Class Deviation PBGC-2026-0040

MEMORANDUM FOR PBGC ACQUISITION WORKFORCE

Date: February 3, 2026
From: Damon Q. McClure, Senior Procurement Executive
Subject: FAR Class Deviation for FAR Part 53 in Support of Executive Order on Restoring Common Sense to Federal Procurement

1. Purpose: This class deviation is issued in accordance with FAR 1.304 and pursuant to the Office of Federal Procurement Policy memorandum entitled, “Deviation Guidance to Support the Overhaul of the Federal Acquisition Regulation,” to provide contracting officers with revised FAR Part 53 language and implement the FAR Council’s model deviation to FAR Part 53.

2. Background: On April 15, 2025, [Executive Order \(E.O.\) 14275 on Restoring Common Sense to Federal Procurement](#) was signed. Section 2 of the E.O. establishes the policy that the FAR “should only contain provisions required by statute or essential to sound procurement, and any FAR provisions that do not advance these objectives should be removed.”

The FAR is being updated to:

- Remove language that is not required by statute
- Remove duplicative or outdated language
- Clarify or provide more plain language
- Revise the language for the new FAR framework
- Retain language necessary for governmentwide acquisition standards.

This project is referred to as the Revolutionary FAR Overhaul (RFO) initiative.

3. Summary of Changes. FAR Part 53, Forms, has been streamlined and modernized. Most significantly, rather than maintaining a list of forms within the part text, it directs users to a centralized site (<https://acquisition.gov/FARforms>) as the authoritative repository for all acquisition related forms. As a result, this part no longer needs to be amended through the formal rulemaking process every time a form is updated, added, or removed. This drastically reduces the administrative burden on the FAR Council and increases the government's agility in managing its library of forms. The "Forms List" referenced in the new 53.101(b) now performs the prescriptive function previously handled throughout this entire subpart, shifting the FAR's role from a static, self-contained text to a dynamic system that points to live, authoritative resources.

Readers should reference the table at <https://acquisition.gov/FARforms> to review retained forms and their citations for prescribed use throughout the FAR.

The clause 52.253-1, Computer Generated Forms, is retained and updated. The update deletes a reference to the FAR prescriptions, in paragraph (a).

This part does not directly implement any statutory requirements.

4. Instructions:

- The PBGC acquisition workforce shall follow the RFO Part 53 model deviation text instead of FAR Part 53 as codified at 48 CFR Chapter 1. The Council's RFO Part 53 model deviation text is available at [Acquisition.gov/far-overhaul](https://www.acquisition.gov/far-overhaul) and is incorporated into this class deviation.
- When using any provisions or clauses that have been revised, utilize the RFO model deviation language at [RFO FAR Part 52](#).
- Contracting activities must review templates and related standard operating procedures to align with this class deviation and remove unnecessary processes and steps.
- Acquisition teams should review the FAR Companion for a number of best practices and guidance specific to this part.

5. Applicability: This deviation applies to all Pension Benefit Guaranty Corporation solicitations and new contracts.

6. Authority: This class deviation is issued under the authority of Executive Order (E.O.) 14275, [OMB M-25-26](#), 48 CFR Subpart 1.4, and FAR RFO 1.304.

7. Effective Date: This class deviation remains in effect until the changes described herein are incorporated in the FAR, superseded, or otherwise rescinded.

8. Point of Contact: Questions or comments on this class deviation may be sent to Jeff Gangi at gangi.jeffrey@pbgc.gov.
