

GSA ORDER

Subject: General Services Administration Acquisition Manual; GSAR Case 2021-G516, Update to OMB Approval Table for Information Collections

1. Purpose. This order transmits a revision to the General Services Administration Acquisition Manual (GSAM).
2. Background. The Paperwork Reduction Act of 1980 (44 U.S.C. 35, *et seq.*) imposes a requirement on Federal agencies to obtain approval from the Office of Management and Budget (OMB) before collecting information from 10 or more members of the public. The General Services Acquisition Regulation (GSAR) at 501.106 includes a table that identifies all OMB approved control numbers for GSA and the FAR that are applicable to GSA acquisition requirements. As part of the regulatory review process, GSA realized that the table is out of date and incorrect in several places. GSA is amending the GSAR to update this table at 501.106 so the information included is correct.
3. Effective date. June 22, 2021.
4. Explanation of changes. This amendment includes regulatory changes. For full text changes of the amendment see Attachment A, GSAR Text Line-In/Line-Out.

This amendment revises the language of the following GSAM subpart, changes summarized below:

- 501.106 OMB Approval Under the Paperwork Reduction Act.
 - Deleted instances in the table where the GSAR reference no longer exists, or the OMB control number referenced expired.
 - Added information in the table where approved information collections for existing GSAR provisions were not included.
 - Edited some details in the table to standardize the formatting.
