DETERMINATION AND FINDINGS
Department of Education, All Contracting Activities
Class Deviation for the Revolutionary FAR Overhaul

This approves a class deviation to all Federal Acquisition Regulation (FAR) and Department of Education Acquisition Regulation (EDAR) parts for purposes of implementing the Federal Acquisition Regulatory Council's (the Council's) model deviation text.

Findings

On April 15, 2025, the Executive Order (E.O.) 14275 on Restoring Common Sense to Federal Procurement was signed. Section 2 of the E.O. establishes the policy that the FAR "should only contain provisions required by statute or essential to sound procurement, and any FAR provisions that do not advance these objectives should be removed."

The FAR is being updated to:

- Remove language that is not required by statute
- Remove duplicative or outdated language
- Clarify or provide more plain language
- Revise language for the new FAR framework
- Retain language necessary for governmentwide acquisition standards

This project is referred to as the Revolutionary FAR Overhaul (RFO) initiative.

In explaining the Federal Acquisition System, the RFO FAR Part deviation text establishes bedrock principles. Most centrally, it sets a "mission first" message at the top of the guiding principles. The RFO model deviation also increases the emphasis on the best use of taxpayer dollars and calls out the value of time as another guiding principle. Additionally, it retains a focus on satisfying the customer, maximizing use of commercial products and services, promoting competition, and encouraging innovation.

The FAR Council Deviation guidance allows for agencies to deviate agency acquisition regulation supplements as it relates to the RFO.

Determination

In accordance with FAR 1.404 and EDAR 3401.404, I hereby issue a class deviation for the use of all RFO model deviation texts and corresponding EDAR deviations. The adoption date for each RFO part model deviation text will be the date of the corresponding Acquisition Alert. EDAR deviation texts may be issued in a separate Acquisition Alert. All Department of Education contracting activities must follow the RFO model deviation texts instead of the FAR Parts codified at 48 CFR. Should the language of the RFO FAR contradict any statutorily granted procurement authorities to the Department of Education including the Office of Federal Student Aid, the statutorily granted authorities prevail.

In the unlikely event that the Department wishes to vary from a RFO model deviation text, a separate deviation will be issued. This class deviation will remain in effect until incorporated into the FAR, EDAR or rescinded.
