SUBJECT: FAR Class Deviation for FAR Part 38 in Support of Executive Order
14275 on Restoring Common Sense to Federal Procurement

1. **PURPOSE:** This memorandum approves a class deviation to Federal Acquisition Regulation (FAR) Part 38 - "Federal Supply Schedule Contracting" for purposes of implementing the Federal Acquisition Regulatory Council's (the Council's) model deviation text to FAR Part 38 "Reserved". Notable changes include the relocation of all retained statutory and essential text, which supports sound procurement, to FAR Part 8. This change moves the ordering procedures from the FAR to the General Services Acquisition Manual (GSAM/R), representing a significant shift from the overly prescriptive framework of FAR subpart 8.4 to new guidelines in RFO subpart 8.4, which now directs agencies to follow GSA's procedures.
2. **BACKGROUND:** [Executive Order \(E.O.\) 14275 on Restoring Common Sense to Federal Procurement](#) signed April 15, 2025, mandates a comprehensive review and simplification of the Federal Acquisition Regulation (FAR).

The FAR is being updated to:

- Eliminate non-statutory language
- Remove redundant or obsolete language
- Enhance clarity through plain language
- Align with the new FAR framework
- Preserve essential governmentwide acquisition standards

This project is referred to as the Revolutionary FAR Overhaul (RFO) initiative. This initiative will make the FAR more concise, understandable, and focused on core procurement requirements.

3. **SUMMARY OF CHANGES:** FAR Part 38, Federal Supply Schedule Contracting, is removed in its entirety. Guidance and procedures for the Schedule program will be moved from FAR Part 38 and subpart 8.4 to GSAR Part 538.

4. INSTRUCTIONS:

- The NRC acquisition workforce must follow the RFO Part 38 model deviation text instead of FAR Part 38 as codified at 48 CFR Chapter 1. The Council's RFO Part 38 model deviation text is available at [Acquisition.gov/far-overhaul](https://www.acquisition.gov/far-overhaul) and is incorporated into this class deviation.
- Review templates and related standard operating procedures to align with this class deviation and remove unnecessary processes and steps.

5. APPLICABILITY: This class deviation applies to all NRC procurements.

6. AUTHORITY: This class deviation is issued under the authority of E.O. 14275, [OMB M- 25-26](#), and 48 CFR 1.4 and RFO FAR 1.304.

7. EFFECTIVE DATE: This class deviation is effective November 3, 2025, and remains in effect until rescinded or incorporated into the FAR.
