SUBPART 1.1 -- PURPOSE, AUTHORITY, ISSUANCE

1.101 Purpose.

The Defense Information Systems Agency (DISA) Acquisition Regulation Supplement (DARS) establishes uniform DISA policies implementing and supplementing the Federal Acquisition Regulation (FAR), the Defense FAR Supplement (DFARS), Title 10 of the United States Code and other statutory authority, and applicable Department of Defense (DoD) directives and instructions. The DARS is not a “stand alone” document and must be read in conjunction with the preceding guidance.

201.104 Applicability.

The DARS applies to all acquisitions processed or managed by DISA, except where expressly excluded. Policies/procedures of non-DISA mission partners are acceptable as long as they comply with applicable laws and regulations. For example: Requirements office generated documents (e.g., acquisition plans, justifications and approvals) need not be in the DISA format, contain DISA supplemental information, etc.

DARS acquisition and procurement process oversight policies are not applicable to external mission partners.

201.105-3 Copies.

Copies of the DARS and associated acquisition policies and procedures are available electronically via the DISA Acquisition Policy and Guidance web site: <http://www.ditco.disa.mil/hq/aqinfo.asp>.

201.170 Peer reviews.

(a) DoD peer reviews.

(1)(i) *Preaward peer reviews for competitive procurements.* Per [Class Deviation 2021-O00107](#), Defense Pricing and Contracting (DPC) will conduct preaward peer reviews for competitive procurements with an estimated value of \$1 billion or more for all procurements under major defense acquisition programs for which the Under Secretary of Defense for Acquisition and Sustainment (USD(A&S)) is the milestone decision authority. Additionally, preaward peer reviews of competitive procurements will be conducted for procurements designated by USD(A&S) as requiring a peer review, regardless of value. DPC-led peer reviews may be requested for acquisitions valued below the \$1 billion threshold and will be conducted upon approval by the Director, Contract Policy.

DoD policy for peer reviews was established by the memorandum "Peer Reviews of Contracts for Supplies and Services," dated September 29, 2008, available at <https://www.acq.osd.mil/dpap/policy/policyvault/USA000820-08-DPAP.pdf>.

(ii) *Preaward peer reviews for noncompetitive procurements.* Per Class Deviation 2021-O0007, Preaward Peer Reviews will be conducted for DISA noncompetitive procurements valued at \$1 billion or more or for any other contract action designated by the USD(A&S) as requiring a peer review, regardless of value. DPC-led peer reviews may be requested for contract actions valued below the \$1 billion threshold and will be conducted upon approval by the Director, Price, Cost and Finance.

(iii) *Postaward peer reviews for acquisition of services valued at \$1 billion or more.* Per Class Deviation 2021-O0007, DPC will not conduct postaward peer reviews for acquisitions of services with a total estimated value greater than \$1 billion as required by DFARS 201.170(a)(1)(iii).

(b) Component (DISA) peer reviews (if a DPC Peer Review is not conducted).

(1) *Preaward peer reviews for competitive procurements valued at \$500 million or more and noncompetitive procurements valued at \$500 million or more but less than \$1 billion.* The DISA Contracting Peer Review/Independent Management Review Program establishes policy and procedures for conducting peer reviews of all solicitations with a total estimated contract value (including options) of \$500 million or more.

(2) *Preaward peer reviews for procurements valued below \$500 million.* CoCOs are encouraged to request inter-DITCO and intra-DITCO pre-solicitation peer reviews below \$500M. Inter-DITCO peer reviews will be managed by PL22. Intra-DITCO peer reviews will be managed by the respective CoCO and results will be provided to PL22 (for tracking the conduct of the review and trends).

(3) *Postaward peer reviews of all contracts for services valued at less than \$1 billion.*

(S-90) *Independent management reviews for contracts for services valued at \$500 million or more.* The DISA Contracting Peer Review/Independent Management Review Program establishes policy and procedures for conducting independent management reviews of all contracts for services with a total estimated contract value (including options) of \$500 million or more in accordance with section 808 of the National Defense Authorization Act for Fiscal Year 2008 (Pub. L. 110-181).

(1) *Objective.* The objective of the DISA Contracting Peer Review/Independent Management Review Program is to (1) ensure that contracting officer across the Procurement Services Directorate (PSD) are implementing law, policy and regulations in a consistent and accurate manner; (2) improve the quality of acquisition and contracting processes across DISA; and (3) share best practices and lessons learned. The findings and recommendations of the peer reviews/independent management reviews are advisory in nature, providing supplemental information to the contracting officer regarding acquisition strategy, contract structure, format, content, and compliance. The procedures are established in accordance with [Class Deviation 2021-O0007 - Peer Reviews of Acquisitions for Supplies and Services](#) dated June 25, 2021.

(i) Pre-award Peer Reviews of solicitations shall be conducted for procurements (\$500M or above, but less than \$1B) prior to issuance of the solicitation (pre-solicitation).

(ii) Independent Management Review of contracts for services shall be conducted at the following decision points:

(A) Mid-point of the initial (base) performance period if in excess of three years; and

(B) Prior to exercising the first option period of performance and every other option period thereafter (e.g., OP1, OP3, OP5).

All peer review/independent management review documentation shall be marked as “Source Selection Information – see FAR 2.101 and 3.104”.

Table 1-1 Peer Review/Independent Management Review Thresholds

Procurement Type	Dollar Threshold *	Reviewer

The procedures are generally implemented as DISA Acquisition Templates, Samples, Guides, and Deskbooks and referenced in the appropriate part in the DARS. Appendix A contains a listing of all current templates, samples, guides, and deskbooks. DISA PL21 facilitates implementation of all DISA Acquisition Documents. DISA procurement and acquisition policy and guidance can be found at <http://www.ditco.disa.mil/hq/aqinfo.asp>.

(d)(S-90) *Policy*. The contracting officer shall designate and manage Contracting Officer's Representatives (CORs) in accordance with the DoD and DISA COR Handbooks located at <https://www.ditco.disa.mil/hq/deskbooks.asp>. The authority to designate CORs shall not be further delegated.

(S-91) The contracting officer must designate the COR in the Joint Appointment Module (JAM) as part of the award process, inserting DISA specific instructions as applicable. The JAM module is located at <https://piee.eb.mil/>. Within JAM, a COR may self-nominate or the contracting officer may appoint a COR.

(S-92) The mission partner may indicate on Enclosure 1, Requirements Checklist that a COR appointment is not necessary because it meets the exemption criteria in DFARS PGI 201.602-2(d)(v)(A) (1) and (2). The contracting officer shall review the requirement to confirm the criteria are met. The contracting officer may request additional information to support the exemption, as necessary. Filing Enclosure 1, Requirements Checklist in the contract file meets the requirement in DFARS PGI 201.602-2(d)(v)(A)(3) to document the file in writing.

(S-93) *Contracting Officer* responsibilities:

Electronic Document Management System (EDMS) Tab 52 shall contain a copy of the approved designation letter from the JAM module.

A *Technical Representative* (TR) is distinctly different from a COR. A TR is not authorized to perform contract administration functions and is generally located at a contractor's facility to provide program technical oversight. The program manager (see DARS Part 7 for definition) appoints the TR. See DFARS 242.74 for TR procedures.

1.602-3 Ratification of unauthorized commitments.

(b)(2) The ratifying official for all DISA unauthorized commitments (UC) of any dollar value and non-DISA UCs valued at or above \$1M is the SPE. The ratifying official for all non-DISA UCs valued below \$1M is the HCA. Coordination of the ratification request shall flow from the individual that made the unauthorized commitment as follows: 1) Cognizant contracting officer to prepare the Determination and Findings portion of the Ratification Approval Form, 2) General Counsel for a legal opinion, 3) DITCO HCO for review and concurrence and 4) PL22 for review and processing. PL22 will log the complete package into the PL22 Ratification Log, assign a tracking number, review the package to provide any findings or comments to the contracting officer, and coordinate the final package for submission to the ratifying official for approval. The CoCO will notify the HCA when an UC has occurred, to include Center/Directorate/Division and D-Code, individual who committed the UC, dollar value, and the general facts of the UC. The HCA will notify the cognizant Center/Directorate SES(s).

(S-90) For all DISA requiring offices, the individual that made the UC serves as the Action Officer for the ratification request and prepares the package using the PSD Request for Approval of Unauthorized Commitment Form, to include documents specified to be provided to develop a complete record of the UC, and prepares a DISA Form 9. If the UC was made by a non-DISA employee, then the Form 9 will be prepared by the contract specialist or contracting officer.

The Ratification Approval Form, Ratification Instructions, DISA Form 9, Timelines for Processing Ratification Packages, and Ratification Log are located in the DARS PGI 1.602-3.

(S-91) Timelines for Processing Ratification Packages can be found in DARS PGI 1.602-3(b)(2)(S-91)

(6) Priced options that were previously established in the basic contract/order and that are exercised in accordance with the established prices and terms and conditions of the contract/order.

(c) Policy, thresholds, and approvals.

Procurement actions are subject to various review levels and thresholds as set forth below.

Note: HCOs and CoCOs are accountable for procurement quality. HCOs and CoCOs will establish an internal review, self-inspection program to review contract files not less than annually to ensure quality standards are maintained for all procurement actions within their respective offices, including simplified acquisitions. The HCO and/or CoCO is responsible for identifying the quality control measures implemented for the DITCO in the Manager's Internal Control Program. The results of the quality inspections will be provided to PL2 for trend analysis, training purposes, and

future PMRs.

(1) The objectives of the review and approval process are to ensure that:

- (i) Contract actions effectively implement approved acquisition strategies;
- (ii) Negotiations and contract actions result in fair and reasonable business arrangements;
- (iii) Negotiations and contract actions are consistent with laws, regulations, and policies; and,

(i) Legal and Policy Compliance review thresholds. PL8 (non-telecommunications): \$10M for task orders, \$10M for supplies / hardware, and \$6.5M for all other procurement actions; PLA, PL5, PL7 and PL8 (telecommunications): \$6.5M for all procurement actions. Legal and Policy reviews can be requested by a contracting officer, CoCO, HCO, or HCA at lower dollar thresholds or for special interest procurements.

(2) At a minimum, the contracting officer must review the contract file/documentation prior to requesting a legal and policy compliance review. Also, the contract file must be reviewed at least one level above the contracting officer prior to requesting a Legal and Policy compliance review for contract actions greater than or equal to \$50M. The contracting officer may submit the request for Legal and Policy compliance review only after all reviewer comments, if any, are resolved.

Legal will copy the CoCO on e-mails which notify a contracting officer of legally insufficient findings, and Policy will copy the CoCO on e-mails which notify a contracting officer of compliance review Findings. A procurement document shall not be released until legally insufficient or compliance review Findings are adjudicated.

(ii) While changes are expected to be professionally resolved at the lowest possible level, disagreements may be elevated above the contracting officer, through Section and Branch Chiefs to the CoCO, the HCO, and ultimately to the HCA. Legal issues may be elevated to the Deputy General

Counsel (Acquisition & Procurement).

Pertinent information needed to assist the PL22 Policy compliance reviewers should be included in the body of the e-mail. For example, provide the EDMS folder ID number*, document identifier/description, indicate if a policy compliance review was accomplished at a previous stage of the procurement (and if so, the solicitation number), provide the estimated dollar value of the procurement, etc. See Table 1-5 for a list of required documents. Documents may be submitted as attachments to the email if not available in EDMS.

*Note: The EDMS folder identifier must be included.

(ii) In circumstances where the contracting officer finds it necessary to proceed with issuing a solicitation or awarding a contract action prior to obtaining a PL22 Policy compliance review as required by the DARS, the contracting officer shall obtain a written waiver from the CoCO. The waiver shall be retained in the official contract file. Prior to requesting a waiver, the Contracting Officer shall consider a targeted review of critical documents or portion of the contract file.

(iii) Each Policy review comment will be listed under one of the following categories: Observation, Finding, Recommendation, or Commendation. Below are the definitions of each category:

(A) Observation: Comments and input on issues identified by the PL22 Analyst that do not meet the definition of a Finding or do not warrant being documented as a Finding yet may need correction. Observations may be accompanied by an actionable Recommendation. Examples include process improvements, apparent oversights in supporting documentations or the contents of the contract file, administrative errors related to grammar, punctuation, style, etc.

(B) Finding: Specific actions that contradict statutory, regulatory, or policy requirements, causing the procurement to be deemed non-compliant with the FAR, DFARS, DARS, or DISA prescribed policy or procedure. Findings shall include a cited reference and the Finding shall be resolved prior to release of any related procurement documents. The compliance review issued by PL22 documenting the Finding and the documented disposition by the Contracting Officer shall be filed in the contract file.

1.9001 Procurement management reviews (PMR) and special interest reviews.

(a) Chief, Contract Operations Branch (PL22) will establish and maintain DISA's Procurement Management Review (PMR) program, conduct Special Interest Reviews, and assist the Agency with other reviews as appropriate. PMRs assist the Head of the Contracting Activity (HCA) and the DISA Senior Procurement Executive, in evaluating DISA's procurement processes, including the DISA Purchase Card Program. PMRs also assist the CoCO and the HCO to improve the operational efficiency and effectiveness of their contracting organizations. This is accomplished through the assessment of internal management controls and acquisition policies and procedures. Additionally, the results of the PMRs are used to assess the Agency's ability to sustain external scrutiny such as DoD Inspector General (DoDIG) Audits, General Accountability Office (GAO) Audits, external PMRs, and other independent reviews.

(b)(i) PMRs are conducted at the four Defense Information Technology Contracting Organizations (DITCO):

(1) DITCO-National Capital Region (NCR)

(2) DITCO-Europe

(3) DITCO-Pacific

(4) DITCO-Scott

(ii) Contract Management Reviews (CMR) are conducted at two external organizations:

(1) WHCA (White House Communications Agency)

(2) CMCA (Communications Management and Control Activity)

(c) PMRs and CMRs will be conducted IAW the PSD PMR Standard Operating Procedure. The HCA is the final decision authority for PMR/CMR observations, findings and recommendations.

(d) Special Interest Reviews are conducted at the request of the HCA or the SPE. These reviews assess specific aspects of the procurement process and/or operations, as requested.
