5304.604 Responsibilities

(a) Subsequent to each contract action, the contracting officer must reference the CARapproval date in the official contract file.

(b) Procurement Data Verification & Validation (V&V)

On a quarterly basis, SAF/AQCI will provide procurement data information to the Modernization Board ([MODBOD](#)) who shall verify and validate the information with the appropriate contracting officer. Upon completion, the contracting officer shall post the results using the V&V tool. SAF/AQCI will collect the data from the V&V tool once the data is gathered from the MODBOD members.

For additional questions: (SAF.AQ.SAF-AQCI.Workflow@us.af.mil).

Additional guidance can be found at the V&V website: [AF-FPDS-NG Data Validation](#)
