Restoring Common Sense to Federal Procurement

### 1. Purpose

This memorandum approves a class deviation to Federal Acquisition Regulation (FAR) Part 50 for purposes of implementing the FAR Council's model deviation to FAR Part 50.

### 2. Background

[Executive Order \(E.O.\) 14275, \*Restoring Common Sense to Federal Procurement\*](#), signed April 15, 2025, mandates a comprehensive review and simplification of the FAR. The FAR is being updated to:

- Eliminate non-statutory language
- Remove redundant or obsolete language
- Enhance clarity through plain language
- Align with the new FAR framework
- Preserve essential governmentwide acquisition standards.

This project is referred to as the Revolutionary FAR Overhaul (RFO) initiative. This initiative will make the FAR more concise, understandable, and focused on core procurement requirements.

### 3. Summary of Changes

FAR Part 50, Extraordinary Contractual Actions and the Safety Act have been updated for clarity and practical use.

Statutory requirements and presidential directives retained in the RFO FAR part 50 model deviation include, but may not be limited to, the following:

- 50 U.S.C. § 1431 et seq, National Defense Contracts
- 6 U.S.C. § 441 et seq, Support Anti-Terrorism by Fostering Effective Technologies
