C18 Shipping Instructions for Export and U.S. Territories (AUG 2017)

(1) Mail instructions (Army Post Office (APO) or Fleet Post Office (FPO) addresses). Route shipments within mail limitations to the address cited with each contract line-item (CLIN) in the following manner, based on the TP (Transportation Priority) reflected in the "mark for" data with each CLIN:

(a) U.S. mail is the only mode authorized for shipments to APO or FPO addresses.

(b) Commercial small parcel carriers (e.g., UPS, RPS or Federal Express) and Commercial Motor Carriers are never an acceptable mode to any APO/FPO address. A small parcel carrier may not be used for any destination in Alaska, Hawaii, or Puerto Rico, unless the carrier guarantees delivery to that specific consignee.

(c) Address parcel post shipments to an APO/FPO address to the "Commander" or "Commanding Officer" if there is no title preceding the address. Annotate shipments under the return address as follows: "Contents for official use - exempt from customs requirements."

(e) Use surface parcel post (fourth class) for TP3 (IPD 09-15).

(f) The cost of parcel post insurance will not be paid by the Government.

(2) Shipments to container consolidation points (CCPs):

(a) Contact the Government Transportation Office for the Contract Administration Office: either DCMA for DCMA administered awards or DLA Distribution for awards administered by the issuing office. (vi) Type 1 shelf life items,

(vii) TP1 and 2 (IPD 01-08) with RDD of 999, 777, or 555.

(4) The contractor shall furnish the above data no later than five (5) days prior to the scheduled shipment date for shipments weighing less than 10,000 pounds which will not be tendered as a carload or truckload

(5) The contractor may not ship prior to furnishing required data, regardless of weight.

(6) The contractor must clearly identify in invoices when shipment is made by air.

(7) The carrier must research the Transportation Facilities Guide (TFG) on the consignee to get information on who to contact to make delivery appointments. The carrier should schedule appointments as soon as they are given the load via the Carrier Appointment System (CAS)/prelodge desk prior to delivery of freight shipments (other than small parcels). Bills of Lading must be annotated with pertinent TFG data and carrier appointment times.

(8) The contractor must include the mailing address of the ultimate Consignee and "Mark For" information required as part of the address for parcel post or freight shipments, as applicable, included with the data cited with each individual CLIN.
