(A) Procuring articles that contain only para-aramid fibers and yarns manufactured from suppliers within the United States would result in sole source contracts or subcontracts for the supply of such para-aramid fibers and yarns;

(B) Such sole source contracts or subcontracts would not be in the best interest of the Government or consistent with the objectives of the Competition in Contracting Act (10 U.S.C. 2304); and

(C) The qualifying country permits U.S. firms that manufacture para-aramid fibers and yarns to compete with foreign firms for the sale of para-aramid fibers and yarns in that country.

**225.7003 Waiver of restrictions of 10 U.S.C. 2534.**

(a) The waiver procedures of this section apply only if specifically authorized by reference elsewhere in this subpart. The restrictions on certain foreign purchases under 10 U.S.C. 2534(a) may be waived as follows:

(1)(i) The Under Secretary of Defense (Acquisition, Technology, and Logistics), without power of delegation, may waive a restriction for a particular item for a particular foreign country upon determination that—

(A) United States producers of the item would not be jeopardized by competition from a foreign country, and that country does not discriminate against defense items produced in the United States to a greater degree than the United States discriminates against defense items produced in that country; or

(B) Application of the restriction would impede cooperative programs entered into between DoD and a foreign country, or would impede the reciprocal procurement of defense items under a memorandum of understanding providing for

reciprocal procurement of defense items under 225.872, and that country does not discriminate against defense items produced in the United States to a greater degree than the United States discriminates against defense items produced in that country.

(ii) A notice of the determination to exercise the waiver authority shall be published in the Federal Register and submitted to the congressional defense committees at least 15 days before the effective date of the waiver.

(iii) The effective period of the waiver shall not exceed 1 year.

(iv) For contracts entered into prior to the effective date of a waiver, provided adequate consideration is received to modify the contract, the waiver shall be applied as directed or authorized in the waiver to—

(A) Subcontracts entered into on or after the effective date of the waiver; and

(B) Options for the procurement of items that are exercised after the effective date of the waiver, if the option prices are adjusted for any reason other than the application of the waiver.

(2) The head of the contracting activity may waive a restriction on a case-by-case basis upon execution of a determination and findings that any of the following applies:

(i) The restriction would cause unreasonable delays.

(ii) Satisfactory quality items manufactured in the United States or Canada are not available.

(iii) Application of the restriction would result in the existence of only one source for the item in the United States or Canada.

(iv) Application of the restriction is not in the national security interests of the United States.

(v) Application of the restriction would adversely affect a U.S. company.

(3) A restriction is waived when it would cause unreasonable costs. The cost of an item of U.S. or Canadian origin is unreasonable if it exceeds 150 percent of the offered price, inclusive of duty, of items that are not of U.S. or Canadian origin.

(b) In accordance with the provisions of paragraphs (a)(1)(i) through (iii) of this section, the Under Secretary of Defense (Acquisition, Technology, and Logistics) has waived the restrictions of 10 U.S.C. 2534(a) for certain items manufactured in the United Kingdom, including air circuit breakers for naval vessels, totally enclosed lifeboats, and ball and roller bearings (see 225.7006, 225.7008, and 225.7009). This waiver applies to—

(1) Procurements under solicitations issued on or after August 4, 1998; and

**225.7004 Restriction on acquisition of foreign buses.**

**225.7004-1 Restriction.**

In accordance with 10 U.S.C. 2534, do not acquire a multipassenger motor vehicle (bus) unless it is manufactured in the United States or Canada.

**225.7004-2 Applicability.**

Apply this restriction if the buses are purchased, leased, rented, or made available under contracts for transportation services.

**225.7004-3 Exceptions.**

This restriction does not apply in any of the following circumstances:

(a) Buses manufactured outside the United States and Canada are needed for temporary use because buses manufactured in the United States or Canada are not available to satisfy requirements that cannot be postponed. Such use may not, however, exceed the lead time required for acquisition and delivery of buses manufactured in the United States or Canada.

(b) The requirement for buses is temporary in nature. For example, to meet a special, nonrecurring requirement or a sporadic and infrequent recurring requirement, buses manufactured outside the United States and Canada may be used for temporary periods of time. Such use may not, however, exceed the period of time needed to meet the special requirement.

(c) Buses manufactured outside the United States and Canada are available at no cost to the U.S. Government.

(d) The acquisition is for an amount at or below the simplified acquisition threshold.

**225.7004-4 Waiver.**

The waiver criteria at 225.7003(a) apply to this restriction.

**225.7005 Restriction on certain chemical weapons antidote.**

**225.7005-1 Restriction.**

In accordance with 10 U.S.C. 2534 and defense industrial mobilization requirements (see Subpart 208.72), do not acquire chemical weapons antidote contained in automatic injectors, or the components for such injectors, unless the chemical weapons antidote or component is manufactured in the United States or Canada by a company that—

(a) Is a producer under the industrial preparedness program at the time of contract award;

(b) Has received all required regulatory approvals; and

(c) Has the plant, equipment, and personnel to perform the contract in the United States or Canada at the time of contract award.

**225.7005-2 Exception.**

This restriction does not apply if the acquisition is for an amount at or below the simplified acquisition threshold.

**225.7005-3 Waiver.**

The waiver criteria at 225.7003(a) apply to this restriction.

**225.7006 Restriction on air circuit breakers for naval vessels.**

**225.7006-1 Restriction.**

In accordance with 10 U.S.C. 2534, do not acquire air circuit breakers for naval vessels unless they are manufactured in the United States or Canada.

**225.7006-2 Exceptions.**

This restriction does not apply if the acquisition is—

- (a) For an amount at or below the simplified acquisition threshold; or
- (b) For spare or repair parts needed to support air circuit breakers manufactured outside the United States. Support includes the purchase of spare air circuit breakers when those from alternate sources are not interchangeable.

**225.7006-3 Waiver.**

- (a) The waiver criteria at 225.7003(a) apply to this restriction.
- (b) The Under Secretary of Defense (Acquisition, Technology, and Logistics) has waived the restriction for air circuit breakers manufactured in the United Kingdom. See 225.7003(b) for applicability.

**Part 225—Foreign Acquisition**

---

(a) In accordance with Section 8041 of the Fiscal Year 1991 DoD Appropriations Act (Pub. L. 101-511) and similar sections in subsequent DoD appropriations acts, do not acquire welded shipboard anchor and mooring chain, four inches or less in diameter, unless--

(1) It is manufactured in the United States, including cutting, heat treating, quality control, testing, and welding (both forging and shot blasting process); and

(2) The cost of the components manufactured in the United States exceeds 50 percent of the total cost of components.

(b) 10 U.S.C. 2534 also restricts acquisition of welded shipboard anchor and mooring chain, four inches or less in diameter, when used as a component of a naval vessel. However, the Appropriations Act restriction described in paragraph (a) of this subsection takes precedence over the restriction of 10 U.S.C. 2534.

**225.7007-2 Waiver.**

(a) The Secretary of the department responsible for acquisition may waive the restriction in 225.7007-1(a), on a case-by-case basis, if--

(1) Sufficient domestic suppliers are not available to meet DoD requirements on a timely basis; and

(2) The acquisition is necessary to acquire capability for national security purposes.

(b) Document the waiver in a written determination and findings containing--

(1) The factors supporting the waiver; and

(2) A certification that the acquisition must be made in order to acquire capability for national security purposes.

(c) Provide a copy of the determination and findings to the House and Senate Committees on Appropriations.

**225.7007-3 Contract clause.**

Unless a waiver has been granted, use the clause at 252.225-7019, Restriction on Acquisition of Anchor and Mooring Chain, in solicitations and contracts requiring welded shipboard anchor or mooring chain four inches or less in diameter.

**225.7008 Reserved.**

**225.7009 Restrictions on ball and roller bearings.**

**225.7009-1 Restrictions.**

(a) In accordance with 10 U.S.C. 2534, through fiscal year 2005, do not acquire ball and roller bearings or bearing components unless they are manufactured in the United States or Canada.

(b) In accordance with Section 8099 of the Fiscal Year 1996 DoD Appropriations Act (Pub. L. 104-61) and similar sections in subsequent DoD appropriations acts, do not acquire ball and roller bearings unless the bearings and bearing components are manufactured in the United States or Canada.

**225.7009-2 Exceptions.**

(a) The restriction in 225.7009-1(a) does not apply to--

(1) Acquisitions using simplified acquisition procedures, unless ball or roller bearings or bearing components are the end items being purchased;

(2) Commercial items incorporating ball or roller bearings;

(3) Miniature and instrument ball bearings needed to meet urgent military requirements;

(4) Items acquired overseas for use overseas; or

(5) Ball and roller bearings or bearing components, or items containing bearings, for use in a cooperative or co-production project under an international agreement. This exception does not apply to miniature and instrument ball bearings.

(b) The restriction in 225.7009-1(b) does not apply to contracts or subcontracts for the acquisition of commercial items, except for commercial ball and roller bearings acquired as end items.

(b) The head of the contracting activity may waive the restriction in 225.7009-1(a)--

(1) Upon execution of a determination and findings that--

(i) No domestic (U.S. or Canadian) bearing manufacturer meets the requirement;

(ii) It is not in the best interests of the United States to qualify a domestic bearing to replace a qualified nondomestic bearing.

(A) This determination shall be based on a finding that the qualification of a domestically manufactured bearing would cause unreasonable costs or delay.

(B) A finding that a cost is unreasonable should take into consideration DoD policy to assist the domestic industrial mobilization base.

### Part 225—Foreign Acquisition

---

(C) Contracts should be awarded to domestic bearing manufacturers to increase their capability to reinvest and become more competitive;

(iii) Application of the restriction would result in the existence of only one source for the item in the United States or Canada;

(iv) Application of the restriction is not in the national security interests of the United States; or

(v) Application of the restriction would adversely affect a U.S. company.

(2) If the acquisition is for an amount less than the simplified acquisition threshold and simplified acquisition procedures are being used.

(B) Identifies any bearings that are not domestically manufactured, their application, and source of supply; and

(C) Describes, including cost and timetable, the transition to a domestically manufactured bearing (the timetable for the transition should normally take no longer than 24 months from the date the waiver is granted); and

(iv) The contracting officer accepts the contractor's plan and incorporates it into the contract.

(4) For miniature and instrument ball bearings, only if the contractor agrees to acquire a like quantity and type of domestic manufacture for nongovernmental use.

(c) The Secretary of the department responsible for acquisition or, for the Defense Logistics Agency, the Component Acquisition Executive, may waive the restriction in 225.7009-1(b), on a case-by-case basis, by certifying to the House and Senate Committees on Appropriations that--

(1) Adequate domestic supplies are not available to meet DoD requirements on a timely basis; and

(2) The acquisition must be made in order to acquire capability for national security purposes.

**225.7009-4 Contract clause.**

(a) Use the clause at 252.225-7016, Restriction on Acquisition of Ball and Roller Bearings, in solicitations and contracts, unless—

(1) The items being acquired do not contain ball and roller bearings; or

**225.7010-2 Exceptions.**

This restriction does not apply to contracts or subcontracts for acquisition of commercial items.

**225.7010-3 Waiver.**

The Secretary of the department responsible for acquisition may waive this restriction on a case-by-case basis, by certifying to the House and Senate Committees on Appropriations that—

(a) Adequate domestic supplies are not available to meet DoD requirements on a timely basis; and

(b) The acquisition must be made in order to acquire capability for national security purposes.

**225.7010-4 Contract clause.**

Use the clause at 252.225-7023, Restriction on Acquisition of Vessel Propellers, in solicitations and contracts that use fiscal year 2000 or 2001 funds for the acquisition of vessels or vessel propellers, unless—

(a) An exception applies or a waiver has been granted; or

(b) The vessels being acquired do not contain vessel propellers.

**225.7011 Restriction on carbon, alloy, and armor steel plate.**

**225.7011-1 Restriction.**

In accordance with Section 8111 of the Fiscal Year 1992 DoD Appropriations Act (Pub. L. 102-172) and similar sections in subsequent DoD appropriations acts, do not acquire any of the following types of carbon, alloy, or armor steel plate unless it is melted and rolled in the United States or Canada:

(a) Require the delivery to the Government of carbon, alloy, or armor steel plate that will be used in a facility owned by the Government or under the control of DoD; or

(b) Require contractors operating in a Government-owned facility or a facility under the control of DoD to purchase carbon, alloy, or armor steel plate.

**225.7012 Restriction on supercomputers.**

**225.7012-1 Restriction.**

In accordance with Section 8112 of Pub. L. 100-202, and similar sections in subsequent DoD appropriations acts, do not purchase a supercomputer unless it is manufactured in the United States.

**225.7012-2 Waiver.**

The Secretary of Defense may waive this restriction, on a case-by-case basis, after certifying to the Armed Services and Appropriations Committees of Congress that—

**225.7012-3 Contract clause.**

Unless a waiver has been granted, use the clause at 252.225.7011, Restriction on Acquisition of Supercomputers, in solicitations and contracts for the acquisition of supercomputers.

**225.7013 Restrictions on construction or repair of vessels in foreign shipyards.**

In accordance with 10 U.S.C. 7309—

- (a) Do not award a contract to construct in a foreign shipyard--
  - (1) A vessel for any of the armed forces; or
  - (2) A major component of the hull or superstructure of a vessel for any of the armed forces; and
- (b) Do not overhaul, repair, or maintain in a foreign shipyard, a naval vessel (or any other vessel under the jurisdiction of the Secretary of the Navy) homeported in the United States. This restriction does not apply to voyage repairs.

**225.7014 Restriction on overseas military construction.**

For restriction on award of military construction contracts to be performed in the United States outlying areas in the Pacific and on Kwajalein Atoll, or in countries bordering the Arabian Gulf, see 236.274(a).

**225.7015 Restriction on overseas architect-engineer services.**

For restriction on award of architect-engineer contracts to be performed in Japan, in any North Atlantic Treaty Organization member country, or in countries bordering the Arabian Gulf, see 236.602-70.

**225.7016 Restriction on research and development.**

- (a) In accordance with Pub. L. 92-570, do not use DoD appropriations to make an award to any foreign corporation, organization, person, or entity, for research and development in connection with any weapon system or other military equipment, if there is a U.S. corporation, organization, person, or entity--
  - (1) Equally competent; and
  - (2) Willing to perform at a lower cost.
- (b) This restriction does not affect the requirements of FAR Part 35 for selection of research and development contractors. However, when a U.S. source and a foreign source are equally competent, award to the source that will provide the services at the lower cost.

**225.7017 Restriction on Ballistic Missile Defense research, development, test, and evaluation.**

**225.7017-1 Definitions.**

“Competent,” “foreign firm,” and “U.S. firm” are defined in the provision at 252.225-7018, Notice of Prohibition of Certain Contracts with Foreign Entities for the Conduct of Ballistic Missile Defense Research, Development, Test, and Evaluation.

**225.7017-2 Restriction.**

In accordance with Section 222 of the DoD Authorization Act for Fiscal Years 1988 and 1989 (Pub. L. 100-180), do not use any funds appropriated to or for the use of DoD to enter into or carry out a contract with a foreign government or firm, including any contract awarded as a result of a broad agency announcement, if the contract provides for the conduct of research, development, test, and evaluation (RDT&E) in connection with the Ballistic Missile Defense Program.

**225.7017-3 Exceptions.**

This restriction does not apply—

(a) To contracts awarded to a foreign government or firm if the contracting officer determines that--

(1) The contract will be performed within the United States;

(2) The contract is exclusively for RDT&E in connection with antitactical ballistic missile systems; or

(3) The foreign government or firm agrees to share a substantial portion of the total contract cost. Consider the foreign share as substantial if it is equitable with respect to the relative benefits that the United States and the foreign parties will derive from the contract. For example, if the contract is more beneficial to the foreign party, its share of the cost should be correspondingly higher; or

(b) If the head of the contracting activity certifies in writing, before contract award, that a U.S. firm cannot competently perform a contract for RDT&E at a price equal to or less than the price at which a foreign government or firm would perform the RDT&E. The contracting officer or source selection authority, as applicable, shall make a determination that will be the basis for the certification.

(1) The determination shall--

(i) Describe the contract effort;

(ii) State the number of proposals solicited and received from both U.S. and foreign firms;

(iii) Identify the proposed awardee and the amount of the contract;

(iv) State that selection of the contractor was based on the evaluation factors contained in the solicitation, or the criteria contained in the broad agency announcement; and

(v) State that a U.S. firm cannot competently perform the effort at a price equal to, or less than, the price at which the foreign awardee would perform it.
