

40.000 Scope of part.

(a) This part addresses broad security requirements that apply to *acquisitions of products* and services. It prescribes policies and procedures for managing *information security* and supply chain security when acquiring *products* and services that include, but are not limited to, information and communications technology (ICT).

(b) See [part 39](#) for security-related policies and procedures that only apply to ICT.

(c) See parts [4](#), [24](#), and [46](#) for additional policies and procedures related to managing *information security* and supply chain security.

(d) Information and supply chain policies and procedures that are unrelated to security are covered in other parts of the FAR (*e.g.*, [part 22](#) for labor and human trafficking risks and [part 23](#) for climate-related risks).
