(End of clause)

3452.204-70 Records management.

As prescribed in 3404.770, insert the following clause:

Records Management (OCT 2023)

A. Applicability

This clause applies to all Contractors and subcontractors that receive, create, work with, or otherwise handle Federal records, as defined in paragraph B, regardless of the medium in which the record exists.

B. Definitions

"Federal record," as defined in 44 U.S.C. 3301, means all recorded information, regardless of form or characteristics, made or received by the Department under Federal law or in connection with the transaction of public business and preserved or appropriate for preservation by the Department or its legitimate successor as evidence of the organization, functions, policies, decisions, procedures, operations, or other activities of the U.S. Government or because of the informational value of data in them.

"Records inventory," as used in this clause, means a descriptive listing of each Federal record series or system that a Contractor creates, receives, or maintains in performance of its contract with the Department, together with an indication of its location, retention, custodian, volume, and other pertinent data.

C. Requirements

1. The Contractor shall comply with all applicable records management laws and regulations, as well as National Archives and Records Administration (NARA) records policies, including the Federal Records Act (44 U.S.C. chapters 21, 29, 31, and 33), NARA regulations at 36 CFR chapter XII, subchapter B, including 36 CFR part 1236, and those policies associated with the safeguarding of Federal records covered by the Privacy Act of 1974, as amended (Privacy Act) (5 U.S.C. 552a). These laws, regulations, and policies include the appropriate preservation of all Federal records, regardless of form or characteristics, mode of transmission, or state of completion.

2. In accordance with 36 CFR 1222.32, all data created for U.S. Government use and delivered to, or falling under the legal control of, the U.S. Government are Federal records subject to the provisions of 44 U.S.C. chapters 21, 29, 31, and 33, the Freedom of Information Act, as amended (FOIA) (5 U.S.C. 552), and the Privacy Act, and must be managed and scheduled for disposition only as permitted by Federal statute or regulation.

3. In accordance with 36 CFR 1222.32, the Contractor shall maintain and manage all Federal records created for U.S. Government use, created during performance of this contract, and/or delivered to, or under the legal control of, the U.S. Government in accordance with Federal law. Electronic Federal records and associated metadata specified for delivery under this contract must be accompanied by sufficient technical documentation to facilitate their understanding and use.

4. (a) The Contractor shall provide a records inventory to the Contracting Officer Representative and Contracting Officer within 60 business days after contract or order award. The Department will review the records inventory for accuracy and accept or reject the records inventory within 60

business days after receipt.

(b) If the Contractor creates, receives, or maintains a Federal record series or system that is not included in the records inventory, the Contractor shall notify the Contracting Officer Representative and Contracting Officer within five business days of the Contractor's creation, receipt, or maintenance of such Federal record series or system, and provide the Contracting Officer with a revised records inventory. The Department will review the records inventory for accuracy and accept or reject the records inventory within 60 business days after receipt.

(c) The Department will periodically review, and may, in its sole discretion, update, the records inventory to ensure that it is current, accurate, and complete. The Department will provide the Contractor with a copy of any such updated records inventory.

5. The U.S. Government reserves the right to inspect, at any time, Contractor and subcontractor policies, procedures, and strategies for ensuring that Federal records are appropriately maintained.

6. The Contractor is responsible for preventing the alienation or unauthorized destruction of Federal records under this contract, including all forms of mutilation. Federal records may not be removed from the legal custody of the Department or destroyed except in accordance with the provisions of this contract and the Federal Records Act. Willful and unlawful destruction, damage, or alienation of Federal records is subject to the fines and penalties imposed by 18 U.S.C. 2701. The Contractor shall report any unlawful or accidental removal, defacing, alteration, or destruction of Federal records to the Contracting Officer within one business day.

7. The Contractor shall ensure that the appropriate personnel, administrative, technical, and physical safeguards are established to ensure the security and confidentiality of all Federal records in accordance with this contract and applicable law.

8. The Contractor shall not remove material from U.S. Government facilities or systems, or facilities or systems operated or maintained on the U.S. Government's behalf, without the express prior written authorization of the Contracting Officer.

9. The Contractor shall not create or maintain any Federal records containing any non-public Department information not specified or authorized by this contract.

10. (a) During the term of this contract, the Contractor shall not (i) disclose any Federal record, or any copy thereof, that contains information covered by 32 CFR part 2002 or FOIA (with the exception, for the purposes of FOIA, of information that exclusively implicates the exemption 4 interests of the Contractor); or (ii) sell any Federal record, or any copy thereof.

(b) After expiration or termination of this contract, the Contractor shall not retain or have access to any Federal record, or any copy thereof, that contains information covered by 32 CFR part 2002 or that is generally protected from public disclosure by an exemption under FOIA with the exception, for the purposes of FOIA, of information that exclusively implicates the exemption 4 interests of the Contractor.

(c) Under no circumstances shall the Contractor destroy Federal records except in accordance with the provisions of this contract and the Federal Records Act.

11. All Contractor employees assigned to this contract who create, work with, or otherwise handle Federal records are required to complete Department-provided records management training. The Contractor is responsible for confirming training has been completed according to Department policies, including initial training and any annual or refresher training.

12. The Contractor is required to notify the Contracting Officer of any contractual relationship (subcontractor) in support of this contract requiring the disclosure of information, documentary material and/or Federal records generated under, or relating to, contracts. The Contractor (and any subcontractor) is required to abide by U.S. Government and the Department's guidance for protecting sensitive, proprietary information, classified, and controlled unclassified information.

(a) The Contractor shall incorporate the substance of this clause, its terms and requirements including this paragraph, in all subcontracts requiring the disclosure to a subcontractor of information, documentary material, and/or Federal records generated under, or relating to, the performance of this contract, and require written subcontractor acknowledgement of the same.

(b) Violation by a subcontractor of any provision set forth in this clause will be attributed to the Contractor.

(End of clause)

3452.204-71 Contractor security vetting requirements.

As prescribed in 3404.470-1, insert the following clause:

Contractor Security Vetting Requirements (OCT 2023)

(a) The Contractor and its subcontractors shall comply with Department of Education personnel, cyber, privacy, and security policy requirements set forth in "Contractor Security Vetting Requirements" at <http://www.ed.gov/fund/contract/about/bsp.html>.

(b) Contractor employees who will have access to proprietary or sensitive Department information including "Controlled Unclassified Information" as defined in 32 CFR 2002.4(h), Department IT systems, Contractor systems operated with Department data or interfacing with Department systems, or Department facilities or space, or perform duties in a school or in a location where children are present, must undergo a personnel security screening and receive a favorable determination and are subject to reinvestigation as described in the "Contractor Vetting Security Requirements." Compliance with the "Contractor Vetting Security Requirements," as amended, is required.

(c) The type of security investigation required to commence work on a Department contract is dictated by the position designation determination assigned by the Department. All Department Contractor positions are designated commensurate with their position risk/sensitivity, in accordance with title 5 of the Code of Federal Regulations (5 CFR 731.106) and OPM's Position Designation Tool (PDT) located at: <https://pdt.nbis.mil/>. The position designation determines the risk level and the corresponding level of background investigations required.

(d) The Contractor shall comply with all Contractor position designations established by the Department.

(e) The following are the Contractor employee positions required under this contract and their designated risk levels:

High Risk (HR): (Specify HR positions or Insert "Not Applicable")

Moderate Risk (MR): (Specify MR positions or Insert "Not Applicable")

Low Risk (LR): Specify LR positions or Insert “Not Applicable”)

(f) For performance-based contracts where the Department has not identified required labor categories for Contractor positions, the Department considers the risk sensitivity of the services to be performed and the access to Department facilities and systems that will be required during performance, to determine the uniform Contractor position risk level designation for all Contractor employees who will be providing services under the contract. The uniform Contractor position risk level designation applicable to this performance-based contract is: (Contracting Officer to complete with overall risk level; or insert “Not Applicable”).

(g) Only U.S. citizens will be eligible for employment on contracts requiring a Low Risk/Public Trust, Moderate Risk/Public Trust, High Risk/Public Trust, or a National Security designation.

(h) An approved waiver, in accordance with the “Contractor Vetting Security Requirements,” is required for any exception to the requirements of paragraph (g) of this section.

(i) The Contractor shall—

(1) Comply with the Principal Office (PO) processing requirements for personnel security screening;

(2) Ensure that no Contractor employee is placed in a higher risk position than for which the employee is approved;

(3) Ensure Contractor employees submit required security forms for reinvestigation in accordance with the time frames set forth in the “Contractor Vetting Security Requirements”;

(4) Report to the COR any information (*e.g.*, personal conduct, criminal conduct, financial difficulties) that would raise a concern about the suitability of a Contractor employee or whether a Contractor employee's continued employment would promote the efficiency of the service or violate the public trust;

(5) Protect sensitive and Privacy Act-protected information, including “Controlled Unclassified Information” as defined in 32 CFR 2002.4(h), from unauthorized access, use, or misuse by its Contractor employees, prevent unauthorized access by others, and report any instances of unauthorized access, use, or misuse to the COR;

(6) Report to the COR any removal of a Contractor employee from a contract within one business day if removed for cause or within two business days if otherwise removed;

(7) Upon the occurrence of any of the events listed under paragraph (b) of the clause at FAR 52.204-9, Personal Identity Verification of Contractor Personnel, return a PIV ID to the COR within seven business days of the Contractor employee's departure; and

(8) Report to the COR any change to job activities that could result in a change in the Contractor employee's position or the need for increased security access.

(j) Failure to comply with any of the personnel security requirements in the “Contractor Security Vetting Requirements” at <http://www.ed.gov/fund/contract/about/bsp.html>, may result in a termination of the contract for default or cause.

(End of clause)

3452.208-72 Paperwork Reduction Act.

As prescribed in 3408.871, insert the following clause in all relevant solicitations and contracts:

Paperwork Reduction Act (MAR 2011)

(a) The Paperwork Reduction Act of 1995 applies to contractors that collect information for use or disclosure by the Federal government. If the contractor will collect information requiring answers to identical questions from 10 or more people, no plan, questionnaire, interview guide, or other similar device for collecting information may be used without first obtaining clearance from the Chief Acquisition Officer (CAO) or the CAO's designee within the Department of Education (ED) and the Office of Management and Budget (OMB). Contractors and Contracting Officers' Representatives shall be guided by the provisions of 5 CFR part 1320, Controlling Paperwork Burdens on the Public, and should seek the advice of the Department's Paperwork Clearance Officer to determine the procedures for acquiring CAO and OMB clearance.

(b) The contractor shall obtain the required clearances through the Contracting Officer's Representative before expending any funds or making public contacts for the collection of information described in paragraph (a) of this clause. The authority to expend funds and proceed with the collection shall be in writing by the contracting officer. The contractor must plan at least 120 days for CAO and OMB clearance. Excessive delay caused by the Government that arises out of causes beyond the control and without the fault or negligence of the contractor will be considered in accordance with the Excusable Delays or Default clause of this contract.

(End of clause)

3452.209-70 Conflict of interest certification.

As prescribed in 3409.507-1, insert the following provision in all solicitations anticipated to result in contract actions for services above the simplified acquisition threshold:

Conflict of Interest Certification (MAR 2011)

(a)

(1) The contractor, subcontractor, employee, or consultant, by signing the form in this clause, certifies that, to the best of its knowledge and belief, there are no relevant facts or circumstances that could give rise to an organizational or personal conflict of interest, (see FAR subpart 9.5 for organizational conflicts of interest) (or apparent conflict of interest), for the organization or any of its staff, and that the contractor, subcontractor, employee, or consultant has disclosed all such relevant information if such a conflict of interest appears to exist to a reasonable person with knowledge of the relevant facts (or if such a person would question the impartiality of the contractor, subcontractor, employee, or consultant). Conflicts may arise in the following situations:

(i) *Unequal access to information.* A potential contractor, subcontractor, employee, or consultant has access to non-public information through its performance on a government contract.

(ii) *Biased ground rules.* A potential contractor, subcontractor, employee, or consultant has worked, in one government contract, or program, on the basic structure or ground rules of another

government contract.

(iii) *Impaired objectivity*. A potential contractor, subcontractor, employee, or consultant, or member of their immediate family (spouse, parent, or child) has financial or other interests that would impair, or give the appearance of impairing, impartial judgment in the evaluation of government programs, in offering advice or recommendations to the government, or in providing technical assistance or other services to recipients of Federal funds as part of its contractual responsibility. "Impaired objectivity" includes but is not limited to the following situations that would cause a reasonable person with knowledge of the relevant facts to question a person's objectivity:

(A) Financial interests or reasonably foreseeable financial interests in or in connection with products, property, or services that may be purchased by an educational agency, a person, organization, or institution in the course of implementing any program administered by the Department;

(B) Significant connections to teaching methodologies or approaches that might require or encourage the use of specific products, property, or services; or

(C) Significant identification with pedagogical or philosophical viewpoints that might require or encourage the use of a specific curriculum, specific products, property, or services.

(2) Offerors must provide the disclosure described above on any actual or potential conflict of interest (or apparent conflict of interest) regardless of their opinion that such a conflict or potential conflict (or apparent conflict of interest) would not impair their objectivity.

(3) In a case in which an actual or potential conflict (or apparent conflict of interest) is disclosed, the Department will take appropriate actions to eliminate or address the actual or potential conflict, including but not limited to mitigating or neutralizing the conflict, when appropriate, through such means as ensuring a balance of views, disclosure with the appropriate disclaimers, or by restricting or modifying the work to be performed to avoid or reduce the conflict. In this clause, the term "potential conflict" means reasonably foreseeable conflict of interest.

(b) The contractor, subcontractor, employee, or consultant agrees that if "impaired objectivity", or an actual or potential conflict of interest (or apparent conflict of interest) is discovered after the award is made, it will make a full disclosure in writing to the contracting officer. This disclosure shall include a description of actions that the contractor has taken or proposes to take to avoid, mitigate, or neutralize the actual or potential conflict (or apparent conflict of interest).

(c) *Remedies*. The Government may terminate this contract for convenience, in whole or in part, if it deems such termination necessary to avoid the appearance of a conflict of interest. If the contractor was aware of a potential conflict of interest prior to award or discovered an actual or potential conflict after award and did not disclose or misrepresented relevant information to the contracting officer, the Government may terminate the contract for default, or pursue such other remedies as may be permitted by law or this contract. These remedies include imprisonment for up to five years for violation of 18 U.S.C. 1001 and fines of up to \$5000 for violation of 31 U.S.C. 3802. Further remedies include suspension or debarment from contracting with the Federal government. The contractor may also be required to reimburse the Department for costs the Department incurs arising from activities related to conflicts of interest. An example of such costs would be those incurred in processing Freedom of Information Act requests related to a conflict of interest.

(d) In cases where remedies short of termination have been applied, the contractor, subcontractor, employee, or consultant agrees to eliminate the organizational conflict of interest, or mitigate it to

the satisfaction of the contracting officer.

(e) The contractor further agrees to insert in any subcontract or consultant agreement hereunder, provisions that conform substantially to the language of this clause, including specific mention of potential remedies and this paragraph (e).

(f) *Conflict of Interest Certification.*

The offeror, [insert name of offeror], hereby certifies that, to the best of its knowledge and belief, there are no present or currently planned interests (financial, contractual, organizational, or otherwise) relating to the work to be performed under the contract or task order resulting from Request for Proposal No. [insert number] that would create any actual or potential conflict of interest (or apparent conflicts of interest) (including conflicts of interest for immediate family members: spouses, parents, children) that would impinge on its ability to render impartial, technically sound, and objective assistance or advice or result in it being given an unfair competitive advantage. In this clause, the term "potential conflict" means reasonably foreseeable conflict of interest. The offeror further certifies that it has and will continue to exercise due diligence in identifying and removing or mitigating, to the Government's satisfaction, such conflict of interest (or apparent conflict of interest).

3452.209-71 Conflict of interest.

As prescribed in 3409.507-2, insert the following clause in all contracts for services above the simplified acquisition threshold:

Conflict of Interest (MAR 2011)

(a)

(1) The contractor, subcontractor, employee, or consultant has certified that, to the best of its knowledge and belief, there are no relevant facts or circumstances that could give rise to an organizational or personal conflict of interest (see FAR subpart 9.5 for organizational conflicts of interest) (or apparent conflict of interest) for the organization or any of its staff, and that the contractor, subcontractor, employee, or consultant has disclosed all such relevant information if such a conflict of interest appears to exist to a reasonable person with knowledge of the relevant facts (or if such a person would question the impartiality of the contractor, subcontractor, employee, or consultant). Conflicts may arise in the following situations:

(i) *Unequal access to information*—A potential contractor, subcontractor, employee, or consultant

has access to non-public information through its performance on a government contract.

(ii) *Biased ground rules*—A potential contractor, subcontractor, employee, or consultant has worked, in one government contract, or program, on the basic structure or ground rules of another government contract.

(iii) *Impaired objectivity*—A potential contractor, subcontractor, employee, or consultant, or member of their immediate family (spouse, parent, or child) has financial or other interests that would impair, or give the appearance of impairing, impartial judgment in the evaluation of government programs, in offering advice or recommendations to the government, or in providing technical assistance or other services to recipients of Federal funds as part of its contractual responsibility. “Impaired objectivity” includes but is not limited to the following situations that would cause a reasonable person with knowledge of the relevant facts to question a person's objectivity:

(A) Financial interests or reasonably foreseeable financial interests in or in connection with products, property, or services that may be purchased by an educational agency, a person, organization, or institution in the course of implementing any program administered by the Department;

(B) Significant connections to teaching methodologies that might require or encourage the use of specific products, property, or services; or

(C) Significant identification with pedagogical or philosophical viewpoints that might require or encourage the use of a specific curriculum, specific products, property, or services.

(2) Offerors must provide the disclosure described above on any actual or potential conflict (or apparent conflict of interest) of interest regardless of their opinion that such a conflict or potential conflict (or apparent conflict of interest) would not impair their objectivity.

(3) In a case in which an actual or potential conflict (or apparent conflict of interest) is disclosed, the Department will take appropriate actions to eliminate or address the actual or potential conflict (or apparent conflict of interest), including but not limited to mitigating or neutralizing the conflict, when appropriate, through such means as ensuring a balance of views, disclosure with the appropriate disclaimers, or by restricting or modifying the work to be performed to avoid or reduce the conflict. In this clause, the term “potential conflict” means reasonably foreseeable conflict of interest.

(b) The contractor, subcontractor, employee, or consultant agrees that if “impaired objectivity”, or an actual or potential conflict of interest (or apparent conflict of interest) is discovered after the award is made, it will make a full disclosure in writing to the contracting officer. This disclosure shall include a description of actions that the contractor has taken or proposes to take, after consultation with the contracting officer, to avoid, mitigate, or neutralize the actual or potential conflict (or apparent conflict of interest).

(c) *Remedies*. The Government may terminate this contract for convenience, in whole or in part, if it deems such termination necessary to avoid the appearance of a conflict of interest. If the contractor was aware of a potential conflict of interest prior to award or discovered an actual or potential conflict (or apparent conflict of interest) after award and did not disclose or misrepresented relevant information to the contracting officer, the Government may terminate the contract for default, or pursue such other remedies as may be permitted by law or this contract. These remedies include imprisonment for up to five years for violation of 18 U.S.C. 1001 and fines of up to \$5000 for violation of 31 U.S.C. 3802. Further remedies include suspension or debarment from contracting

with the Federal government. The contractor may also be required to reimburse the Department for costs the Department incurs arising from activities related to conflicts of interest. An example of such costs would be those incurred in processing Freedom of Information Act requests related to a conflict of interest.

(d) In cases where remedies short of termination have been applied, the contractor, subcontractor, employee, or consultant agrees to eliminate the organizational conflict of interest, or mitigate it to the satisfaction of the contracting officer.

(e) The contractor further agrees to insert in any subcontract or consultant agreement hereunder, provisions that conform substantially to the language of this clause, including specific mention of potential remedies and this paragraph (e).

(End of clause)

3452.215-70 Release of restricted data.

As prescribed in 3415.209, insert the following provision in solicitations:

Release of Restricted Data (MAR 2011)

(a) Offerors are hereby put on notice that regardless of their use of the legend set forth in FAR 52.215-1(e), Restriction on Disclosure and Use of Data, the Government may be required to release certain data contained in the proposal in response to a request for the data under the Freedom of Information Act (FOIA). The Government's determination to withhold or disclose a record will be based upon the particular circumstance involving the data in question and whether the data may be exempted from disclosure under FOIA. In accordance with Executive Order 12600 and to the extent permitted by law, the Government will notify the offeror before it releases restricted data.

(b) By submitting a proposal or quotation in response to this solicitation:

(1) The offeror acknowledges that the Department may not be able to withhold or deny access to data requested pursuant to FOIA and that the Government's FOIA officials shall make that determination;

(2) The offeror agrees that the Government is not liable for disclosure if the Department has determined that disclosure is required by FOIA;

(3) The offeror acknowledges that proposals not resulting in a contract remain subject to FOIA; and

(4) The offeror agrees that the Government is not liable for disclosure or use of unmarked data and may use or disclose the data for any purpose, including the release of the information pursuant to requests under FOIA.

(c) Offerors are cautioned that the Government reserves the right to reject any proposal submitted with:

(1) A restrictive legend or statement differing in substance from the one required by the solicitation provision in FAR 52.215-1(e), Restriction on Disclosure and Use of Data, or

(2) A statement taking exceptions to the terms of paragraphs (a) or (b) of this provision.

(End of provision)

3452.216-70 Additional cost principles.

Insert the following clause in solicitations and contracts as prescribed in 3416.307(b):

Additional Cost Principles (AUG 1987)

(a) *Bid and Proposal Costs.* Bid and proposal costs are the immediate costs of preparing bids, proposals, and applications for potential Federal and non-Federal grants, contracts, and other agreements, including the development of scientific, cost, and other data needed to support the bids, proposals, and applications. Bid and proposal costs of the current accounting period are allowable as indirect costs; bid and proposal costs of past accounting periods are unallowable as costs of the current period. However, if the organization's established practice is to treat these costs by some other method, they may be accepted if they are found to be reasonable and equitable. Bid and proposal costs do not include independent research and development costs or pre-award costs.

(b) *Independent research and development costs.* Independent research and development is research and development that is not sponsored by Federal and non-Federal grants, contracts, or other agreements. Independent research and development shall be allocated its proportionate share of indirect costs on the same basis as the allocations of indirect costs of sponsored research and development. The costs of independent research and development, including its proportionate share of indirect costs, are unallowable.

(End of clause)

3452.216-71 Award-Term.

As prescribed in 3416.470, insert a clause substantially the same as the following in all solicitations and contracts where an award-term arrangement is anticipated:

Award-Term (OCT 2023)

(a) The initial [insert initial contract term] contract term or ordering period may be extended or reduced on the basis of contractor performance, resulting in a contract term or an ordering period lasting at least [insert minimum contract term] years from the date of contract award, to a maximum of [insert maximum contract term] years after the date of contract award.

(b) The contractor's performance will be measured against stated standards by the performance monitors, who will report their findings to the Award Term Determining Official (or Board).

(c) Bilateral changes may be made to the award-term plan at any time. If agreement cannot be made within 60 days, the Government reserves the right to make unilateral changes prior to the start of an award-term period.

(d) The contractor will submit a brief written self-evaluation of its performance within X days after the end of the evaluation period. The self-evaluation report shall not exceed seven pages, and it may be considered in the Award Term Review Board's (ATRB's) (or Term Determining Official's) evaluation of the contractor's performance during this period.

(e) The contract term or ordering period requires bilateral modification to reflect the ATRB's decision. If the contract term or ordering period has one year remaining, the operation of the contract award-term feature will cease and the contract term or ordering period will not extend beyond the maximum term stated in the contract.

(f) Award terms that have not begun may be cancelled (rather than terminated), should the need for the items or services no longer exists. No equitable adjustments to the contract price are applicable, as this is not the same procedure as a termination for convenience.

(g) The decisions made by the ATRB or Term Determining Official may be made unilaterally. Alternate Dispute Resolution procedures shall be utilized when appropriate.

(End of clause)

3452.224-70 Release of information under the Freedom of Information Act.

As prescribed in 3424.203, insert the following clause in solicitations and contracts.

Release of Information Under the Freedom of Information Act (MAR 2011)

By entering into a contract with the Department of Education, the contractor, without regard to proprietary markings, approves the release of the entire contract and all related modifications and task orders including, but not limited to:

- (1) Unit prices, including labor rates;
- (2) Statements of Work/Performance Work Statements generated by the contractor;
- (3) Performance requirements, including incentives, performance standards, quality levels, and service level agreements;
- (4) Reports, deliverables, and work products delivered in performance of the contract (including quality of service, performance against requirements/standards/service level agreements);
- (5) Any and all information, data, software, and related documentation first provided under the contract;
- (6) Proposals or portions of proposals incorporated by reference; and
- (7) Other terms and conditions.

(End of clause)

3452.224-71 Notice about research activities involving human subjects.

As prescribed in 3424.170, insert the following provision in any solicitation where a resultant contract will include, or is likely to include, research activities involving human subjects covered under 34 CFR part 97:

Notice About Research Activities Involving Human Subjects (OCT 2023)

(a) Applicable Regulations. In accordance with Department of Education regulations on the protection of human subjects, title 34, Code of Federal Regulations, part 97 (the Regulations), Contractors and subcontractors, engaged in covered (nonexempt) research activities are required to establish and maintain procedures for the protection of human subjects. In addition, the Contractor must notify other entities (known to the Contractor) engaged in the covered research activities of their responsibility to comply with the Regulations.

(b) Definitions.

(1) The Regulations define research as “a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge.” (34 CFR 97.102(l)). If an activity follows a deliberate plan designed to develop or contribute to generalizable knowledge, it is research. Research includes activities that meet this definition, whether or not they are conducted under a program considered research for other purposes. For example, some demonstration and service programs may include research activities (34 CFR 97.102(l)).

(2) The Regulations define a human subject as a living individual about whom an investigator (whether professional or student) conducting research obtains data through intervention or interaction with the individual or obtains, uses, studies, analyzes, or generates identifiable private information. (34 CFR 97.102(e)(1)). Under this definition:

(i) The investigator gathers information about a living person through—

(A) Intervention—Manipulating the subject's environment for research purposes, as might occur when a new instructional technique is tested; or

(B) Interaction—Communicating or interacting with the individual, as occurs with surveys and interviews.

(ii) Identifiable private information is private information about a living person that can be linked to that individual (the identity of the subject is or may be readily ascertained by the investigator or associated with the information).

(iii) Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information that has been provided for specific purposes by an individual and that an individual can reasonably expect will not be made public (for example, a school health record).

(c) Exemptions. 34 CFR 97.104(d) provides exemptions from the Federal Policy for the Protection of Human Subjects for research activities in which the only involvement of human subjects will be in one or more of the categories set forth in 34 CFR 97.104(d). However, if the research subjects are children, the exemption at 34 CFR 97.104(d)(2) (*i.e.*, research involving the use of educational tests, survey procedures, interview procedures or observation of public behavior) is modified by 34 CFR 97.401(b), as explained in paragraph (d) of this provision.

(d) Children as research subjects. 34 CFR 97.402(a) defines children as “persons who have not attained the legal age for consent to interventions or procedures involved in the research, under the

applicable law of the jurisdiction in which the research will be conducted.” 34 CFR 97.401(b) provides that, if the research involves children as subjects—

(1) The exemption in 34 CFR 97.104(d)(2) does not apply to activities involving—

(i) Survey or interview procedures involving children as subjects; or

(ii) Observations of public behavior of children in which the investigator or investigators will not participate in the activities being observed.

(2) The exemption in 34 CFR 97.104(d)(2) continues to apply, unmodified, by 34 CFR 97.401(b), to—

(i) Educational tests; and

(ii) Observations of public behavior in which the investigator or investigators will not participate in the activities being observed.

(e) Proposal Instructions. An offeror proposing to do research that involves human subjects must provide information to the Department on the proposed exempt and nonexempt research activities. The offeror should submit this information as an attachment to its technical proposal. No specific page limitation applies to this requirement, but the offeror should be brief and to the point.

(1) For exempt research activities involving human subjects, the offeror should identify the exemption(s) that applies and provide sufficient information to allow the Department to determine that the designated exemption(s) is appropriate.

(2) For nonexempt research activities involving human subjects, the offeror must cover the following seven points in the information it provides to the Department. This seven-point narrative can usually be provided in two pages or less:

(i) *Human subjects' involvement and characteristics*: Describe the characteristics of the subject population, including their anticipated number, age range, and health status. Identify the criteria for inclusion or exclusion of any subpopulation. Explain the rationale for the involvement of special classes of subjects, such as children, children with disabilities, adults with disabilities, persons with mental disabilities, pregnant women, institutionalized individuals, or others who are likely to be vulnerable.

(ii) *Sources of materials*: Identify the sources of research material obtained from or about individually identifiable living human subjects in the form of specimens, records, or data.

(iii) *Recruitment and informed consent*: Describe plans for the recruitment of subjects and the consent procedures to be followed.

(iv) *Potential risks*: Describe potential risks (physical, psychological, social, financial, legal, educational, or other) and assess their likelihood and seriousness. Where appropriate, discuss alternative interventions and procedures that might be advantageous to the subjects.

(v) *Protection against risk*: Describe the procedures for protecting against or minimizing potential risks, including risks to confidentiality, and assess the likely effectiveness of such procedures. Where appropriate, discuss provisions for ensuring necessary medical or professional intervention in the event of adverse effects to the subjects. Also, where appropriate, describe the provisions for monitoring the data collected to ensure the safety of the subjects.

(vi) Importance of knowledge to be gained: Discuss why the risks to the subjects are reasonable in relation to the importance of the knowledge that may reasonably be expected to result.

(vii) Collaborating sites: If research involving human subjects will take place at collaborating site(s), name the sites and briefly describe their involvement or role in the research.

(3) If a reasonable potential exists that a need to conduct research involving human subjects may be identified after award of the contract and the offeror's proposal contains no definite plans for such research, the offeror should briefly describe the circumstances and nature of the potential research involving human subjects.

(f) Assurances and certifications.

(1) In accordance with the Regulations and the terms of this provision, all Contractors and subcontractors that will be engaged in research activities involving human subjects shall be required to comply with the requirements for Assurances and Institutional Review Board approvals, as set forth in the contract clause at 3452.224-72 (Research activities involving human subjects).

(2) The Contracting Officer reserves the right to require that the offeror have or apply for the assurance and provide documentation of Institutional Review Board (IRB) approval of the proposed research prior to award. Based on 34 CFR 97.114 Cooperative Research, any institution involved in cooperative research projects (*i.e.*, research projects covered by this Regulation that involve more than one institution) shall enter into a joint review arrangement or rely upon the approval of a single IRB (sIRB) and a reliance agreement for any research conducted within the United States.

(g) Additional information:

(1) The Regulations, and related information on the protection of human research subjects, can be found on the Department's protection of human subjects in research website:

<https://www2.ed.gov/about/offices/list/ocfo/humansub.html>.

(2) Offerors may also contact the following office to obtain information about the Regulations, the protection of human subjects, and related policies and guidelines: Protection of Human Subjects Coordinator, U.S. Department of Education, Office of Finance and Operations, Office of Acquisition, Grants, and Risk Management, 400 Maryland Avenue SW, Washington, DC 20202-4331. (End of provision)

3452.224-72 Research activities involving human subjects.

As prescribed in 3424.170, insert the following clause in any contract that includes research activities involving human subjects covered under 34 CFR part 97:

Research Activities Involving Human Subjects (OCT 2023)

(a) In accordance with Department of Education (the "Department") regulations on the protection of human subjects in research, title 34, Code of Federal Regulations, part 97 (the Regulations), Contractors and subcontractors engaged in covered (nonexempt) research activities shall establish and maintain procedures for the protection of human subjects. The Contractor must include the substance of this clause in all subcontracts. In addition, the Contractor shall notify other entities

(known to the Contractor) engaged in the covered research activities of their responsibility to comply with the regulations. The definitions in 34 CFR 97.102 apply to this clause. As used in this clause, "covered research" means research involving human subjects that is not exempt under 34 CFR 97.104 and 97.401(b).

(b) If the Department determines that proposed research activities involving human subjects are covered (*i.e.*, not exempt under the regulations), the Contracting Officer (CO) or Contracting Officer's Representative (COR) will require the Contractor to apply for the Federal Wide Assurance from the Office for Human Research Protections, U.S. Department of Health and Human Services, if the Contractor does not already have certification on file. The CO will also require that the Contractor obtain and send to the Department documentation of Institutional Review Board (IRB) review and approval of the proposed research.

(c) Under no condition shall the Contractor conduct, or allow to be conducted, any research activity involving human subjects prior to the Department's receipt of the certification that the proposed research has been reviewed and approved by the IRB (34 CFR 97.103(f)). No research involving human subjects shall be initiated under this contract until the Contractor has provided the CO (or the COR) a properly completed certification form certifying IRB review and approval of the research activity, and the CO or COR has acknowledged the receipt of such certification.

(d) In accordance with 34 CFR 97.109(f)(1), unless IRB or the Department determines otherwise, continuing review of research is not required in the following conditions:

1. Research is eligible for expedited review;
2. Research is reviewed by the IRB in accordance with the limited IRB review as described 34 CFR 97.104(d)(2)(iii); or
3. Research that is part of the IRB-approved study that has progressed to the point that it involves only one or both of the following:
 - i. data analysis, including analysis of identifiable private information or identifiable biospecimens, or
 - ii. accessing follow-up clinical data from interventions that subjects would undergo as part of clinical care.

(1) For each activity under this contract that requires continuing review, the Contractor shall submit an annual written representation to the CO or COR stating whether research activities have been reviewed and approved by the IRB within the previous 12 months. The Contractor may use the form titled "U.S. Department of Health and Human Services (HHS) Subpart C Certification Form" for this representation. For multi-institutional projects, the Contractor shall provide this representation on its behalf and on behalf of any subcontractor engaged in research activities for which continuing IRB reviews are required.

(2) If the IRB disapproves, suspends, terminates, or requires modification of any research activities under this contract, the Contractor shall immediately notify the CO in writing of the IRB's action.

(e) The Contractor shall bear full responsibility for performing, as safely as is feasible, all activities under this contract involving the use of human subjects and for complying with all applicable regulations and requirements concerning human subjects. Neither the Contractor, subcontractor, agents of the Contractor, or employees of the Contractor, nor any person, organization, institution, or group of any kind involved in the performance of such activities under this contract, shall be

deemed to constitute an agent or employee of the Department or of the Federal government with respect to such activities. The Contractor agrees to discharge its obligations, duties, and undertakings and the work pursuant thereto, whether requiring professional judgment or otherwise, as an independent contractor without imputing liability on the part of the Government for the acts of the Contractor, subcontractor, or their employees.

(f) Upon discovery of any noncompliance with any of the requirements or standards as stated in this clause, the Contractor shall correct such noncompliance as soon as practicable, typically no later than 1 business day. If the CO determines, in consultation with the Protection of Human Subjects Coordinator, Office of Acquisition, Grants, and Risk Management, Office of Finance and Operations, or the sponsoring office, that the Contractor is not in compliance with the requirements or standards stated in this clause, the CO may suspend work under this contract, in whole or in part, until it is determined that the Contractor has corrected such noncompliance and the CO authorizes the continuation of work.

1. Initial notice of suspension. The initial notice of suspension under this clause may be communicated orally or in writing by the CO.

2. Notice of suspension of work. The CO shall provide written notice of suspension of work under this clause. The notice shall contain the following:

a. The effective date of suspension of work.

b. The requirements and/or standards for which the Contractor is out of compliance.

c. Any special instructions for the suspension of work.

3. Authorization to resume work. If the CO determines that the noncompliance has been remedied and it is in the best interest of the Government, the CO may authorize work to resume under the contract. The CO will provide written notice to the Contractor of such authorization.

(g) Non-compliance with the requirements or standards as stated in this clause may result in the Government termination of this contract for default, in full or in part, in accordance with FAR 49.401. Such termination may be in lieu of or in addition to suspension of work under the contract. Nothing herein shall be construed to limit the Government's right to terminate the contract for failure to fully comply with such requirements or standards.

(h) The Regulations, and related information on the protection of human research subjects, can be found on the Department's protection of human subjects in research website:

<https://www2.ed.gov/about/offices/list/ocfo/humansub.html>.

Contractors may also contact the following office to obtain information about the regulations for the protection of human subjects and related policies and guidelines: Protection of Human Subjects Coordinator, U.S. Department of Education Office of Finance and Operations, Office of Acquisition, Grants, and Risk Management, 400 Maryland Avenue SW, Washington, DC 20202-4331. Email: HumanSubjectsResearch@ed.gov.

(End of clause)

3452.224-73 Protection of student privacy in compliance with FERPA.

As prescribed in 3424.704, insert the following clause in solicitations and contracts:

Protection of Student Privacy in Compliance With FERPA (OCT 2023)

(a) Pursuant to the Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. 1232g, and its implementing regulations, 34 CFR part 99, the Department designates the Contractor to serve as an authorized representative of the Secretary of Education, solely for the purpose of carrying out an audit or evaluation of federally supported education programs, the enforcement or compliance with Federal legal requirements that relate to federally supported education programs, or conducting a study for or on behalf of the Department, to develop, validate, or administer predictive tests, administer student aid programs, or improve instruction, as specified in the statement of work, the schedule, and other similar documents to the contract.

(b) The Contractor shall collect or receive access to the following personally identifiable information from student education records that is protected by FERPA: [specify the PII from student education records to be collected or accessed by the Contractor, as identified by the requiring activity] (collectively, the PII).

(c) The Contractor shall only use the PII to meet the purpose set forth in paragraph (a) of this clause and for the activity, scope, and duration specified in the statement of work, the schedule, and other similar documents to the contract. Prior to collecting or receiving access to the PII, the Contractor shall establish policies and procedures, consistent with FERPA and other Federal confidentiality and privacy provisions, to protect the PII from further disclosure (except back to the Department) and unauthorized use, including limiting use of the PII to only authorized representatives with legitimate interests in the purpose set forth in paragraph (a) of this clause.

(d) To the extent required to ensure the Contractor's compliance with the provisions of FERPA and other Federal provisions, the Contractor shall afford the Department and its authorized agents access to all of the facilities, installations, technical capabilities, operations, documentation, records, databases, policies, procedures, and systems of the Contractor and any subcontractor.

(e) The Contractor shall limit access to the PII to the Contractor's personnel who require the PII to satisfy the Contractor's obligations under the contract.

(f) If the Contractor collects or receives access to the PII to conduct a study for, or on behalf of, an educational agency or institution, then the Contractor shall conduct such study in a manner that does not permit personal identification of parents and students by anyone other than representatives of the Contractor, or subcontractors, with legitimate interests in the study.

(g) Once the purpose for which the PII was collected or accessed is fully satisfied, the Contractor shall notify the Department immediately and seek the Department's instruction and authorization regarding destruction of the PII in accordance with law.

(h) If the Contractor subcontracts any of the contract work requiring collection or access to the PII, then the Contractor shall include this clause (including this paragraph (h)) in any such subcontract and, further, the Contractor shall ensure that subcontractors at any tier comply with all terms, conditions, and obligations imposed on the Contractor herein and under FERPA.

(i) Violation by a subcontractor of any provision set forth in this clause will be attributed to the Contractor.

(End of clause)

3452.227-70 Publication and publicity.

As prescribed in 3427.409, insert the following clause in all solicitations and contracts other than purchase orders:

Publication and Publicity (MAR 2011)

(a) Unless otherwise specified in this contract, the contractor is encouraged to publish and otherwise promote the results of its work under this contract. A copy of each article or work submitted by the contractor for publication shall be promptly sent to the contracting officer's representative. The contractor shall also inform the representative when the article or work is published and furnish a copy in the published form.

(b) The contractor shall acknowledge the support of the Department of Education in publicizing the work under this contract in any medium. This acknowledgement shall read substantially as follows:

"This project has been funded at least in part with Federal funds from the U.S. Department of Education under contract number [Insert number]. The content of this publication does not necessarily reflect the views or policies of the U.S. Department of Education nor does mention of trade names, commercial products, or organizations imply endorsement by the U.S. Government."

(End of clause)

3452.227-71 Advertising of awards.

As prescribed in 3427.409, insert the following clause in all solicitations and contracts other than purchase orders:

Advertising of Awards (MAR 2011)

The contractor agrees not to refer to awards issued by, or products or services delivered to, the Department of Education in commercial advertising in such a manner as to state or imply that the product or service provided is endorsed by the Federal government or is considered by the Federal government to be superior to other products or services.

(End of clause)

3452.227-72 Use and non-disclosure agreement.

As prescribed in 3427.409, insert the following clause in all contracts over the simplified acquisition threshold, and in contracts under the simplified acquisition threshold as appropriate:

Use and Non-Disclosure Agreement (MAR 2011)

(a) Except as provided in paragraph (b) of this clause, proprietary data, technical data, or computer software delivered to the Government with restrictions on use, modification, reproduction, release, performance, display, or disclosure may not be provided to third parties unless the intended recipient completes and signs the use and non-disclosure agreement in paragraph (c) of this clause prior to release or disclosure of the data.

(1) The specific conditions under which an intended recipient will be authorized to use, modify, reproduce, release, perform, display, or disclose proprietary data or technical data subject to limited rights, or computer software subject to restricted rights must be stipulated in an attachment to the use and non-disclosure agreement.

(2) For an intended release, disclosure, or authorized use of proprietary data, technical data, or computer software subject to special license rights, modify paragraph (c)(1)(iv) of this clause to enter the conditions, consistent with the license requirements, governing the recipient's obligations regarding use, modification, reproduction, release, performance, display, or disclosure of the data or software.

(b) The requirement for use and non-disclosure agreements does not apply to Government contractors that require access to a third party's data or software for the performance of a Government contract that contains the clause at 3452.227-73, Limitations on the use or disclosure of Government-furnished information marked with restrictive legends.

(c) The prescribed use and non-disclosure agreement is:

Use and Non-Disclosure Agreement

The undersigned, *[Insert Name]*, an authorized representative of the *[Insert Company Name]*, (which is hereinafter referred to as the "recipient") requests the Government to provide the recipient with proprietary data, technical data, or computer software (hereinafter referred to as "data") in which the Government's use, modification, reproduction, release, performance, display, or disclosure rights are restricted. Those data are identified in an attachment to this agreement. In consideration for receiving such data, the recipient agrees to use the data strictly in accordance with this agreement.

(1) The recipient shall—

(i) Use, modify, reproduce, release, perform, display, or disclose data marked with Small Business Innovative Research (SBIR) data rights legends only for government purposes and shall not do so for any commercial purpose. The recipient shall not release, perform, display, or disclose these data, without the express written permission of the contractor whose name appears in the restrictive legend (the contractor), to any person other than its subcontractors or suppliers, or prospective subcontractors or suppliers, who require these data to submit offers for, or perform, contracts with the recipient. The recipient shall require its subcontractors or suppliers, or prospective subcontractors or suppliers, to sign a use and non-disclosure agreement prior to disclosing or releasing these data to such persons. Such an agreement must be consistent with the terms of this agreement.

(ii) Use, modify, reproduce, release, perform, display, or disclose proprietary data or technical data marked with limited rights legends only as specified in the attachment to this agreement. Release, performance, display, or disclosure to other persons is not authorized unless specified in the

attachment to this agreement or expressly permitted in writing by the contractor.

(iii) Use computer software marked with restricted rights legends only in performance of contract number *[insert contract number(s)]*. The recipient shall not, for example, enhance, decompile, disassemble, or reverse engineer the software; time share; or use a computer program with more than one computer at a time. (iv) Use, modify, reproduce, release, perform, display, or disclose data marked with special license rights legends *[To be completed by the contracting officer. See paragraph (a)(2) of this clause. Omit if none of the data requested is marked with special license rights legends]*.

(2) The recipient agrees to adopt or establish operating procedures and physical security measures designed to protect these data from inadvertent release or disclosure to unauthorized third parties.

(3) The recipient agrees to accept these data "as is" without any Government representation as to suitability for intended use or warranty whatsoever. This disclaimer does not affect any obligation the Government may have regarding data specified in a contract for the performance of that contract.

(4) The recipient may enter into any agreement directly with the contractor with respect to the use, modification, reproduction, release, performance, display, or disclosure of these data.

(5) The recipient agrees to indemnify and hold harmless the Government, its agents, and employees from every claim or liability, including attorneys fees, court costs, and expenses arising out of, or in any way related to, the misuse or unauthorized modification, reproduction, release, performance, display, or disclosure of data received from the Government with restrictive legends by the recipient or any person to whom the recipient has released or disclosed the data.

(6) The recipient is executing this agreement for the benefit of the contractor. The contractor is a third party beneficiary of this agreement who, in addition to any other rights it may have, is intended to have the rights of direct action against the recipient or any other person to whom the recipient has released or disclosed the data, to seek damages from any breach of this agreement, or to otherwise enforce this agreement.

(7) The recipient agrees to destroy these data, and all copies of the data in its possession, no later than 30 days after the date shown in paragraph (8) of this agreement, to have all persons to whom it released the data do so by that date, and to notify the contractor that the data have been destroyed.

(End of clause)

3452.227-73 Limitations on the use or disclosure of Government-furnished information marked with restrictive legends.

As prescribed in 3427.409, insert the following clause in all contracts of third party vendors who require access to Government-furnished information including other contractors' technical data, proprietary information, or software:

Limitations on the Use or Disclosure of Government-Furnished Information Marked With Restrictive Legends (MAR 2011)

(a) For contracts under which data are to be produced, furnished, or acquired, the terms *limited rights* and *restricted rights* are defined in the rights in data—general clause (FAR 52.227-14).

(b) Proprietary data, technical data, or computer software provided to the contractor as Government-furnished information (GFI) under this contract may be subject to restrictions on use, modification, reproduction, release, performance, display, or further disclosure.

(1) *Proprietary data with legends that serve to restrict disclosure or use of data.* The contractor shall use, modify, reproduce, perform, or display proprietary data received from the Government with proprietary or restrictive legends only in the performance of this contract. The contractor shall not, without the express written permission of the party who owns the data, release, or disclose such data or software to any person.

(2) *GFI marked with limited or restricted rights legends.* The contractor shall use, modify, reproduce, perform, or display technical data received from the Government with limited rights legends or computer software received with restricted rights legends only in the performance of this contract. The contractor shall not, without the express written permission of the party whose name appears in the legend, release or disclose such data or software to any person.

(3) *GFI marked with specially negotiated license rights legends.* The contractor shall use, modify, reproduce, release, perform, or display proprietary data, technical data, or computer software received from the Government with specially negotiated license legends only as permitted in the license. Such data or software may not be released or disclosed to other persons unless permitted by the license and, prior to release or disclosure, the intended recipient has completed the use and non-disclosure agreement. The contractor shall modify paragraph (c)(1)(iii) of the use and non-disclosure agreement (3452.227-72) to reflect the recipient's obligations regarding use, modification, reproduction, release, performance, display, and disclosure of the data or software.

(c) Indemnification and creation of third party beneficiary rights.

(1) The contractor agrees to indemnify and hold harmless the Government, its agents, and

employees from every claim or liability, including attorneys fees, court costs, and expenses, arising out of, or in any way related to, the misuse or unauthorized modification, reproduction, release, performance, display, or disclosure of proprietary data, technical data, or computer software received from the Government with restrictive legends by the contractor or any person to whom the contractor has released or disclosed such data or software.

(2) The contractor agrees that the party whose name appears on the restrictive legend, in addition to any other rights it may have, is a third party beneficiary who has the right of direct action against the contractor, or any person to whom the contractor has released or disclosed such data or software, for the unauthorized duplication, release, or disclosure of proprietary data, technical data, or computer software subject to restrictive legends.

(End of clause)

3452.228-70 Required insurance.

As prescribed in 3428.311-2, insert the following clause in all solicitations and resultant cost-reimbursement contracts:

Required Insurance (MAR 2011)

(a) The contractor shall procure and maintain such insurance as required by law or regulation, including but not limited to the requirements of FAR subpart 28.3. Prior written approval of the contracting officer shall be required with respect to any insurance policy, the premiums for which the contractor proposes to treat as a direct cost under this contract, and with respect to any proposed qualified program of self-insurance. The terms of any other insurance policy shall be submitted to the contracting officer for approval upon request.

(b) Unless otherwise authorized in writing by the contracting officer, the contractor shall not procure or maintain for its own protection any insurance covering loss or destruction of, or damage to, Government property.

(End of clause)

3452.231-71 Invitational travel costs.

As prescribed in 3431.205-71, insert a provision substantially the same as the following:

Invitational Travel Costs (OCT 2023)

No invitational travel, which is defined as Official Government travel conducted by a non-Federal employee in order to provide a "Direct Service" (*e.g.*, presenting on a topic, serving as a facilitator, serving on a Federal Advisory Committee Act, or advising in an area of expertise to the Government, may be provided under this contract or in association with this contract unless consent is provided below. The cost of invitational travel under this contract not identified in the consent section of this clause is unallowable unless the Contractor receives written consent from the Contracting Officer prior to the incurrence of the cost. If the Contractor wishes to be reimbursed for a cost related to invitational travel, a request must be in writing at least 21 days prior to the day that costs would be

incurred. The Contractor must include in its request the following: why the invitational travel cost is integral to fulfill a Government requirement in the contract, and the proposed cost that must be in accordance with Federal Travel Regulations. The lack of a timely response from the Contracting Officer must not constitute constructive acceptance of the allowability of the proposed charge.

Consent is hereby given to the Contractor to _____.

(End of clause)

3452.232-70 Limitation of cost or funds.

The following clause shall be inserted in all contracts that include a Limitation of cost or Limitation of funds clause in accordance with 3432.706-2:

Limitation of Cost or Funds (MAR 2011)

(a) Under the circumstances in FAR 32.704(a)(1), the contractor shall submit the following information in writing to the contracting officer:

(1) Name and address of the contractor.

(2) Contract number and expiration date.

(3) Contract items and amounts that will exceed the estimated cost of the contract or the limit of the funds allotted.

(4) The elements of cost that changed from the original estimate (for example: labor, material, travel, overhead), furnished in the following order:

(i) Original estimate.

(ii) Costs incurred to date.

(iii) Estimated cost to completion.

(iv) Revised estimate.

(v) Amount of adjustment.

(5) The factors responsible for the increase.

(6) The latest date by which funds must be available to the contractor to avoid delays in performance, work stoppage, or other impairments.

(b) A fixed fee provided in a contract may not be changed if a cost overrun is funded. Changes in a fixed fee may be made only to reflect changes in the scope of work that justify an increase or decrease in the fee.

(End of clause)

3452.232-71 Incremental funding.

As prescribed in 3432.706-2, insert the following provision in solicitations if a cost-reimbursement contract using incremental funding is contemplated:

Incremental Funding (MAR 2011)

Sufficient funds are not presently available to cover the total cost of the complete project described in this solicitation. However, it is the Government's intention to negotiate and award a contract using the incremental funding concepts described in the clause titled "Limitation of Funds" in FAR 52.232-22. Under that clause, which will be included in the resultant contract, initial funds will be obligated under the contract to cover an estimated base performance period. Additional funds are intended to be allotted to the contract by contract modification, up to and including the full estimated cost of the entire period of performance. This intent notwithstanding, the Government will not be obligated to reimburse the contractor for costs incurred in excess of the periodic allotments, nor will the contractor be obligated to perform in excess of the amount allotted.

(End of provision)

3452.232-72 Limitation of Government's obligation.

As prescribed in 3432.706-2(c), insert the following clause. The Contracting Officer may vary the 90-day period from 90 to 30 or 60 days and the 85 percent from 85 to 75 percent. "Task Order," "contract," or other appropriate designation may be substituted for "CLIN(s)" wherever that word appears in the clause:

Limitation of Government's Obligation (OCT 2023)

Sufficient funds are not presently available to cover the total price of the CLIN(s) listed in paragraph (l) below. The CLIN(s) identified in paragraph (l) below are incrementally funded to cover the identified period of performance. Additional funds are intended to be allotted to the applicable CLIN(s) by contract modification up to and including the full price of the entire period of performance. This notwithstanding, the Government will not be obligated to pay the Contractor for amounts payable in excess of the amount actually allotted, nor will the Contractor be obligated to perform in excess of such amount.

(a) The CLIN(s) in paragraph (l) of this clause is/are incrementally funded. Paragraph (l) also lists the allotment amount presently available for payment and allotted to the CLIN(s), inclusive of any termination costs for the Government's convenience, and the allotment schedule that provides the last date of Contractor performance for which it is estimated the allotted amount will cover. The parties contemplate that the Government may allot additional funds incrementally to the applicable CLIN(s) under the contract, up to the full price specified in the contract. The Contractor agrees to perform work under the applicable CLIN(s) up to the point at which the total amount paid and payable by the Government under the contract for the applicable CLIN(s), including estimated costs in the event of termination of those CLIN(s) for the Government's convenience, approximates the total amount currently allotted to such CLIN(s).

(b) Notwithstanding the dates specified in the allotment schedule in paragraph (l) of this clause, the Contractor shall notify the Contracting Officer in writing at least ninety (90) days prior to the date

when, in the Contractor's best judgment, the work will reach the point at which the total amount payable by the Government, including any cost for termination for the Government's convenience, will approximate 85 percent of the total amount then allotted to the contract for performance of the applicable CLIN(s). The notification will state

(1) the estimated date when that point will be reached, and (2) an estimate of additional funding, if any, needed to continue performance of applicable CLIN(s) up to the date in paragraph (l) of this clause, or to a mutually agreed upon substitute date.

(c) If, after notification pursuant to paragraph (b) of this clause, additional funds are not allotted by the date identified in paragraph (l), the date identified in the Contractor's notification, or by an agreed substitute date, upon the Contractor's written request, the Contracting Officer may terminate for the Government's convenience any CLIN(s) for which additional funds have not been allotted. If the Contractor estimates that the funds available will allow it to continue to discharge its obligations beyond that date, it may specify a later date in its request to terminate the applicable CLIN(s), and the Contracting Officer may terminate such CLIN(s) on that later date. In no event is the Contractor authorized to continue work on those CLIN(s) beyond the time when the amount payable, to include costs of termination for the Government's convenience, is equal to the funds allotted.

(d) If, solely by reason of failure of the Government to allot additional funds, by the dates indicated in paragraph (l) of this clause, in amounts sufficient for timely performance of the CLIN(s) identified in paragraph (l) of this clause, the Contractor incurs additional costs or is delayed in the performance of the work under this contract and if additional funds are allotted, the Contractor may request an equitable adjustment to the price or prices (including appropriate target, billing, and ceiling prices, where applicable) of the applicable CLIN(s), or in the time of delivery, or both, by written request to the Contracting Officer with sufficient documentation to support such equitable adjustment. Failure to agree to any such equitable adjustment hereunder will be a dispute concerning a question of fact within the meaning of the clause titled "Disputes." Notwithstanding anything to the contrary herein, in no event will an equitable adjustment under this paragraph (d) be due to the Contractor for costs that arise from or relate to the Contractor's breach of the notification obligations in paragraph (b) of this clause.

(e) Except as required by other provisions of this contract, specifically citing and stated to be an exception to this clause—

(1) The Government is not obligated to pay for goods or services, to include reimbursement of costs for termination for the Government's convenience, in excess of the total amount allotted by the Government to the CLIN(s) identified in paragraph (l) of this clause; and

(2) The Contractor is not authorized to continue performance of the CLIN(s) identified in paragraph (l) of this clause in excess of the amount allotted by the Government to the applicable CLIN(s).

(3) As used in this clause, the total amount payable by the Government in the event of termination of applicable CLIN(s) for convenience includes reasonable costs, profit, and termination settlement costs for those item(s).

(f) No communication or representation in any form other than in writing from the Contracting Officer shall affect the amount allotted by the Government to this contract and applicable CLIN(s). The Government is not obligated to reimburse the Contractor for any costs in excess of the total amount allotted by the Government to the applicable CLIN(s), whether incurred during the course of the contract or as a result of termination.

(g) The Government may at any time prior to termination allot additional funds for the performance of the CLIN(s) identified in paragraph (l) of this clause.

(h) When additional funds are allotted for continued performance of the CLIN(s) identified in paragraph (l) of this clause, the parties will agree as to the period of contract performance that will be covered by the funds. The provisions of this clause will apply in like manner to the additional allotted funds and agreed substitute date, and the contract will be modified accordingly.

(i) The termination provisions of this clause do not limit the rights of the Government to terminate the contract, in whole or in part, for cause in the event of any breach or default by the Contractor. The provisions of this clause are limited to the work and allotment of funds for the CLIN(s) set forth in paragraph (l) of this clause. This clause no longer applies once the contract is fully funded except with regard to the rights or obligations of the parties concerning equitable adjustments negotiated under paragraph (d) of this clause.

(j) Nothing in this clause affects the right of the Government to terminate this contract, in whole or in part, for convenience or cause.

(k) Nothing in this clause shall be construed as authorization of voluntary services whose acceptance is otherwise prohibited under 31 U.S.C. 1342.

(l) Incremental funds are allotted to the CLIN(s) under this contract as follows:

CLIN	Amount allotted	Last date of performance
-------------	------------------------	---------------------------------

(2) If that contracting officer's approval is required, the contractor shall obtain and furnish to the contracting officer information concerning the need for the consultant services and the reasonableness of the fee to be paid, including, but not limited to, whether fees to be paid to any consultant exceed the lowest fee charged by the consultant to others for performing consultant services of a similar nature.

(b) In cases of contract performance at a Government facility when the facility is closed, the vendor may arrange for performance to continue during the closure at the contractor's site, if appropriate.

(c) If any such change causes a material increase or decrease in the cost of, or the time required for, performance of any part of the work under this contract, whether or not changed by the order, the Contractor may request an equitable adjustment to the contract price or the delivery schedule, as applicable. The Contracting Officer shall make an equitable adjustment in the contract price, the delivery schedule, or both, and shall modify the contract.

(d) The Contractor must assert its right to an equitable adjustment under this clause within 30 days from the date of receipt of notice of the changed requirement. However, if the Contracting Officer determines that the facts justify it, the Contracting Officer may receive and act upon the Contractor's request for equitable adjustment submitted before final payment of the contract. (e) The Contractor shall incorporate the substance of this clause, its terms and requirements,

No diversion or substitution shall be made by the contractor without written consent of the contracting officer; provided, that the contracting officer may ratify a diversion or substitution in writing and that ratification shall constitute the consent of the contracting officer required by this clause.
