

5845.101 Definitions

Transferred property. Tangible items shipped from one contractor's location to a different contractor's location for a follow-on contract without inspection.

Transitioned property. Direct-issued items such as laptops, cell phones, tablets which are not transferred. These items are transitioned by being turned over to a COR or property custodian on the last day of the contract for inspection, and any necessary provisioning/equipment refresh prior to being provided to a subsequent contractor.
