## 211.170 Use of proprietary specifications or standards.

A justification and approval is required to use proprietary specifications and standards—

- (1) When using sealed bidding or negotiated acquisition procedures (see  $\underline{206.302-1}$  (S-70) for justification requirements); or
- (2) When using the simplified procedures for certain commercial products and commercial services at FAR 13.5 (see <u>213.501(a)(ii)</u> for justification requirements).
