27.305-1 Goals.

- (a) Contracts having a patent rights clause should be so administered that-
- (1) Inventions are identified, disclosed, and reported as required by the contract, and elections are *made*;
- (2) The rights of the Government in *subject inventions* are established;
- (3) When patent protection is appropriate, patent applications are timely filed and prosecuted by contractors or by the Government;
- (4) The rights of the Government in filed patent applications are documented by formal instruments such as licenses or assignments; and
- (5) Expeditious commercial utilization of *subject inventions* is achieved.
- (b) If a *subject invention* is *made* under a contract funded by more than one agency, at the request of the contractor or on their own initiative, the agencies *shall* designate one agency as responsible for administration of the rights of the Government in the invention.
