## 232.901 Applicability.

- (1) Except for FAR 32.908, FAR subpart 32.9, Prompt Payment, does not apply when-
- (i) There is-
- (A) An emergency, as defined in the Disaster Relief Act of 1974;
- (B) A contingency operation (see FAR 2.101(b)); or
- (C) The release or threatened release of hazardous substances (as defined in 4 U.S.C. 9606, section 106);
- (ii) The head of the contracting activity has made a determination, after consultation with the cognizant comptroller, that conditions exist that limit normal business operations; and
- (iii) Payments will be made in the operational area or made contingent upon receiving supporting documentation (i.e., contract, invoice, and receiving report) from the operational area.
- (2) Criteria limiting normal business operations during emergencies and contingency operations that restrict the use of FAR 32.9 may include such conditions as—
- (i) Support infrastructure, hardware, communications capabilities, and bandwidth are not consistently available such that normal business operations can be carried out;
- (ii) Support resources, facilities, and banking needs are not consistently available for use as necessary in carrying out normal business operations;
- (iii) Military mission priorities override the availability of appropriately skilled personnel in support of back-office operations;
- (iv) Mobility impairments and security concerns restrict free movement of personnel and documents necessary for timely processing;
- (v) Foreign vendors are not familiar with or do not understand DoD contract requirements (i.e., proper invoice, receiving documentation, and contracting terms); or
- (vi) Documents received in support of payment requests and shipments require language translations that cannot be performed and documented within normal business processing times.
- (3) Subsequent Determinations. The head of the contracting activity shall make subsequent determinations, after consultation with the cognizant comptroller, as the operational area evolves into either a more stable or less stable environment.
- (i) If the head of the contracting activity determines that the operational area has evolved into a more stable environment, the contracting officer shall notify, by issuance of a contract modification, each contractor performing in the operational area under review. The modification deactivates this clause <u>252.232-7011</u> and activates the applicable FAR Prompt Payment clause in the contract.
- (ii) If after deactivation of this clause, the head of the contracting activity subsequently determines that the operational area has evolved into a less stable environment, the head of the contracting activity will make a determination that conditions exist that limit normal business operations. The

contracting officer will then reactivate this clause  $\underline{252.232-7011}$  by issuance of a contract modification.
