39.002 Definitions.

As used in this part-

Modular contracting means use of one or more contracts to acquire *information technology* systems in successive, interoperable increments.

National security system means any telecommunications or information system operated by the *United States* Government, the function, operation, or use of which-

(1) Involves intelligence activities;

(2) Involves cryptologic activities related to national security;

(3) Involves command and control of military forces;

(4) Involves equipment that is an integral part of a weapon or weapons system; or

(5) Is critical to the direct fulfillment of military or intelligence missions. This does not include a system that is to be used for routine administrative and business applications, such as payroll, finance, logistics, and personnel management applications.
