## **36.609-4 Requirements for registration of designers.**

Insert the clause at 52.236-25, Requirements for Registration of Designers, in architect-engineer contracts, except that it may be omitted when the design will be performed-

- (a) Outside the United States and its outlying areas; or
- (b) In a State or outlying area of the United States that does not have registration requirements for the particular field involved.
