(d) *Correction of significant deficiencies.*

If, after receipt of verification, the contracting officer determines that the contractor has corrected all material weaknesses as directed by the contracting officer's final determination, the contracting officer shall discontinue the withholding of payments, release any payments previously withheld, and approve the system, unless other material weaknesses remain.

(2) Prior to the receipt of verification, the contracting officer may discontinue withholding payments pending receipt of verification, and release any payments previously withheld, if the contractor submits evidence that the material weaknesses have been corrected, and the contracting officer, in consultation with the auditor or functional specialist, determines that there is a reasonable expectation that the corrective actions have been implemented and are expected to correct the material weaknesses.

(ii) Reduce withholding directly related to the material weaknesses covered under the corrective action plan by at least 50 percent of the amount being withheld from progress payments and performance-based payments, and direct the contractor, in writing, to reduce the percentage withheld on interim cost vouchers by at least 50 percent, until the contracting officer makes a determination in accordance with paragraph (d)(3)(i) of this section.

(4) If, at any time, the contracting officer determines that the contractor has failed to correct the material weaknesses identified in the contractor's notification, the contracting officer will continue, reinstate, or increase withholding from progress payments and performance-based payments, and direct the contractor, in writing, to continue, reinstate, or increase the percentage withheld on interim cost vouchers to the percentage initially withheld, until the contracting officer determines that the contractor has corrected all material weaknesses as directed by the contracting officer's final determination.
