### Class Deviation for Federal Acquisition Regulation Part 8 in Support of Executive Order on Restoring Common Sense to Federal Procurement (2025-019.1)

1. **Purpose:** To issue a class deviation to Federal Acquisition Regulation (FAR) Part 8 for purposes of implementing the FAR Council's model deviation text to FAR Part 8. This class deviation supersedes version 2025-019 dated September 3, 2025.
2. **Effective Date:** This class deviation is effective November 3, 2025 and remains in effect until rescinded or incorporated into the FAR.
3. **Expiration Date:** Expires when incorporated into the FAR or is otherwise rescinded.
4. **Background:** [Executive Order \(E.O.\) 14275 on Restoring Common Sense to Federal Procurement](#) signed April 15, 2025 mandates a comprehensive review and simplification of the Federal Acquisition Regulation.

The FAR is being updated to:

- Eliminate non-statutory language
- Remove redundant or obsolete language
- Enhance clarity through plain language
- Align with the new FAR framework
- Preserve essential governmentwide acquisition standards

This project is referred to as the Revolutionary FAR Overhaul (RFO) initiative. This initiative will make the FAR more concise, understandable, and focused on core procurement requirements.

5. **Summary of Changes.** FAR Part 8, Required Sources of Supplies and Services, is significantly updated. The model deviation language:
  - Enhances usability by restructuring and organizing the part in the logical flow of the acquisition lifecycle.
  - Simplifies mandatory source guidance.
  - Makes the use of "Required Use" contracts mandatory.
  - Retains focus on the importance of the AbilityOne Program.

This revolutionary change also moves the procedures for ordering under the Federal

Supply Schedule (FSS) from the FAR into the General Services Administration Acquisition Regulation (GSAR). The new language represents a significant shift from the overly prescriptive framework found in FAR subpart 8.4. FSS ordering procedures have been revised to create a streamlined structure that provides only the essential requirements needed to place orders and establish blanket purchase agreements (BPAs) against FSS contracts. This streamlined structure enhances the speed of acquisition, and empowers acquisition professionals to use innovative approaches to acquire products/services/solutions under the FSS program.

Statutory requirements retained in the RFO FAR part 8 model deviation include, but are not limited to, the following:

- 10 U.S.C. § 3905, Products of Federal Prison Industries
- 18 U.S.C. § 4124, Purchase of Prison-Made Products by Federal Departments
- 40 U.S.C. § 501, Services for Executive Agencies
- 41 U.S.C. § 152(3), Competitive Procedures
- 41 U.S.C. § 3302, Requirements for Purchase of Property and Services Pursuant to Multiple Award Contracts
- 41 U.S.C. §§ 8501 et seq, Committee for Purchase from People Who are Blind or Severely Disabled
- 44 U.S.C. §§ 501 et seq, Production and Procurement of Printing and Binding
- Pub. L. 108-136, Title XIV, Services Acquisition Reform Act of 2003
