of this section) at the time an *offer* or quotation is submitted;

(2) *Should* use the *unique entity identifier* to verify SAM registration—

(i) Via <https://www.sam.gov>; or

(ii) As otherwise provided by agency procedures; or

(3) Need not verify SAM registration before placing an order or call if the contract or *agreement* includes the clause at 52.204-13, *System for Award Management Maintenance*, or a similar agency clause, except when use of the Governmentwide commercial purchase card is contemplated as a method of payment. (See 32.1108(b)(2).)

(b) If the contract action is being awarded in accordance with 4.1102(a)(5), the contractor is required to be registered in SAM within 30 days after contract award, or at least three days prior to submission of the first *invoice*, whichever occurs first.

(c) Agencies *shall* protect against improper disclosure of information contained in SAM.

(d) The *contracting officer shall*, on contractual documents transmitted to the payment office, provide the *unique entity identifier*, or, if applicable, the *Electronic Funds Transfer* indicator, in accordance with agency procedures.

4.1104 Disaster Response Registry.

Contracting officers shall consult the *Disaster Response Registry* via <https://www.sam.gov>, Search Records, Advanced Search, *Disaster Response Registry* Search when *contracting* for debris removal, distribution of *supplies*, reconstruction, and other disaster or *emergency* relief activities inside the *United States* and *outlying areas*. (See 26.205).

4.1105 Solicitation provision and contract clauses.

(a)

(1) Insert the provision at 52.204-7, *System for Award Management*, in all *solicitations* except when the conditions in 4.1102(a) apply.

(2) Insert the provision at 52.204-7, *System for Award Management*, with its *Alternate I* when the *solicitation* is anticipated to be awarded in accordance with 4.1102(a)(5).

(b) Insert the clause at 52.204-13, *System for Award Management Maintenance*, in *solicitations* that contain the provision at 52.204-7, and resulting contracts.

Subpart 4.12 - Representations and Certifications

4.1200 Scope.

This subpart prescribes policies and procedures for requiring submission and maintenance of representations and certifications via the *System for Award Management (SAM)* to-

(a) Eliminate the administrative burden for contractors of submitting the same information to various *contracting offices*;

(b) Establish a common source for this information to *procurement* offices across the Government; and

(c) Incorporate by reference the contractor's representations and certifications in the awarded contract.

4.1201 Policy.

(a) *Offerors* and quoters are required to complete electronic annual representations and certifications in SAM accessed via <https://www.sam.gov> as a part of required registration (see FAR 4.1102).

(b)

(1) All registrants are required to review and update the representations and certifications submitted to SAM as necessary, but at least annually, to ensure they are kept current, accurate, and complete. The representations and certifications are effective until one year from date of submission or update to SAM.

(2) A contractors that represented itself as a small business prior to award of a contract *must* update the representations and certifications in SAM in accordance with 52.219-28, A contractor that represented itself as other than small business before contract award and qualifies as a small business *may* update its representations and certifications in SAM in accordance with 52.219-28.

(c) Data in SAM is archived and is electronically retrievable. Therefore, when a prospective contractor has completed representations and certifications electronically in SAM, the *contracting officer must* reference the date of SAM verification in the contract file to satisfy contract file documentation requirements of 4.803(a)(11). However, if an *offeror* identifies changes to SAM data pursuant to the FAR provisions at 52.204-8(d) or 52.212-3(b), the *contracting officer must* include a copy of the changes in the contract file.

(d) The *contracting officer shall* incorporate the representations and certifications by reference in the contract (see 52.204-19, or for *acquisitions of commercial products or commercial services* see 52.212-4(v)).

4.1202 Solicitation provision and contract clause.

(a) Insert the provision at 52.204-8, Annual Representations and Certifications, in *solicitations*, except for *solicitations for commercial products or commercial services* issued under part 12. The *contracting officer shall* check the applicable provisions at 52.204-8(c)(2). Use the provision with its *Alternate I* in *solicitations* issued after October 1, 2025, that will result in a *multiple-award contract* with more than one North American Industry Classification System code assigned (see 19.102(b)). When the provision at 52.204-7, *System for Award Management*, is included in the *solicitation*, do not separately include the following representations and certifications:

Subpart 4.13 - Personal Identity Verification

4.1300 Scope of subpart.

This subpart provides policy and procedures associated with Personal Identity Verification as required by-

(a) Federal Information Processing Standards Publication (FIPS PUB) Number 201, "Personal Identity Verification of Federal Employees and Contractors"; and

(b) Office of Management and Budget (OMB) Guidance M-05-24, dated August 5, 2005, "Implementation of Homeland Security Presidential Directive (HSPD) 12-Policy for a Common Identification Standard for Federal Employees and Contractors."

4.1301 Policy.

(a) Agencies *must* follow FIPS PUB Number 201 and the associated OMB implementation guidance for personal identity verification for all affected contractor and subcontractor personnel when contract performance requires contractors to have routine physical access to a Federally-controlled facility and/or routine access to a *Federally-controlled information system*.

(b) Agencies *must* include their implementation of FIPS PUB 201 and OMB Guidance M-05-24 in *solicitations* and contracts that require the contractor to have routine physical access to a Federally-controlled facility and/or routine access to a *Federally-controlled information system*.

(c) Agencies *must* designate an official responsible for verifying contractor employee personal identity.

(d)

(1) Agency procedures for the return of Personal Identity Verification (PIV) *products shall* ensure that Government contractors account for all forms of Government-provided identification issued to Government contractor employees under a contract, *i.e.*, the PIV cards or other similar badges, and *shall* ensure that contractors return such identification to the issuing agency as soon as any of the following occurs, unless otherwise determined by the agency:

(i) When no longer needed for contract performance.

(ii) Upon completion of a contractor employee's employment.

(iii) Upon contract completion or termination.

(2) The *contracting officer may* delay final payment under a contract if the contractor fails to comply with these requirements.

(a) In order to comply with FIPS PUB 201, agencies *must* purchase only approved personal identity verification *products* and services.

(b) Agencies *may* acquire the approved *products* and services from the GSA, Federal Supply Schedule 70, Special Item Number (SIN) 132-62, HSPD-12 Product and Service *Components*, in accordance with ordering procedures outlined in FAR [subpart 8.4](#).

(d) For more information on personal identity verification *products* and services see <http://www.idmanagement.gov>.

4.1303 Contract clause.

The *contracting officer* shall insert the clause at [52.204-9](#), Personal Identity Verification of Contractor Personnel, in *solicitations* and contracts when contract performance requires contractors to have routine physical access to a Federally-controlled facility and/or routine access to a *Federally-controlled information system*. The clause *shall* not be used when contractors require only intermittent access to *Federally-controlled facilities*.

Subpart 4.14 - Reporting Executive Compensation and First-Tier Subcontract Awards

4.1400 Scope of subpart.

This subpart implements section 2 of the Federal Funding Accountability and Transparency Act of 2006 (Pub.L.109-282), as amended by section 6202 of the Government Funding Transparency Act of 2008 (Pub. L. 110-252), which requires contractors to report subcontract award data and the total compensation of the five most highly compensated executives of the contractor and subcontractor. The public *may* view first-tier subcontract award data at <http://www.usaspending.gov>.

4.1401 Applicability.

(a) This subpart applies to all contracts with a value of \$30,000 or more. Nothing in this subpart requires the disclosure of *classified information*.

(b) Reporting of subcontract information will be limited to the first-tier subcontractor.

4.1402 Procedures.

(a) Agencies *shall* ensure that contractors comply with the reporting requirements of [52.204-10](#),

Reporting Executive Compensation and First-Tier Subcontract Awards. Agencies *shall* review contractor reports on a quarterly basis to ensure the information is consistent with contract information. The agency is not required to address data for which the agency would not normally have supporting information, such as the compensation information required of contractors and first-tier subcontractors. However, the agency *shall* inform the contractor of any inconsistencies with the contract information and require that the contractor correct the report, or provide a reasonable explanation as to why it believes the information is correct. Agencies *may* review the reports at <http://www.fsrs.gov>.

(b) When *contracting officers* report the contract action to the Federal *Procurement* Data System (FPDS) in accordance with FAR [subpart 4.6](#), certain data will then pre-populate from FPDS, to assist contractors in completing and submitting their reports. If data originating from FPDS is found by the contractor to be in error when the contractor completes the subcontract report, the contractor *should* notify the Government *contracting officer*, who is responsible for correcting the data in FPDS. Contracts reported using the generic entity identifier allowed at FAR [4.605\(c\)\(2\)](#) will interfere with the contractor's ability to comply with this reporting requirement, because the data will not pre-populate from FPDS.

(c) If the contractor fails to comply with the reporting requirements, the *contracting officer shall* exercise appropriate contractual remedies. In addition, the *contracting officer shall* make the contractor's failure to comply with the reporting requirements a part of the contractor's performance information under [subpart 42.15](#).

(d) There is a reporting exception in [52.204-10\(g\)](#) for contractors and subcontractors who had gross income in the previous tax year under \$300,000.

4.1403 Contract clause.

(a) Except as provided in paragraph (b) of this section, the *contracting officer shall* insert the clause at [52.204-10](#), Reporting Executive Compensation and First-Tier Subcontract Awards, in all *solicitations* and contracts of \$30,000 or more.

(b) The clause is not prescribed for contracts that are not required to be reported in the Federal *Procurement* Data System (FPDS) (see [subpart 4.6](#)).

Subpart 4.15 - [Reserved]

4.1500 [Reserved]

4.1501 [Reserved]

4.1502 [Reserved]

Subpart 4.16 - Unique Procurement Instrument Identifiers

4.1600 Scope of subpart.

This subpart prescribes policies and procedures for assigning unique *Procurement Instrument Identifiers* (PIID) for each *solicitation*, contract, agreement, or order and related *procurement instrument*.

4.1601 Policy.

(a) Establishment of a *Procurement Instrument Identifier (PIID)*. Agencies *shall* have in place a process that ensures that each PIID used to identify a *solicitation* or contract action is unique Governmentwide, and will remain so for at least 20 years from the date of contract award. The PIID *shall* be used to identify all *solicitation* and contract actions. The PIID *shall* also be used to identify *solicitation* and contract actions in designated support and reporting systems (e.g., Federal *Procurement Data System*, *System for Award Management*), in accordance with regulations, applicable authorities, and agency policies and procedures.)

(b) Transition of PIID numbering. No later than October 1, 2017, agencies *shall* comply with paragraph (a) of this section and use the requirements in [4.1602](#) and [4.1603](#) for all new *solicitations* and contract awards. Until an agency's transition is complete, it *shall* maintain its 2013 PIID format that is on record with the General Services Administration's Integrated Award Environment Program Office (which maintains a registry of the agency unique identifier scheme). The 2013 PIID format consisted of alpha characters in the first positions to indicate the agency, followed by alpha-numeric characters; the 2017 format instead has the AAC in the beginning 6 positions.

(c) Change in the *Procurement Instrument Identifier* after its assignment.

(1) Agencies *shall* not change the PIID unless one of the following two circumstances apply:

(i) The PIID serial numbering system is exhausted. In this instance, the *contracting officer may* assign a new PIID by issuing a *contract modification*.

(ii) Continued use of a PIID is administratively burdensome (e.g., for implementations of new agency contract writing systems). In this instance, the *contracting officer may* assign a new PIID by issuing a *contract modification*.

(2) The modification *shall* clearly identify both the original and the newly assigned PIID. Issuance of a new PIID is an administrative change (see [43.101](#)).

4.1602 Identifying the PIID and supplementary PIID.

(a) *Identifying the PIID in solicitation and contract award documentation (including forms and electronic generated formats)*. Agencies *shall* include all PIIDs for all related *procurement actions* as identified in paragraphs (a)(1) through (5) of this section.

(1) *Solicitation*. Identify the PIID for all *solicitations*. For amendments to *solicitations*, identify a supplementary PIID, in conjunction with the PIID for the *solicitation*.

(2) *Contracts and purchase orders*. Identify the PIID for contracts and *purchase orders*.

(3) *Delivery and task orders.* For delivery and *task orders* placed by an agency under a contract (e.g., indefinite delivery indefinite quantity (IDIQ) contracts, multi-agency contracts (MAC), Governmentwide *acquisition* contracts (GWACs), or Multiple Award Schedule (MAS) contracts), identify the PIID for the delivery and *task order* and the PIID for the contract.

(4) *Blanket purchase agreements and basic ordering agreements.* Identify the PIID for blanket purchase agreements issued in accordance with 13.303, and for basic agreements and basic ordering agreements issued in accordance with subpart 16.7. For blanket purchase agreements issued in accordance with subpart 8.4 under a MAS contract, identify the PIID for the blanket purchase agreement and the PIID for the MAS contract.

(i) *Orders.* For orders against basic ordering agreements or blanket purchase agreements issued in accordance with 13.303, identify the PIID for the order and the PIID for the blanket purchase agreement or basic ordering agreement.

(ii) *Orders under subpart 8.4.* For orders against a blanket purchase agreement established under a MAS contract, identify the PIID for the order, the PIID for the blanket purchase agreement, and the PIID for the MAS contract.

(5) *Modifications.* For modifications to actions described in paragraphs (a)(2) through (4) of this section, and in accordance with agency procedures, identify a supplementary PIID for the modification in conjunction with the PIID for the contract, order, or agreement being modified.

(b) *Placement of the PIID on forms.* When the form (including electronic generated format) does not provide spaces or fields for the PIID or supplementary PIID required in paragraph (a) of this section, identify the PIID in accordance with agency procedures.

(c) *Additional agency specific identification information.* If agency procedures require additional identification information in *solicitations*, contracts, or other related *procurement* instruments for administrative purposes, separate and clearly identify the additional information from the PIID.

4.1603 Procedures.

(a) *Elements of a PIID.* The PIID consists of a combination of thirteen to seventeen alpha and/or numeric characters sequenced to convey certain information. Do not use special characters (such as hyphens, dashes, or spaces).

(1) *Positions 1 through 6.* The first six positions identify the department/agency and office issuing the instrument. Use the AAC assigned to the issuing office for positions 1 through 6. Civilian agency points of contact for obtaining an AAC are on the AAC Contact list maintained by the General Services Administration and can be found at <https://community.max.gov/x/24foL>. For Department of Defense (DoD) inquiries, contact the service/agency Central Service Point or DoD AAC Monitor, or if unknown, email DODAADHQ@DLA.MIL for assistance.

(2) *Positions 7 through 8.* The seventh and eighth positions are the last two digits of the fiscal year in which the *procurement* instrument is issued or awarded. This is the date the action is signed, not the effective date if the effective date is different.

(3) *Position 9.* Indicate the type of instrument by entering one of the following upper case letters in position nine. Departments and independent agencies *may* assign those letters identified for department use below in accordance with their agency policy; however, any use *must* be applied to

the entire department or agency.

Instrument	Letter designation

(xxvi) Reserved for future Federal Governmentwide use	Z

(4) Positions 10 through 17. Enter the number assigned by the issuing agency in these positions. Agencies *may* choose a minimum of four characters up to a maximum of eight characters to be used, but the same number of characters *must* be used agency-wide. If a number less than the maximum is used, do not use leading or trailing zeroes to make it equal the maximum in any system or data transmission. A separate series of numbers *may* be used for any type of instrument listed in paragraph (a)(3) of this section. An agency *may* reserve blocks of numbers or alpha-numeric numbers for use by its various *components*.

(5) Illustration of PIID. The following illustrates a properly configured PIID using four characters in the final positions:

Position	Contents	N00062	17	C	0001
1-6	Identification of department/agency office (AAC)				
7-8	Last two digits of the fiscal year in which the procurement instrument is issued or				
9	Type of instrument				
10-13	Four position agency assigned number				

(b) *Elements of a supplementary PIID.* Use the supplementary PIID to identify amendments to *solicitations* and modifications to contracts, orders, and agreements. The supplementary PIID is reported as a separate data element used in conjunction with, but not appended to, the PIID.

(1) Amendments to *solicitations*. Number amendments to *solicitations* sequentially using a four position numeric serial number added to the 13-17 character PIID beginning with 0001.

(2) Modifications to contracts, orders, and agreements. Number modifications to contracts, orders, and agreements using a six position alpha or numeric, or a combination thereof, added to the 13-17 character PIID. For example, a modification could be numbered P00001. This would be added to the end of the 13-17 character PIID illustrated in (a)(5) of this section.

(i) Position 1. Identify the office issuing the modification. The letter P *shall* be designated for modifications issued by the procuring *contracting office*. The letter A *shall* be used for modifications issued by the *contract administration office* (if other than the procuring *contracting office*).

(ii) Positions 2 through 6. These positions *may* be alpha, numeric, or a combination thereof, in accordance with agency procedures.

(iii) Each office authorized to issue modifications *shall* assign the supplementary identification numbers in sequence (unless provided otherwise in agency procedures). Do not assign the numbers until it has been determined that a modification is to be issued.

Subpart 4.17 - Service Contracts Inventory

4.1700 Scope of subpart.

This subpart implements section 743(a) of Division C of the Consolidated Appropriations Act, 2010

(Pub. L. 111-117), which requires agencies to report annually to the Office of Management and Budget (OMB) on activities performed by service contractors. Section 743(a) applies to *executive agencies*, other than the Department of Defense (DoD), covered by the Federal Activities Inventory Reform Act (Pub. L. 105-270) (FAIR Act). The information reported in the inventory will be publicly accessible.

4.1701 Definitions.

As used in this subpart-

FAIR Act agencies means the agencies required under the FAIR Act to submit inventories annually of the activities performed by Government personnel.

First-tier subcontract means a subcontract awarded directly by the contractor for the purpose of acquiring *supplies* or services (including *construction*) for performance of a prime contract. It does not include the contractor's supplier agreements with vendors, such as long-term arrangements for materials or *supplies* that benefit multiple contracts and/or the costs of which are normally applied to a contractor's general and administrative expenses or *indirect costs*.

4.1702 Applicability.

(a) This subpart applies to-

(1) All *FAIR Act agencies*, except DoD as specified in [4.1705](#);

(2) *Solicitations*, contracts, and orders for services (including *construction*) that meet or exceed the thresholds at [4.1703](#); and

(3) Contractors and first-tier subcontractors.

(b) Procedures for compiling and submitting agency service contract inventories are governed by section 743(a)(3) of Division C of Pub. L. 111-117 and Office of Federal *Procurement* Policy (OFPP) guidance. The guidance is available at the following Web site: https://www.whitehouse.gov/wp-content/uploads/legacy_drupal_files/omb/memoranda/2017/service_contract_inventories.pdf.

(c) This subpart addresses requirements for obtaining information from, and reporting by, agency service contractors.

4.1703 Reporting requirements.

(a) Thresholds.

(1) Except as exempted by OFPP guidance, service contractor reporting *shall* be required for contracts and *first-tier subcontracts* for services based on type of contract and estimated total value. For indefinite-delivery contracts, reporting *shall* be determined based on the type and estimated total value of each order under the contract. Indefinite-delivery contracts include, but are not limited to, contracts such as indefinite-delivery indefinite-quantity (IDIQ) contracts, Federal Supply

Schedule contracts (FSSs), Governmentwide *acquisition* contracts (GWACs), and multi-agency contracts.

(2) Reporting is required according to the following thresholds:

(i) All cost-reimbursement, time-and-materials, and labor-hour service contracts and orders with an estimated total value above the *simplified acquisition threshold*.

(ii) All fixed-price service contracts awarded and orders issued according to the following thresholds:

(A) Awarded or issued in Fiscal Year 2014, with an estimated total value of \$2.5 million or greater.

(B) Awarded or issued in Fiscal Year 2015, with an estimated total value of \$1 million or greater.

(C) Awarded or issued in Fiscal Year 2016, and subsequent years, with an estimated total value of \$500,000 or greater.

(3) Reporting is required for all *first-tier subcontracts* for services as prescribed in paragraphs (a)(2)(i) and (ii) of this section.

(b) Agency reporting responsibilities.

(1) Agencies *shall* ensure that contractors comply with the reporting requirements of [52.204-14](#), Service Contract Reporting Requirements and [52.204-15](#), Service Contract Reporting Requirements for Indefinite-Delivery Contracts. Agencies *shall* review contractor reported information for reasonableness and consistency with available contract information. The agency is not required to address data for which the agency would not normally have supporting information. In the event the agency believes that revisions to the contractor reported information are warranted, the agency *shall* notify the contractor no later than November 15. By November 30, the contractor *shall* revise the report, or document its rationale for the agency. Authorized agency officials *may* review the reports at www.sam.gov.

(2) Agencies are required to compile annually an inventory of service contracts performed for, or on behalf of, the agency during the prior fiscal year in order to determine the extent of the agency's reliance on service contractors. Agencies *shall* submit a service contract inventory to OMB by January 15 annually. Then, each agency *must* post the inventory on its Web site and publish a Federal Register Notice of Availability by February 15 annually.

(3) Most of the required information is already collected in the Federal *Procurement* Data System (FPDS). Information not collected in FPDS will be provided by the contractor, as specified in [52.204-14](#), Service Contract Reporting Requirements and [52.204-15](#), Service Contract Reporting Requirements for Indefinite-Delivery Contracts.

4.1704 Contracting officer responsibilities.

(a) For other than indefinite-delivery contracts, the *contracting officer shall* ensure that [52.204-14](#), Service Reporting Requirement, is included in *solicitations*, contracts, and orders as prescribed at [4.1705](#). For indefinite-delivery contracts, the *contracting officer* who awarded the contract *shall* ensure that [52.204-15](#) Service Contract Reporting Requirements for Indefinite-Delivery Contracts, is included in *solicitations* and contracts as prescribed at [4.1705](#). The *contracting officer* at the order level *shall* verify the clause's inclusion in the contract.

(b) If the contractor fails to submit a report in a timely manner, the *contracting officer shall* exercise appropriate contractual remedies. In addition, the *contracting officer shall* make the contractor's failure to comply with the reporting requirements a part of the contractor's performance information under subpart 42.15.

4.1705 Contract clauses.

(a) The *contracting officer shall* insert the clause at 52.204-14, Service Contract Reporting Requirements, in *solicitations* and contracts for services (including *construction*) that meet or exceed the thresholds at 4.1703, except for indefinite-delivery contracts. This clause is not required for actions entirely funded by DoD, contracts awarded with a generic entity identifier, or in classified *solicitations*, contracts, or orders.

(b) The *contracting officer shall* insert the clause at 52.204-15, Service Contract Reporting Requirements for Indefinite-Delivery Contracts, in *solicitations* and indefinite-delivery contracts for services (including *construction*) where one or more orders issued thereunder are expected to each meet or exceed the thresholds at 4.1703. This clause is not required for actions entirely funded by DoD, contracts awarded with a generic entity identifier, or in classified *solicitations*, contracts, or orders.

or

(3) Identify when *offerors* are owned or controlled by another entity.

4.1803 Verifying CAGE codes prior to award.

(a) *Contracting officers shall verify the offeror's CAGE code by reviewing the entity's registration in the System for Award Management (SAM). Active registrations in SAM have had the associated CAGE codes verified.*

(b) *For entities not required to be registered in SAM, the contracting officer shall validate the CAGE code using the CAGE code search feature at <https://cage.dla.mil>.*

4.1804 Solicitation provisions and contract clause.

(a) *Insert the provision at [52.204-16](#), Commercial and Government Entity Code Reporting, in all solicitations that include-*

This subpart applies to all *acquisitions*, including *acquisitions* of *commercial products* or *commercial services* other than commercially available off-the-shelf items, when a contractor's *information system* may contain *Federal contract information*.

4.1903 Contract clause.

The *contracting officer* shall insert the clause at [52.204-21](#), *Basic Safeguarding of Covered Contractor Information Systems*, in *solicitations* and contracts when the contractor or a subcontractor at any tier may have *Federal contract information* residing in or transiting through its *information system*.

(1) Procure or obtain, or extend or renew a contract (*e.g.*, exercise an *option*) to procure or obtain, any equipment, system, or service that uses *covered telecommunications equipment or services* as a *substantial or essential component* of any system, or as *critical technology* as part of any system; or

(2) Enter into a contract, or extend or renew a contract, with an entity that uses any equipment, system, or service that uses *covered telecommunications equipment or services* as a *substantial or essential component* of any system, or as *critical technology* as part of any system.

(d) *Recording prohibitions in the System for Award Management (SAM)*.

(1) Prohibitions on purchases of *products* or services produced or provided by entities identified in paragraphs (1) and (2) of the definition of "*covered telecommunications equipment or services*" (including known subsidiaries or *affiliates*) at [4.2101](#) will be recorded in SAM (see [9.404](#)).

(2) Prohibitions on purchases of *products* or services produced or provided by entities identified pursuant to paragraph (4) of the definition of "*covered telecommunications equipment or services*" (including known subsidiaries or *affiliates*) at [4.2101](#) are recorded by the Department of Defense in SAM (see [9.404](#)).

4.2103 Procedures.

(a) *Representations*.

(1)

(i) If the *offeror* selects "does not" in paragraphs (c)(1) and/or (c)(2) of the provision at [52.204-26](#) or in paragraphs (v)(2)(i) and/or (v)(2)(ii) of the provision at [52.212-3](#), the *contracting officer* may rely on the "does not" representation(s), unless the *contracting officer* has reason to question the

representation. If the *contracting officer* has a reason to question the representation, the *contracting officer shall* follow agency procedures.

(ii) If the *offeror* selects "does" in paragraph (c)(1) of the provision at [52.204-26](#) or paragraph (v)(2)(i) of the provision at [52.212-3](#), the *offeror* will be required to complete the representation in paragraph (d)(1) of the provision at [52.204-24](#).

(iii) If the *offeror* selects "does" in paragraph (c)(2) of the provision at [52.204-26](#) or paragraph (v)(2)(ii) of the provision at [52.212-3](#), the *offeror* will be required to complete the representation in paragraph (d)(2) of the provision at [52.204-24](#).

(2)

(i) If the *offeror* selects "will not" in paragraph (d)(1) of the provision at [52.204-24](#) or "does not" in paragraph (d)(2) of the provision at [52.204-24](#), the *contracting officer may* rely on the representations, unless the *contracting officer* has reason to question the representations. If the *contracting officer* has a reason to question the representations, the *contracting officer shall* follow agency procedures.

(ii) If an *offeror* selects "will" in paragraph (d)(1) of the provision at [52.204-24](#), the *offeror must* provide the information required by paragraph (e)(1) of the provision at [52.204-24](#), and the *contracting officer shall* follow agency procedures.

(iii) If an *offeror* selects "does" in paragraph (d)(2) of the provision at [52.204-24](#), the *offeror must* complete the disclosure at paragraph (e)(2) of the provision at [52.204-24](#), and the *contracting officer shall* follow agency procedures.

(b) *Reporting*. If a contractor provides a report pursuant to paragraph (d) of the clause at [52.204-25](#), Prohibition on *Contracting* for Certain Telecommunications and Video Surveillance Services or Equipment, follow agency procedures.

4.2104 Waivers.

(a) *Executive agencies*. The head of an *executive agency may*, on a one-time basis, waive the prohibition at [4.2102\(a\)](#) with respect to a Government entity (*e.g.*, requirements office, *contracting office*) that requests such a waiver.

(1) *Waiver*. The waiver *may* be provided, for a period not to extend beyond August 13, 2021 for the prohibition at [4.2102\(a\)\(1\)](#), or beyond August 13, 2022 for the prohibition at [4.2102\(a\)\(2\)](#), if the Government official, on behalf of the entity, seeking the waiver submits to the head of the *executive agency*-

(i) A compelling justification for the additional time to implement the requirements under [4.2102\(a\)](#), as determined by the head of the *executive agency*; and

(ii) A full and complete laydown or description of the presences of covered telecommunications or video surveillance equipment or services in the relevant supply chain and a phase-out plan to eliminate such covered telecommunications or video surveillance equipment or services from the relevant systems.

(2) *Executive agency waiver requirements for the prohibition at 4.2102(a)(2)*. Before the head of an

executive agency can grant a waiver to the prohibition at [4.2102\(a\)\(2\)](#), the agency *must*—

(i) Have designated a senior agency official for supply chain risk management, responsible for ensuring the agency effectively carries out the supply chain risk management functions and responsibilities described in law, regulation, and policy;

(ii) Establish participation in an information-sharing environment when and as required by the Federal Acquisition Security Council (FASC) to facilitate interagency sharing of relevant *acquisition* supply chain risk information;

(iii) Notify and consult with the Office of the Director of National Intelligence (ODNI) on the waiver request using ODNI guidance, briefings, best practices, or direct inquiry, as appropriate; and

(iv) Notify the ODNI and the FASC 15 days prior to granting the waiver that it intends to grant the waiver.

(3) *Waivers for emergency acquisitions.*

(i) In the case of an *emergency*, including a declaration of *major disaster*, in which prior notice and consultation with the ODNI and prior notice to the FASC is impracticable and would severely jeopardize performance of mission-critical functions, the head of an agency *may* grant a waiver without meeting the notice and consultation requirements under [4.2104\(a\)\(2\)\(iii\)](#) and [4.2104\(a\)\(2\)\(iv\)](#) to enable effective mission critical functions or *emergency* response and recovery.

(ii) In the case of a waiver granted in response to an *emergency*, the head of an agency granting the waiver *must*—

(A) Make a determination that the notice and consultation requirements are impracticable due to an *emergency* condition; and

(B) Within 30 days of award, notify the ODNI and the FASC of the waiver issued under *emergency* conditions in addition to the waiver notice to Congress under [4.2104\(a\)\(4\)](#).

(4) *Waiver notice.*

(i) For waivers to the prohibition at [4.2102\(a\)\(1\)](#), the head of the *executive agency shall*, not later than 30 days after approval—

(A) Submit in accordance with agency procedures to the appropriate congressional committees the full and complete laydown of the presences of covered telecommunications or video surveillance equipment or services in the relevant supply chain; and

(B) The phase-out plan to eliminate such covered telecommunications or video surveillance equipment or services from the relevant systems.

(ii) For waivers to the prohibition at [4.2102\(a\)\(2\)](#), the head of the *executive agency shall*, not later than 30 days after approval submit in accordance with agency procedures to the appropriate congressional committees—

(A) An attestation by the agency that granting of the waiver would not, to the agency's knowledge having conducted the necessary due diligence as directed by statute and regulation, present a material increase in risk to U.S. national security;

(B) The full and complete laydown of the presences of covered telecommunications or video surveillance equipment or services in the relevant supply chain, to include a description of each category of covered technology equipment or services discovered after a *reasonable inquiry*, as well as each category of equipment, system, or service used by the entity in which such covered technology is found after conducting a *reasonable inquiry*; and

(C) The phase-out plan to eliminate such covered telecommunications or video surveillance equipment or services from the relevant systems.

(b) *Director of National Intelligence*. The Director of National Intelligence *may* provide a waiver if the Director determines the waiver is in the national security interests of the *United States*.

4.2105 Solicitation provisions and contract clause.

(a) The *contracting officer shall* insert the provision at 52.204-24, Representation Regarding Certain Telecommunications and Video Surveillance Services or Equipment—

(1) In all *solicitations* for contracts; and

(2) Under indefinite delivery contracts, in all notices of intent to place an order, or *solicitations* for an order (*e.g.*, subpart 8.4 and 16.505).

(b) The *contracting officer shall* insert the clause at 52.204-25, Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment, in all *solicitations* and contracts.

(c) The *contracting officer shall* insert the provision at 52.204-26, Covered Telecommunications Equipment or Services-Representation, in all *solicitations*.

National security system, as defined in [44 U.S.C. 3552](#), means any information system (including any telecommunications system) used or operated by an agency or by a contractor of an agency, or other organization on behalf of an agency—

(1) The function, operation, or use of which involves intelligence activities; involves cryptologic activities related to national security; involves command and control of military forces; involves equipment that is an integral part of a weapon or weapons system; or is critical to the direct fulfillment of military or intelligence missions, but does not include a system that is to be used for routine administrative and business applications (including payroll, finance, logistics, and personnel management applications); or

This applies when the *covered article* or the *source* is subject to an applicable *FASCSA order*. A *reasonable inquiry* excludes the need to include an internal or third-party audit.

Sensitive compartmented information means *classified information* concerning or derived from intelligence *sources*, methods, or analytical processes, which is required to be handled within formal access control systems established by the Director of National Intelligence.

Sensitive compartmented information system means a national security system authorized to process or store *sensitive compartmented information*.

Source means a non-Federal supplier, or potential supplier, of *products* or services, at any tier.

Supply chain risk, as defined in [41 U.S.C. 4713\(k\)](#), means the risk that any person *may* sabotage, maliciously introduce unwanted functionality, extract data, or otherwise manipulate the design, integrity, manufacturing, production, distribution, installation, operation, maintenance, disposition, or retirement of *covered articles* so as to surveil, deny, disrupt, or otherwise manipulate the function, use, or operation of the *covered articles* or information stored or transmitted on the *covered articles*.

Supply chain risk information includes, but is not limited to, information that describes or identifies:

(1) Functionality and features of *covered articles*, including access to data and information system privileges;

(2) The user environment where a *covered article* is used or installed;

(3) The ability of a *source* to produce and deliver *covered articles* as expected;

- (4) Foreign control of, or influence over, a *source* or *covered article* (*e.g.*, foreign ownership, personal and professional ties between a *source* and any foreign entity, legal regime of any foreign country in which a *source* is headquartered or conducts operations);
- (5) Implications to government mission(s) or assets, national security, homeland security, or critical functions associated with use of a *covered source* or *covered article*;

- (10) Security, authenticity, and integrity of *covered articles* and their supply and compilation chain;
- (11) Capacity to mitigate risks identified;
- (12) Factors that *may* reflect upon the reliability of other *supply chain risk information*; and
- (13) Any other considerations that would factor into an analysis of the security, integrity, resilience, quality, trustworthiness, or authenticity of *covered articles* or *sources*.

4.2302 Sharing supply chain risk information.

(a) *Executive agencies* are required to share relevant *supply chain risk information* with the FASC if the *executive agency* has determined there is a reasonable basis to conclude a substantial supply chain risk associated with a *source* or *covered article* exists (see [41 CFR 201-1.201](#)).

(b) In support of information sharing described in paragraph (a) of this section, the *contracting officer* shall work with the program office or requiring activity in accordance with agency procedures regarding the sharing of relevant information on actual or potential supply chain risk determined to exist during the *procurement* process.

4.2303 FASCSA orders.

(a) *Executive agencies* are prohibited from procuring or obtaining, or extending or renewing a contract to procure or obtain, any *covered article*, or any *products* or services produced or provided by a *source*, including contractor use of *covered articles* or *sources*, if that prohibition is established by an applicable *FASCSA order* issued by the Director of National Intelligence, Secretary of Defense, or Secretary of Homeland Security (the "issuing official")(see [41 CFR 201-1.304\(a\)](#)).

(b) If a *covered article* or the *source* is subject to an applicable Governmentwide *FASCSA order* issued collectively by the Director of National Intelligence, Secretary of Defense, and Secretary of Homeland Security, *executive agencies* responsible for management of the Federal Supply Schedules, Governmentwide *acquisition* contracts, and multi-agency contracts shall facilitate implementation of a collective *FASCSA order* by removing the *covered articles* or *sources* identified in the *FASCSA order* from such contracts (see [41 CFR 201-1.303\(g\)](#)).

(c)

(1) *FASCSA orders* regarding *sources* or *covered articles* will be found in the *System for Award Management (SAM)*, by searching for the phrase “*FASCSA order*”. *SAM* may be updated as new *FASCSA orders* are issued.

(2) Some *FASCSA orders* will not be identified in *SAM* and will need to be identified in the *solicitation* to be effective for that *acquisition*. The requiring activity or program office will identify these *FASCSA orders* to the *contracting officer* (see [4.2304\(d\)](#)).

(3) The *contracting officer* shall work with the program office or requiring activity to identify which *FASCSA orders* apply to the *acquisition*.

4.2304 Procedures.

(a) *Identifying applicable FASCSA orders*. The applicability of *FASCSA orders* to a particular *acquisition* depends on the *contracting office's* agency, the scope of the *FASCSA order*, the funding, and whether the requirement involves certain types of information systems (see the definition of *FASCSA order* at [4.2301](#)). The *contracting officer* shall coordinate with the program office or requiring activity to identify the *FASCSA order(s)* that apply to the *acquisition* as follows:

(1) Unless the program office or requiring activity instructs the *contracting officer* otherwise, *FASCSA orders* apply as follows: contracts awarded by civilian agencies will be subject to DHS *FASCSA orders*, and contracts awarded by the Department of Defense will be subject to DoD *FASCSA orders*. See paragraph (b) of [52.204-30](#), Federal Acquisition Supply Chain Security Act Orders-Prohibition.

(2) For *acquisitions* where the program office or the requiring activity instructs the *contracting officer* to select specific *FASCSA orders*, the *contracting officer* must select “yes” or “no” for each applicable type of *FASCSA order* (*i.e.*, “DHS *FASCSA Order*” “DoD *FASCSA Order*” or “DNI *FASCSA Order*”). See paragraph (b)(1) of [52.204-30](#), Federal Acquisition Supply Chain Security Act Orders—Prohibition, with its *Alternate I*.

(b) Federal Supply Schedules, Governmentwide *acquisition* contracts, multi-agency contracts specific procedures—

(1) Applying *FASCSA orders*. An agency awarding this type of contract may choose to apply *FASCSA orders* in accordance with agency policy as follows:

(i) *Application at the contract level*. The agency awarding the basic contract may choose to apply *FASCSA orders* to the basic contract award. This is the preferred method, especially if small value orders or orders without a request for quotation (RFQ) are expected. Ordering activity *contracting officers* may use this contract vehicle without taking further steps to identify applicable *FASCSA orders* in the order. The *contracting officer* awarding the basic contract would select “yes” for all *FASCSA orders* (*i.e.*, “DHS *FASCSA Order*” “DoD *FASCSA Order*” and “DNI *FASCSA Order*”) (see paragraph (b)(1) of [52.204-30](#), Federal Acquisition Supply Chain Security Act Orders—Prohibition, with its *Alternate I*). If the *contracting officer* becomes aware of a newly issued applicable *FASCSA order*, then the agency awarding the basic contract shall modify the basic contract to remove any *covered article*, or any *products* or services produced or provided by a *source*, prohibited by the newly issued *FASCSA order*.

(ii) *Application at the order level.* The agency awarding the basic contract *may* choose to apply *FASCSA orders* at the order level, as implemented by the ordering activity *contracting officer*.

(2) *Collective FASCSA orders.* If a new *FASCSA order* is issued collectively by the Secretary of Homeland Security, Secretary of Defense, and Director of National Intelligence, then the *contracting officer shall* modify the basic contract based upon the requirements of the order, removing any *covered article*, or any *products* or services produced or provided by a *source* (see [4.2303\(b\)](#)).

(3) *Interagency acquisitions.* For an *interagency acquisition* (see subpart [17.5](#)) where the funding agency differs from the awarding agency, the funding agency *shall* determine the applicable *FASCSA orders*.

(4) *Inconsistencies.* If any inconsistency is identified between the basic contract and the order, then the *FASCSA orders* identified in the order will take precedence.

(c) *Updating the solicitation or contract for new FASCSA orders.* The *contracting officer shall* update a *solicitation* or contract if the program office or requiring activity determines it is necessary to:

(1) Amend the *solicitation* to incorporate *FASCSA orders* in effect after the date the *solicitation* was issued but prior to contract award; or

(2) Modify the contract to incorporate *FASCSA orders* issued after the date of contract award.

(i) Any such modification *should* take place within a reasonable amount of time, but no later than 6 months from the determination of the program office or requiring activity.

(ii) If the contract is not modified within the time specified in paragraph (c)(2)(i) of this section, then the contract file *shall* be documented providing rationale why the contract could not be modified within this timeframe.

(d) *Agency specific procedures.* The *contracting officer shall* follow agency procedures for implementing *FASCSA orders* not identified in SAM (see [4.2303\(c\)\(2\)](#)).

(e) *Disclosures.* If an *offeror* provides a disclosure pursuant to paragraph (e) of [52.204-29](#), Federal Acquisition Supply Chain Security Act Orders—Representation and Disclosures, the *contracting officer shall* engage with the program office or requiring activity to determine whether to pursue a waiver, if available, in accordance with [4.2305](#) and agency procedures or not award to that *offeror*. For *FASCSA orders* handled at the order level, the disclosures language is found at paragraph (b)(5) of [52.204-30](#), Federal Acquisition Supply Chain Security Act Orders—Prohibition, with its *Alternate II*.

(f) *Waiver.* An *acquisition may* be either fully or partially covered by a waiver. Partial waiver coverage occurs when only portions of the *products* or services being procured or provided by a *source* are covered by an applicable waiver. If the requiring activity notifies the *contracting officer* that the *acquisition* is partially covered by an approved individual waiver or class waiver under [4.2305](#), then the *contracting officer shall* work with the program office or requiring activity to identify in the *solicitation*, RFQ, or order, the *covered articles* or services produced by or provided by a *source* that are subject to the waiver (see [41 CFR 201-1.304\(b\)](#)).

(g) *Reporting.* If a contractor provides a report pursuant to paragraph (c) of [52.204-30](#), Federal Acquisition Supply Chain Security Act Orders—Prohibition, the *contracting officer shall* engage with the agency supply chain risk management program in accordance with agency procedures.

4.2305 Waivers.

(a) An *executive agency* required to comply with a *FASCSA order* may submit a request that the order or some of its provisions not apply to—

- (1) The agency;
- (2) Specific actions of the agency or a specific class of *acquisitions*;
- (3) Actions of the agency for a period of time before compliance with the order is practicable; or
- (4) Other activities, as appropriate, that the *requesting agency* identifies.

(b) A request for waiver *shall* be submitted by the *executive agency in writing* to the official that issued the order, unless other instructions for submission are provided by the applicable *FASCSA order*.

(c) The request for waiver *shall* provide the following information for the issuing official to review and evaluate the request, including—

- (1) Identification of the applicable *FASCSA order*;
- (2) A description of the exception sought, including, if limited to only a portion of the order, a description of the order provisions from which an exception is sought;
- (3) The name or a description sufficient to identify the *covered article* or the product or service provided by a *source* that is subject to the order from which an exception is sought;
- (4) Compelling justification for why an exception *should* be granted, such as the impact of the order on the agency's ability to fulfill its mission-critical functions, or considerations related to the national interest, including national security reviews, national security investigations, or national security agreements;
- (5) Any alternative mitigations to be undertaken to reduce the risks addressed by the *FASCSA order*; and
- (6) Any other information requested by the issuing official.

(d) The *contracting officer*, in accordance with agency procedures and working with the program office or requiring activity, *shall* decide whether to pursue a waiver or to make award to an *offeror* that does not require a waiver in accordance with the procedures at [4.2304\(f\)](#). If a waiver is being pursued, then the *contracting officer* may not make an award until written approval is obtained that the waiver has been granted.

4.2306 Solicitation provision and contract clauses.

(a) In all Federal Supply Schedules, Governmentwide *acquisition* contracts, and multi-agency contracts where *FASCSA orders* are applied at the order level, the *contracting officer shall* insert the clause at [52.204-28](#), Federal Acquisition Supply Chain Security Act Orders—Federal Supply Schedules, Governmentwide Acquisition Contracts, and Multi-Agency Contracts, in the basic contract *solicitation* and resultant contract (see [4.2304\(b\)\(1\)\(ii\)](#)).

(b) The *contracting officer shall* insert the provision at 52.204-29, Federal Acquisition Supply Chain Security Act Orders—Representation and Disclosures—

(1) In all *solicitations*, except for Federal Supply Schedules, Governmentwide *acquisition* contracts, and multi-agency contracts.

(2) In all *solicitations* for Federal Supply Schedules, Governmentwide *acquisition* contracts, and multi-agency contracts, if *FASCSA orders* are applied at the contract level (see 4.2304(b)(1)(i)).

(c) The *contracting officer shall* insert the clause at 52.204-30, Federal Acquisition Supply Chain Security Act Orders—Prohibition—

(1) In *solicitations* and contracts if the conditions specified at 4.2304(a)(1) apply, except for Federal Supply Schedules, Governmentwide *acquisition* contracts, and multi-agency contracts. For *acquisitions* where conditions specified at 4.2304(a)(2) apply, then the *contracting officer shall* use the clause with its *Alternate I*.

(2) In Federal Supply Schedules, Governmentwide *acquisition* contracts, and multi-agency contracts—

(i) Where *FASCSA orders* are applied at the contract level, with its *Alternate I* in all *solicitations* and resultant contracts. See 4.2304(b)(1)(i).

(ii) Where *FASCSA orders* are applied at the order level, with its *Alternate II* in all RFQs, or in all notices of intent to place an order. See 4.2304(b)(1)(ii).
