44.202-2 Considerations.

- (a) The *contracting officer* responsible for consent *must*, at a minimum, review the request and supporting data and consider the following:
- (1) Is the decision to subcontract consistent with the contractor's approved make-or-buy program, if any (see 15.407-2)?
- (2) Is the subcontract for *special test equipment*, equipment or real property that are available from Government sources?
- (3) Is the selection of the particular *supplies*, equipment, or services technically justified?
- (4) Has the contractor complied with the prime contract requirements regarding-
- (i) Small business subcontracting, including, if applicable, its plan for subcontracting with small, veteran-owned, service-disabled veteran-owned, *HUBZone*, small disadvantaged and *women-owned small business concerns* (see part 19); and
- (ii) Purchase from nonprofit agencies designated by the Committee for Purchase From People Who Are Blind or Severely Disabled 41 U.S.C.8504 (see part 8)?
- (5) Was adequate price competition obtained or its absence properly justified?
- (6) Did the contractor adequately assess and dispose of subcontractors' *alternate* proposals, if offered?
- (7) Does the contractor have a sound basis for selecting and determining the responsibility of the particular subcontractor?
- (8) Has the contractor performed adequate cost or price analysis or price comparisons and obtained certified cost or pricing data and data other than certified cost or pricing data?
- (9) Is the proposed subcontract type appropriate for the risks involved and consistent with current policy?
- (10) Has adequate consideration been obtained for any proposed subcontract that will involve the use of Government-provided equipment and real property?
- (11) Has the contractor adequately and reasonably translated prime contract technical requirements into subcontract requirements?
- (12) Does the prime contractor comply with applicable cost accounting standards for awarding the subcontract?
- (13) Is the proposed subcontractor listed as excluded in the *System for Award Management* (see subpart 9.4)?
- (b) Particularly careful and thorough consideration under paragraph (a) of this section is necessary when-
- (1) The prime contractor's purchasing system or performance is inadequate;

- (2) Close working relationships or ownership affiliations between the prime and subcontractor may preclude free competition or result in higher prices;
- (3) Subcontracts are proposed for award on a non-competitive basis, at prices that appear unreasonable, or at prices higher than those offered to the Government in comparable circumstances; or
- (4) Subcontracts are proposed on a cost-reimbursement, time-and-materials, or labor-hour basis.
