

208.405 Ordering procedures for Federal Supply Schedules.

(1) Include an evaluation factor regarding supply chain risk (see subpart [239.73](#)) when acquiring information technology, whether as a service or as a supply, that is a covered system, is a part of a covered system, or is in support of a covered system, as defined in [239.7301](#).

(2) See [215.101-2-70](#) for the limitations and prohibitions on the use of the lowest price technically acceptable source selection process, which are applicable to orders placed under Federal Supply Schedules.

(3) See [217.7801](#) for the prohibition on the use of reverse auctions for personal protective equipment and aviation critical safety items.

(4) See [204.7603](#) for procedures on the required use of the Supplier Performance Risk System (SPRS) risk assessments.

(i) The contracting officer shall ensure SPRS assessments of price risk and supplier risk are considered as a part of the award decision.

(ii) When placing an order with a schedule contractor for an end product identified by a material identifier that is available as described at [204.7603](#), and item risk was not previously considered during award of the schedule contract, the contracting officer shall also consider SPRS assessments of item risk in the award decision.

(iii) Use the provision at [252.204-7024](#), Notice on the Use of the Supplier Performance Risk System, as prescribed in [204.7604](#) to the extent permitted by the Federal Supply Schedule.
