14.408-4 Economic price adjustment.

- (a) Bidder proposes economic price adjustment.
- (1) When a *solicitation* does not contain an economic price adjustment clause but a bidder proposes one with a ceiling that the price will not exceed, the bid *shall* be evaluated on the basis of the maximum possible economic price adjustment of the quoted base price.
- (2) If the bid is eligible for award, the *contracting officer shall* request the bidder to agree to the inclusion in the award of an approved economic price adjustment clause (see <u>16.203</u>) that is subject to the same ceiling. If the bidder will not agree to an approved clause, the award *may* be made on the basis of the bid as originally submitted.
- (3) Bids that contain economic price adjustments with no ceiling *shall* be rejected unless a clear basis for evaluation exists.
- (b) Government proposes economic price adjustment.
- (1) When an invitation contains an economic price adjustment clause and no bidder takes exception to the provisions, bids *shall* be evaluated on the basis of the quoted prices without the allowable economic price adjustment being added.
- (2) When a bidder increases the maximum percentage of economic price adjustment stipulated in the invitation or limits the downward economic price adjustment provisions of the invitation, the bid *shall* be rejected as nonresponsive.
- (3) When a bid indicates deletion of the economic price adjustment clause, the bid *shall* be rejected as nonresponsive since the downward economic price adjustment provisions are thereby limited.
- (4) When a bidder decreases the maximum percentage of economic price adjustment stipulated in the invitation, the bid *shall* be evaluated at the base price on an equal basis with bids that do not reduce the stipulated ceiling. However, after evaluation, if the bidder offering the lower ceiling is in a position to receive the award, the award *shall* reflect the lower ceiling.
